Scott Nearing An Intellectual Biography:

Scott Nearing John A. Saltmarsh,1991 The Terrible Freedom John A. Saltmarsh,1989 The Good Life of Helen K. Nearing Margaret O. Killinger,2007 A lively biography of the famous homesteader and author Helen Knothe Nearing

Encyclopedia of the Gilded Age and Progressive Era John D. Buenker,Joseph Buenker,2021-04-14 Spanning the era from the end of Reconstruction 1877 to 1920 the entries of this reference were chosen with attention to the people events inventions political developments organizations and other forces that led to significant changes in the U S in that era

Seventeen initial stand alone essays describe as many themes *Stories of Home* Devika Chawla,Stacy Holman Jones,2015-09-17 *Stories of Home Place Identity Exile* offers a window into the distinct ways that home is theorized and conceptualized across disciplines The essays in this volume consider how people speak and story home in their everyday lives why home is central to our notion of who we are and how making home a unit of analysis in research makes a strong conceptual contribution to the field of communication This collection engages home from diverse contexts and disparate philosophical underpinnings at the same time the essays converse with each other by centering their foci on the relationship between home place identity and exile Home how we experience it and what it says about the selves we come to occupy is an exigent question of our contemporary moment *Stories of Home Place Identity Exile* delivers timely and critical perspectives on these important questions

The Making of a Radical Scott Nearing,2000-09-01 Scott Nearing lived one hundred years from 1883 to 1983 a life spanning most of the twentieth century In his early years Nearing made his name as a formidable opponent of child labor and military imperialism Having been fired from university jobs for his independence of mind Nearing became a freelance lecturer and writer traveling widely through Depression era and post war America to speak with eager audiences Five time Socialist candidate for president Eugene V Debs said Scott Nearing He is the greatest teacher in the United States Concluding that it would be better to be poor in the country than in New York City Scott and Helen Nearing moved north to Vermont in 1932 and commenced the experiment in self reliant living that would extend their fame far and wide They began to grow most of their own food and devised their famous scheme for allocating the day s hours one third for bread work livelihood one third for head work intellectual endeavors and one third for service to the world community Scott who d grown up partly on his grandfather s Pennsylvania farm taught Helen who was raised in suburbia groomed for a career as a classical violinist the practical skills they would need working with tools cultivating a garden and managing a woodlot and building stone and masonry walls For the rest of their lives the Nearings chronicled in detail their good life first in Vermont and ultimately on the coast of Maine in a group of wonderful books many of which are now being returned to print by Chelsea Green in cooperation with the Good Life Center an educational trust established at the Nearings Forest Farm in Harborside Maine to promote their ongoing legacy With a new foreword by activist historian Staughton Lynd *The Making of a Radical* is freshly republished Scott Nearing s own story told as only he could tell it The Radical Fund

John Fabian Witt, 2025-10-14 From Pulitzer Prize finalist John Fabian Witt comes the captivating secret history of an epic experiment to remake American democracy Before the dark money of the Koch Brothers before the billions of the Ford Foundation there was the Garland Fund In 1922 a young idealist named Charles Garland rejected a million dollar inheritance In a world of shocking wealth disparities shameless racism and political repression Garland opted instead to invest in a future where radical ideas like working class power free speech and equality might flourish Over the next two decades the Garland Fund would nurture a new generation of wildly ambitious progressive projects The men and women around the Fund were rich and poor white and Black They cooperated and bickered they formed rivalries fell in and out of love and made mistakes Yet shared beliefs linked them throughout They believed that American capitalism was broken They believed that American democracy if it had ever existed stole from those who had the least And they believed that American institutions needed to be radically remade for the modern age By the time they spent the last of the Fund's resources their outsider ideas had become mass movements battling to transform a nation A luminous testament to the power of visionary organizations and a meditation on the vexed role of money in American life The Radical Fund is a hopeful book for our anxious angry age an empowering road map for how people with heretical ideas can bring about audacious change

Encyclopedia of Politics Rodney P. Carlisle, 2005-03-17 With the Left and Right amusingly placed into left hand v 1 and right hand v 2 volumes respectively this encyclopedia contains articles on the people ideas events laws and issues associated with left and right politics in language that will be accessible to the high school and undergraduate student as well as the general reader Each entry includes cross references and a bibliography Among the topics for politics of the left are Susan B Anthony Jean Jacques Rousseau abolitionism desegregation ACLU the New Deal Solidarity and the Workingmen's Party Entries are included in each volume for 40 countries and regions giving the history and current affairs for politics in each Among the topics for the right are capitalism Darwinism censorship martial law and the Christian Coalition The contributors teach at universities worldwide some are independent scholars Carlisle is at Rutgers U Annotation 2004 Book News Inc Portland OR booknews.com

Christian Anarchist William Marling, 2022-02-15 A biography of a remarkable figure whose politics prefigured today's social justice ecology and gender equality movements Ammon Hennacy was arrested over thirty times for opposing US entry in World War 1 Later when he refused to pay taxes that support war he lost his wife and daughters and then his job For protesting the bombing of Hiroshima and Nagasaki he was hounded by the IRS and driven to migrant labor in the fields of the West He had a romance with Dorothy Day founder of the Catholic Worker who called him a prophet and a peasant He helped the homeless on the Bowery founded the Joe Hill House of Hospitality in Salt Lake City and protested the US development of nuclear missiles becoming in the process one of the most celebrated anarchists of the twentieth century To our era when so much protest happens on social media his actual sacrifices seem unworldly Ammon Hennacy was a forerunner of contemporary progressive thought and he remains a beacon for challenges that confront the world and

especially the US today In this exceptional biography William Marling tells the story of this fascinating figure who remains particularly important for the Catholic Left In addition to establishing Hennacy as an exemplar of vegetarianism ecology and pacifism Marling illuminates a broader history of political ideas now largely lost the late nineteenth century utopian movements the grassroots socialist movements before World War I and the antinuclear protests of the 1960s A nuanced study of when religion and anarchist theory overlap Christian Anarchist shows how Hennacy s life at the heart of radical libertarian and anarchist interventions in American politics not only galvanized the public then but offers us new insight for today *Hipbillies* Jared M. Phillips,2019-04-15 Counterculture flourished nationwide in the 1960s and 1970s and while the hippies of Haight Ashbury occupied the public eye a faction of back to the landers were quietly creating their own haven off the beaten path in the Arkansas Ozarks In *Hipbillies* Jared Phillips combines oral histories and archival resources to weave the story of the Ozarks and its population of country beatniks into the national narrative showing how the back to the landers engaged in deep revolution by sharing their ideas on rural development small farm economy and education with the locals and how they became a fascinating part of a traditional region s coming to terms with the modern world in the process

Significant Others Richard Handler,2004-06-15 Anthropology is by definition about others but in this volume the phrase refers not to members of observed cultures but to significant others spouses lovers and others with whom anthropologists have deep relationships that are both personal and professional The essays in this volume look at the roles of these spouses and partners of anthropologists over the late nineteenth and early twentieth centuries especially their work as they accompanied the anthropologists in the field Other relationships discussed include those between anthropologists and informants mentors and students cohorts and partners and parents and children The book closes with a look at gender roles in the field demonstrated by the marriage in the late nineteenth century of the male Anthropological Society of Washington to the Women s Anthropological Society of America Revealing relationships that were simultaneously deeply personal and professionally important these essays bring a new depth of insight to the history of anthropology as a social science and human endeavor **WCFL, Chicago's Voice of Labor, 1926-78** Nathan Godfried,1997 Chicago radio station WCFL was the first and longest surviving labor radio station in the nation beginning in 1926 as a listener supported station owned and operated by the Chicago Federation of Labor and lasting more than fifty years

Citizenship and Democratic Doubt Bob Pepperman Taylor,2025-04-29 Much of the world today views America as an imperialist nation bent on global military economic and cultural domination At home few share this negative view largely because of a widespread belief in the irreproachable purity of our goals Bob Pepperman Taylor however argues that our moral self righteousness may potentially imperil our democratic ideals and threaten democracy itself by plunging us into illiberalism Taylor looks closely at six key thinkers in the Progressive tradition whose work helps illuminate the essential flaws in our current thinking about democracy Their writings he contends offer insights that can reinforce and strengthen a vigorous democratic faith warn us of the

dangers inherent in various forms of democratic arrogance and counsel a kind of doubt or humility that would make us much better democratic citizens All six thinkers Herbert Croly Walter Lippmann John Dewey Jane Addams Carl Becker and Aldo Leopold were active in the first half of the twentieth century and grew out of and reflect the temper of American Progressivism which spawned the most creative optimistic and committed generation of democratic theorists and activists in American history Their writings in Taylor's view illuminate harmful beliefs that constrain and even delude the popular democratic imagination in America Taylor argues that Croly Lippmann and Dewey overestimate the normative value of science and underestimate the utopianism of their democratic visions On the other hand Addams Becker and Leopold resisted these scientific and utopian temptations By advocating a kind of humility they offered reform minded Americans a stronger understanding of what it meant to practice democratic citizenship however imperfectly Addams counsels us to walk humbly before God Becker embraces the Progressive faith in equality and justice but discards its dogma of certain progress and Leopold employs moral authority rather than his scientific training to defend our natural inheritance in what he recognizes is an ambiguous political debate These three Taylor argues by aiming less at the grand transformation of the human condition than at practical solutions show greater respect for democratic possibilities than did their more messianic counterparts They promote a much more modest understanding of the possibilities both for democracy and the role of science in informing democratic practice They also point to a clearer understanding of the virtues that citizens should cultivate if democracy is to prosper

Church and Estate Thomas F. Rzeznik, 2013-06-20 In Church and Estate Thomas Rzeznik examines the lives and religious commitments of the Philadelphia elite during the period of industrial prosperity that extended from the late nineteenth century through the 1920s The book demonstrates how their religious beliefs informed their actions and shaped their class identity while simultaneously revealing the ways in which financial influences shaped the character of American religious life In tracing those connections it shows how religion and wealth shared a fruitful yet ultimately tenuous relationship

At Home in Nature Rebecca Kneale Gould, 2005-10-24 Motivated variously by the desire to reject consumerism to live closer to the earth to embrace voluntary simplicity or to discover a more spiritual path homesteaders have made the radical decision to go back to the land rejecting modern culture and amenities to live self sufficiently and in harmony with nature Drawing from vivid firsthand accounts as well as from rich historical material this gracefully written study of homesteading in America from the late nineteenth century to the present examines the lives and beliefs of those who have ascribed to the homesteading philosophy placing their experiences within the broader context of the changing meanings of nature and religion in modern American culture Rebecca Kneale Gould investigates the lives of famous figures such as Henry David Thoreau John Burroughs Ralph Borsodi Wendell Berry and Helen and Scott Nearing and she presents penetrating interviews with many contemporary homesteaders She also considers homesteading as a form of dissent from consumer culture as a departure from traditional religious life and as a practice of environmental ethics

From Harvard to the Ranks of Labor Robert Bussel, 2010-11-01 During the first half of the twentieth century many young intellectuals and reformers sympathized with the aspirations of working people and supported the struggles of the labor movement Powers Hapgood 1899 1949 was one of the most colorful and recognizable symbols of this crucial historical relationship A Harvard graduate and the scion of a famous Progressive Era family Hapgood chose to devote his life to the working class His fascinating political career marked by a staunch commitment to workers rights and civil liberties also included important roles in the Socialist Party and the Congress of Industrial Organizations CIO Robert Bussel s book is the first full length biography of this prominent American Socialist labor organizer and social crusader Hapgood participated in some of the most stirring historical events of his time an epic coal miners strike in Western Pennsylvania an insurgent attempt to oust John L Lewis as president of the United Mine Workers of America the defense of Niccolo Sacco and Bartolomeo Vanzetti and the electrifying victories of sit down strikers in Akron Ohio and Flint Michigan In the latter stages of his career he took unpopular stands on issues of racial justice civil liberties and union democracy that foreshadowed the fault lines along which the post World War II labor movement would founder Recording and reflecting upon these experiences in journals he kept throughout his life Hapgood left behind an unusually rich chronicle of the American working class the labor movement and the practice of radical politics Hapgood s career illustrates important developments in the evolution of liberalism and radicalism the industrial union movement and the relationship between the middle and working classes in twentieth century America At a time when the American labor movement is attempting to recruit young people forge a rapprochement with liberals and reclaim its role as a voice for American workers the appearance of a Hapgood biography is timely The Witness ,1992 **American Empire** A. G. Hopkins, 2019-08-27 Compelling provocative and learned This book is a stunning and sophisticated reevaluation of the American empire Hopkins tells an old story in a truly new way American history will never be the same again Jeremi Suri author of The Impossible Presidency The Rise and Fall of America s Highest Office Office From a Gadfly to a Hornet Deron Boyles, Kenneth J. Potts, 2016-10-03 This book examines Hart s career as a teacher editor journalist lecturer and public philosopher It explores his commitment to academic freedom humanizing education and community organizing The book highlights Hart s advocacy for democratic growth in education and his success in challenging ideas and promoting open debate **Financial Missionaries to the World** Emily S. Rosenberg, 2004-01-02 The history of dollar diplomacy using US financial clout to influence the actions of foreign governments
