Scottish Embroidery Medieval To Modern:

Scottish Embroidery Margaret H. Swain, 1986

Needlework of Mary Queen of Scots Margaret Swain, 2013-08-31

Although a large body of needlework has always been attributed to Mary Queen of Scots little attempt was made to authenticate these pieces or to explain how so energetic and impetuous a woman could have found pleasure in the meticulous craft of embroidery This is the first comprehensive study of the Queen as a needlewoman describing all the works associated with her For the first time every piece marked by her cipher or monogram is illustrated in full A biographical outline provides the framework for understanding her work by setting it in the context of her unsettled and stormy life It recounts the influence of her formative years in France and her absorption in needlework during the years of imprisonment Many of the embroideries can be seen in British country houses and in Scottish collections A significant work in the history of costume and textiles and sheds a new light on those little known aspects of Mary Queen of Scots life The first comprehensive study of the Queen of Scots as a needlewoman and how such an energetic and impetuous woman could have found pleasure in the meticulous craft of embroidery Illustrated in full with 12 colour 70 black white photographs and 20 illustrations Margaret Swain is an expert on the history of costume and textiles and was awarded an MBE for her work on embroidery and tapestries The Grove Encyclopedia of Medieval Art and Architecture Colum Hourihane, 2012 This volume offers

unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries it offers students researchers and the general public a reliable up to date and convenient resource covering this field of major importance in the development of Western history and international art and architecture **Women's Agency in**

Early Modern Britain and the American Colonies Rosemary O'Day, 2014-06-11 Women in early modern Britain and colonial America were not the weak husband and father dominated characters of popular myth Quite the reverse strong women were the norm They exercised considerable influence as important agents in the social economic religious and cultural life of their societies This book shows how women on both sides of the Atlantic while accepting a patriarchal system with all its advantages and disadvantages contrived to carve out for themselves meaningful lives Unusually it concentrates not only on the making and meaning of marriage but also upon the partnership between men and women It also looks at the varied roles cultural religious and educational that women played both inside and outside marriage during the key period 1500 1760 Women emerge as partners patrons matchmakers investors and network builders **Woman and the Feminine**

in Medieval and Early Modern Scottish Writing Evelyn S. Newlyn, 2004-04-29 This collection is the first critical and theoretical study of women as the subjects of writing and as writers in Medieval and Early Modern Scottish literature The essays draw on a diverse range of literary historical cultural and religious sources in Scots Gaelic and English to discover the complex ways in which Woman was represented and by which women represented themselves as creative subjects Woman

and the Feminine in Medieval and Early Modern Scottish Writing brings to light previously unknown writing by women in the early modern period and offers as well new interpretations of early Scottish texts from feminist and theoretical perspectives

Threads of Life Clare Hunter, 2019-10-15 This globe spanning history of sewing and embroidery culture and protest is an astonishing feat richly textured and moving The Sunday Times UK In 1970s Argentina mothers marched in headscarves embroidered with the names of their disappeared children In Tudor England when Mary Queen of Scots was under house arrest her needlework carried her messages to the outside world From the political propaganda of the Bayeux Tapestry World War I soldiers coping with PTSD and the maps sewn by schoolgirls in the New World to the AIDS quilt Hmong story clothes and pink pussyhats women and men have used the language of sewing to make their voices heard even in the most desperate of circumstances *Threads of Life* is a chronicle of identity memory power and politics told through the stories of needlework Clare Hunter master of the craft threads her own narrative as she takes us over centuries and across continents from medieval France to contemporary Mexico and the United States and from a POW camp in Singapore to a family attic in Scotland to celebrate the universal beauty and power of sewing

Embroidering Her Truth Clare Hunter, 2022-03-17 I felt that Mary was there pulling at my sleeve willing me to appreciate the artistry wanting me to understand the dazzle of the material world that shaped her At her execution Mary Queen of Scots wore red Widely known as the colour of strength and passion it was in fact worn by Mary as the Catholic symbol of martyrdom In sixteenth century Europe women's voices were suppressed and silenced Even for a queen like Mary her prime duty was to bear sons In an age when textiles expressed power Mary exploited them to emphasise her female agency From her lavishly embroidered gowns as the prospective wife of the French Dauphin to the fashion dolls she used to encourage a Marian style at the Scottish court and the subversive messages she embroidered in captivity for her supporters Mary used textiles to advance her political agenda affirm her royal lineage and tell her own story In this eloquent cultural biography Clare Hunter exquisitely blends history politics and memoir to tell the story of a queen in her own voice A charmed feat of imagination and learning HILARY MANTEL

Maids and Mistresses, Cousins and Queens Susan Frye, Karen Robertson, 1999-01-28 This collection of sixteen essays considers evidence for the varied forms of women's alliances in early modern England Women who were prohibited from direct participation in the institutional structures that shaped the lives of men constructed informal connections with other women for survival advancement and creativity The essays presented here consider a variety of communities formed among groups as diverse as serving women vagrants aristocrats and authors in order to consider the historical traces of women's connections

Modern Scotland Sebastiaan Verweij, 2016 This book explains the literary history of Scotland in the early modern period 1560-1625 by investigating what was the most important way of publishing such literature mostly poetry the manuscript It organises the majority of surviving manuscripts by three different types of place where they were written and read 1 the royal court 2 the city and 3 the country It has long been believed that the renaissance in Scotland was a disappointing affair but this book argues that in fact it has long been misunderstood the contents of little known manuscripts paint a picture of a much more interesting cultural history than was previously known **Scottish Art and Design** Wendy Kaplan, 1991

Tapestries and Textiles at the Palace of Holyroodhouse in the Royal Collection Margaret Swain, 1988 **Scottish Life and Society: Scotland's domestic life** Susan Storrier, 2000 Examines the variety in Scottish home life and considers what has shaped its society This book in fourteen volumes aims to examine the interlocking strands of history language and traditional culture within an international context and their contribution to the making of a national identity **Textile**

Treasures Naomi E. A. Tarrant, 2001 An illustrated introduction to the collections of decorative household textiles in the National Museums of Scotland highlighting in particular the diverse range of large richly decorated European and Scottish wall hangings The development of the collection is also discussed and individual pieces largely from the 17th and 18th centuries are described and placed in their historical context Women in Eighteenth-Century Scotland Deborah Simonton, 2016-12-05 The eighteenth century looms large in the Scottish imagination It is a century that saw the doubling of the population rapid urbanisation industrial growth the political Union of 1707 the Jacobite Rebellions and the Enlightenment events that were intrinsic to the creation of the modern nation and to putting Scotland on the international map The impact of the era on modern Scotland can be seen in the numerous buildings named after the luminaries of the period Adam Smith David Hume William Robertson the endorsement of Robert Burns as the national poet hero the preservation of the Culloden battlefield as a tourist attraction and the physical geographies of its major towns Yet while it is a century that remains central to modern constructions of national identity it is a period associated with men Until recently the history of women in eighteenth century Scotland with perhaps the honourable exception of Flora McDonald remained unwritten Over the last decade however research on women and gender in Scotland has flourished and we have an increasingly full picture of women's lives at all social levels across the century As a result this is an appropriate moment to reflect on what we know about Scottish women during the eighteenth century to ask how their history affects the traditional narratives of the period and to reflect on the implications for a national history of Scotland and Scottish identity Divided into three sections covering women's intimate intellectual and public lives this interdisciplinary volume offers articles on women's work criminal activity clothing family education writing travel and more Applying tools from history art anthropology cultural studies and English literature it draws on a wide range of sources from the written to the visual to highlight the diversity of women's experiences and to challenge current male centric historiographies
