H. Crawford, 2017-12-22 Excerpt from Wild Flowers of Scotland It thus appears that in a land like this the pursuit of the rarer wild flowers need not be lacking in manliness If they do not run away it is because they are safe from all but the boldest who will blench at nothing in some giddy place which no blue hare could reach and where no mountain bird could perch Where wild animals thin out towards the tops of mountains until it may be only two are left wild plants climb on ahead scaling everything by the way so that one who would follow them must be at least as hardy as a ptarmigan shooter No scene so rude as to deter them or so lofty as to keep them back If they are not higher it is because there is no greater height to reach About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works The Forest
