On the Trail of John Wesley J. Keith Cheetham,2003 John Wesley 1703-91 founded the Methodist movement initially an offshoot of the Church of England which grew into a major church in its own right In doing so Wesley brought about the greatest religious revival of the 18th century The name Methodism derives from the methodical approach Wesley adopted from the Bible for developing personal devotion His decision to employ lay preachers and preach outdoor sermons on the Word of God to a mainly working class population angered the Church of England It led to a split and in 1795 after John Wesley's death the Methodist Church was established Wesley travelled over 250 000 miles across Britain mainly on horseback preaching over 40 000 sermons during his lifetime often facing fierce opposition and persecution He also spent two years in Georgia USA and was author and publisher of much religious material His work and preaching was known to every branch of society Today the Methodist

Church has spread to almost every country in the world with a membership of some 70 million In this account Keith Cheetham traces Wesley's life story and gives detailed information on important Methodist heritage sites and places visited by the great preacher and evangelist Over 170 places to visit in Britain and Georgia USA One general map 7 location maps of Wesley's London England Scotland Wales and Ireland and 1 of Georgia Line drawings plus cross references to maps throughout text On the Trail of John Wesley is a thorough guide to the life and places connected with a man whose work and religious achievements changed the religious face of Britain and established a worldwide Methodist Church *The Nine Maidens* Stuart McHardy, 2023-08-30 Whether as the mothers of the Norse God Heimdall Morgan and her sisters on Avalon the nine sisters at the heart of the founding myth of the Gikuyu of Kenya or witches battling with the Irish St Patrick stories of nine women often attending a goddess or linked to a heroic or divine male exist across much of our world Triggered by a local story still told in his native Dundee Stuart McHardy has traced what seems to be memories of groups of nine women most likely some kind of priestesses across much of Europe and as far as Siberia Korea India and Africa Whether as Pictish saints Muses Valkyries Druidesses or witches the tales of these groups of nine women transcend a vast range of cultural and linguistic boundaries The painting of nine women dancing round a priapic male in a Catalonian cave painting over fifteen thousand years old suggests these groups may well have been one of the oldest cultural institutions humanity has known
