Jackson, 2020-06-03 There has never been a more powerful time in our history for women to come forward and share their voice than now. Women are amazing powerful and divine gifts to our human existence. Dr Anita and the co authors of this book believe that women are so much more than our past, our stories, our pain, our credentials, our resources and the disguises we often wear to help us merely survive. We believe foremost that the essence of a woman living and operating from her feminine power and truth is a crucial element to humankind's spiritual healing and restoration, balance and harmony, wealth and abundance, growth and overall success. Despite the amazing contributions women have already made to society, we believe there is so much more for women to contribute and offer. Never before have women had more power and rights than they do now in shaping the future of our families, communities and world. Women have heard the message of empowerment and feminism for years, yet women today still struggle with fully allowing themselves to truly be seen, heard, valued and influential as we make an impact to all those around us. True empowerment, we believe, is a spiritual, mental, emotional, physical and social experience that activates power within a woman to truly be her divine authentic self. HER Global Voice shares the voices of up and coming feminine empowerment leaders who have decided to share MORE of their voice, their stories, their pain and the wisdom they have gained from finally speaking their truth unapologetically. Each coauthor will inspire and empower you to say YES to your own story while giving you all the permission you need to yell your story from the rooftop. Share your global voice, sister, we want to hear you.

Lady of Fortune Graham Masterton, 2013-02-25 They were shrewd and uncompromising. The Watsons and all the arrogance and acumen with which old Tom Watson had built up the family's banking business was there in his children and grandchildren. Their methods were as aggressive as their lifestyle was opulent and they could stab each other in the back or drive a competitor to ruin as calmly as a bank clerk counting out change. In time their empire was to encompass the great financial capitals of the world. As it grew so too did their power and influence. First published in 1984, Lady of Fortune is the story of the Watson family and of the remarkable woman at its head. Graham Masterton has created a pulsating saga of seven decades of ambition and ruthlessness of public feuding and private passions of a will to succeed so powerful that not even the ties of kinship could hope to contain it.
