Scottish Trade 1500-1720: Print, Commerce, and Print Control in Early Modern Scotland

Jonathan Yeager

Scottish Trade 1500-1720 Print Commerce And Print Control In Early Modern Scotland:

The Scottish Book Trade, 1500-1720 Alastair J. Mann, 2000-12-12 This volume examines the Scottish book trade from c 1500 to c 1720 looking at booksellers bookbinders stationers and printers and their relationship to the forces of authority The scale of the Scottish book trade in this period was surprisingly large consisting of over 150 printers and over 400 booksellers but its rate of growth was not constant as it was buffeted by the winds of economic and political circumstances It is the public not private world of book dissemination that is examined Emphasis is placed more on supply than on demand It is shown that the unique qualities of the printed book with its blend of commerce and technology on the one hand and intellect and ideology on the other ensured that authority burghs church government crown and executive and law courts reacted with a complex response of liberty and prohibition So it was for all nations experiencing the arrival of printing but Scotland had its own particular range of dynamics a distinct Scottish tradition

Public Opinion in Early Modern Scotland,

c.1560-1707 Karin Bowie, 2020-12-17 Reveals the dynamics and rise in prominence of Scottish public opinion in a period of religious and constitutional tension

Print Culture and Peripheries in Early Modern Europe Benito Rial

Costas, 2012-11-09 This volume seeks to enhance our understanding of printing and the book trade in small and peripheral European cities in the 15th and 16th centuries through a number of specific case studies

A Companion to Catholicism and Recusancy in Britain and Ireland Robert E. Scully SJ, 2021-12-13 *A Companion to Catholicism and Recusancy in Britain and Ireland* is an edited collection of nineteen essays written by a range of experts and some newer scholars in the areas of early modern British and Irish history and religion In addition to English Catholicism developments in Ireland Scotland and Wales as well as ongoing connections and interactions with Continental Catholicism are well incorporated throughout the volume Many currents of the latest scholarship are addressed and advanced including religious minorities and exiles women and gender studies literary and material culture religious identity construction and within Catholic studies the role of laity as well as clergy and of female as well as male religious In all these essays significantly advance the movement of early modern British and Irish Catholicism from the historiographical margins to an evolving but ultimately more capacious and accurate historical mainstream

The Printed Book in Brittany, 1484-1600 Malcolm Walsby, 2011-06-09 Using archival as well as printed sources this book analyses the place of the printing press and of the printed book in late fifteenth and sixteenth century Brittany and casts new light on the development of printing in provincial France

A King Translated Astrid Stilma, 2016-03-23 King James is well known as the most prolific writer of all the Stuart monarchs publishing works on numerous topics and issues These works were widely read not only in Scotland and England but also on the Continent where they appeared in several translations In this book Dr Stilma looks both at the domestic and international context to James's writings using as a case study a set of Dutch translations which includes his religious meditations his epic poem *The Battle of Lepanto* his treatise on witchcraft *Daemonologie* and his manual on kingship *Basilikon Doron* The book provides an

examination of James's writings within their original Scottish context particularly their political implications and their role in his management of his religious and political reputation both at home and abroad The second half of each chapter is concerned with contemporary interpretations of these works by James's readers The Dutch translations are presented as a case study of an ultra-protestant and anti-Spanish reading from which James emerges as a potential leader of protestant Europe a reputation he initially courted then distanced himself from after his accession to the English throne in 1603 In so doing this book greatly adds to our appreciation of James as an author providing an exploration of his works as politically expedient statements which were sometimes ambiguous enough to allow diverging and occasionally unwelcome interpretations It is one of the few studies of James to offer a sustained critical reading of these texts together with an exploration of the national and international context in which they were published and read As such this book contributes to the understanding not only of James's works as political tools but also of the preoccupations of publishers and translators and the interpretative spaces in the works they were making available to an international audience

Religion and National Identity Alistair

Mutch, 2015-03-23 What is the enduring impact of Presbyterianism on what it means to be Scottish Presbyterianism has shaped Scotland and its impact on the world Behind its beliefs lie some distinctive practices of governance which endure even when belief fades These practices place a particular emphasis on the detailed recording of decisions and what we can term a systemic form of accountability This book examines the emergence and consolidation of such practices in the 18th century Church of Scotland Using extensive archival research and detailed local case studies it contrasts them to what is termed a personal form of accountability in England in the same period The wider impact of the systemic approach to governance and accountability especially in the United States of America is explored as is the enduring impact on Scottish identity This book offers a fresh perspective on the Presbyterian legacy in contemporary Scottish historiography at the same time as informing current debates on national identity Key Features A novel focus on religion as social practice as opposed to belief or organization A strong focus on Scotland but in the context of Britain Extensive archival work in the Church of Scotland records with an emphasis on form as well as content A different focus on the Church of Scotland in the eighteenth century Offers a detailed focus on local practice in the context of national debates

The Power of Knowledge Jeremy

Black, 2014-01-14 A thought-provoking analysis of how the acquisition and utilization of information has determined the course of history over the past five centuries and shaped the world as we know it today

The Apparelling of

Truth Kevin J. McGinley, Nicola Royan, 2010-01-08 Prepared to honour the work of R J Lyall this collection of essays offers new perspectives on the literature and culture of the reign of James VI from his accession as an infant to the throne of Scotland through the Union of the Crowns to his final years as king of Great Britain Its emphasis is on James's reign as a whole stressing the continuities in literary culture throughout the time of his rule rather than the more familiar narrative of disjunction caused by his accession to the English throne in the 1603 Union of Crowns In addition the collection extends its

focus beyond a concentration on the environment of James's court to situate the literature of his reign in terms of both regional and international contexts. The essays range widely in their approaches and cover topics as diverse as book history and printing, textual scholarship and editing, language, rhetoric and prosody, gender attitudes in James's reign, travel writing and colonial contexts, Latin literary culture and courtly culture and the politics of literary representation. Such variety is also evident in the languages discussed which include Scots, English, Latin and French in the generic range of the subject texts from epic poetry to travel writing and in the writers discussed from the very familiar such as John Knox and Robert Aytoun to the currently less well known such as William Lithgow and Thomas Hudson. All the contributors are respected scholars in the discipline including some of the most senior figures in the field. Taken as a whole, this collection is the most extensive and varied treatment of Scottish literary culture of this period to date and will be a key collection for all students and specialists in the field.

London's News Press and the Thirty Years War Jayne E. E. Boys, 2014. A topical subject offering interesting parallels between the news revolution in the age of James I and Charles I and our internet age. An important contribution to the history of print and books. London's News Press shows that seventeenth century England was very much part of a European wide news community. The book presents a new print history that looks across Europe and the interconnecting political and religious groups with international networks. It tells the story of the printers and publishers engaged in the earliest illicit publications, their sources and connections in Germany as well as the Netherlands and traces the way legitimacy was achieved. These were the earliest printed periodical news publications. Periodicity and its implications for trade and customers is explored as well as the roles of publishers and editors. The period saw a much bigger circulation of news than had ever been experienced before. The book also describes the lively nature of relationships that ensued between news networkers, editors, writers and readers along their interconnecting chains. The subject is topical. Our understanding of reading and communications is undergoing major changes with the rise and proliferation of social media. James I and Charles I faced new media and an unprecedented growth in informed public opinion fuelled by a flow of information that was essentially beyond the reach of government control. So there are parallels with the contemporary struggle to adapt and there is a corresponding growth in the publication of history books reflecting upon the origins of the public sphere and the development of public opinion. JAYNE E. E. BOYS is an independent scholar who lives in Suffolk and British Columbia.

Enlightened Evangelicalism Jonathan Yeager, 2011-03-01. John Erskine was the leading evangelical in the Church of Scotland in the latter half of the eighteenth century. Educated at Edinburgh University, he learned to appreciate the epistemology of John Locke and other empiricists alongside key Scottish Enlightenment figures. As a clergyman, he integrated the style and moral teachings of the Moderate Enlightenment into his discourses and posited new theories on traditional views of Calvinism in his theological treatises. While widely recognized as an able preacher and theologian, Erskine's primary contribution to evangelicalism was as a disseminator. He sent countless religious and philosophical works to correspondents.

like Jonathan Edwards so that he and others could learn about current ideas update their writings and provide an apologetic against perceived heretical authors Erskine also was crucial in the publishing of books and pamphlets by some of the best evangelical theologians in America and Britain Within his lifetime Erskine s main contribution was as a propagator of an enlightened form of evangelicalism While there is a great deal of scholarship on Jonathan Edwards and John Wesley Yeager argues that it is time to expand the scholarship of eighteenth century evangelicalism by turning to one of their lesser studied colleagues In this new biography of Erskine Jonathan Yeager lays out the life and thought of a hitherto under researched yet in his day widely respected preacher and gives Erskine the scholarly treatment that he so richly deserves *Psalms in the Early Modern World* Linda Phyllis Austern,Kari Boyd McBride,2016-04-15 *Psalms in the Early Modern World* is the first book to explore the use interpretation development translation and influence of the Psalms in the Atlantic world 1400 1800 In the age of Reformation when religious concerns drove political social cultural economic and scientific discourse the Bible was the supreme document and the Psalms were arguably its most important book The Psalms played a central role in arbitrating the salient debates of the day including but scarcely limited to the nature of power and the legitimacy of rule the proper role and purpose of nations the justification for holy war and the godliness of peace and the relationship of individual and community to God Contributors to the collection follow these debates around the Atlantic world to pre and post Hispanic translators in Latin America colonists in New England mystics in Spain the French court during the religious wars and both Protestants and Catholics in England *Psalms in the Early Modern World* showcases essays by scholars from literature history music and religious studies all of whom have expertise in the use and influence of Psalms in the early modern world The collection reaches beyond national and confessional boundaries and to look at the ways in which Psalms touched nearly every person living in early modern Europe and any place in the world that Europeans took their cultural practices **Charles Areskine's Library** Karen Baston,2016-04-26 In *Charles Areskine s Library* Karen Baston uses a detailed study of an eighteenth century Scottish advocate s private book collection to explore key themes in the Scottish Enlightenment including secularisation modernisation internationalisation and the development of legal literature in Scotland By exploring a surviving manuscript dated 1731 that lists a Scottish lawyer s library Karen Baston demonstrates that the books Charles Areskine owned used in practice and read for pleasure embedded him in the intellectual culture that expanded in early eighteenth century Scotland Areskine and his fellow advocates emerged as scholarly and sociable gentlemen who led their nation Lawyers were integral to and integrated with the Scottish society that allowed the Scottish Enlightenment to take root and flourish within Areskine s lifetime **The Press and the People** Adam Fox,2020 This groundbreaking study examines the production of ephemeral literature and the creation of a mass reading public in lowland Scotland between the sixteenth and eighteenth centuries *The Press and the People* transforms our understanding of popular culture in early modern Scotland and Britain more widely *Mediating Cultural Memory in Britain and Ireland* Leith Davis,2022-03-17 The first book to

analyze the interplay of cultural memory politics and the changing media ecology of early eighteenth century Britain

Scottish Philosophy in the Seventeenth Century Alexander Broadie, 2020 Scottish philosophy of the seventeenth century was an important part of a wider European philosophical discourse After situating such thought in its political and religious contexts the contributors to this volume investigate the writings of a variety of Scottish thinkers in the areas of logic metaphysics politics ethics law and religion Scotland in Revolution, 1685-1690 Alasdair Raffe, 2019-08-07 No detailed description available for Scotland in Revolution 1685 1690 **Women in Eighteenth-Century Scotland** Deborah Simonton, 2016-12-05 The eighteenth century looms large in the Scottish imagination It is a century that saw the doubling of the population rapid urbanisation industrial growth the political Union of 1707 the Jacobite Rebellions and the Enlightenment events that were intrinsic to the creation of the modern nation and to putting Scotland on the international map The impact of the era on modern Scotland can be seen in the numerous buildings named after the luminaries of the period Adam Smith David Hume William Robertson the endorsement of Robert Burns as the national poet hero the preservation of the Culloden battlefield as a tourist attraction and the physical geographies of its major towns Yet while it is a century that remains central to modern constructions of national identity it is a period associated with men Until recently the history of women in eighteenth century Scotland with perhaps the honourable exception of Flora McDonald remained unwritten Over the last decade however research on women and gender in Scotland has flourished and we have an increasingly full picture of women s lives at all social levels across the century As a result this is an appropriate moment to reflect on what we know about Scottish women during the eighteenth century to ask how their history affects the traditional narratives of the period and to reflect on the implications for a national history of Scotland and Scottish identity Divided into three sections covering women s intimate intellectual and public lives this interdisciplinary volume offers articles on women s work criminal activity clothing family education writing travel and more Applying tools from history art anthropology cultural studies and English literature it draws on a wide range of sources from the written to the visual to highlight the diversity of women s experiences and to challenge current male centric historiographies An Urban History of The Plague Karen Jillings, 2018-04-17 As a medical economic spiritual and demographic crisis plague affected practically every aspect of an early modern community whether on a local regional or national scale Its study therefore affords opportunities for the reassessment of many aspects of the pre modern world This book examines the incidence and effects of plague in an early modern Scottish community by analysing civic medical and social responses to epidemics in the north east port of Aberdeen focusing on the period 1500 1650 While Aberdeen s experience of plague was in many ways similar to that of other towns throughout Europe certain idiosyncrasies in the city make it a particularly interesting case study which challenges several assumptions about early modern mentalities The Life, Poems, and Letters of Peter Goldman (1587/8-1627) William Poole, 2024 Reconstructs the life of Peter Goldman and presents a full edition and translation of his surviving poems and letters The Dundonian physician Peter Goldman one of

an immigrant family of merchants was the first Scot to take a medical degree from Leiden he then undertook research in Oxford London and Paris before resettling in Dundee An important figure in contemporary Scottish literary culture he maintained a wide correspondence with significant intellectual figures and influenced two landmark Scottish publishing projects the *Delitiae poetarum Scotorum* 1637 and the Blaeu Atlas of Scotland 1654 However his major literary achievement was his Latin poetry which establishes him as a unique voice of his time His longest and most prominent work is an elegy on the deaths of four of his brothers strikingly narrated in the voice of their lamenting mother This book reconstructs and provides a study of Goldman s life career and writing It also offers a full edition and translation of his surviving poems and letters with accompanying commentary Appendices provide an edited list of his remarkable library and a transcript of his testament
