LEAA United States. Law Enforcement Assistance Administration, *Issues of Law and Justice in Singapore* Daniel Koh, Kiem-Kiok Kwa, 2009 *A History of Human Rights Society in Singapore* Jiyoung Song, 2017-05-08 To celebrate Singapore's fiftieth anniversary for its independence from Malaysia in 2015 35 students, academics and activists came together to discuss and write about pioneering Singaporean human rights activists and their under-reported stories in Singapore. The city state is known for its remarkable economic success while having strict laws on individual freedom in the name of national security, public order and racial harmony. Singapore's tough stance on human rights however does not negate the long and persistent existence of a human rights society that is little known to the world until today. This volume composed of nine distinctive chapters records a history of human rights activists, their campaigns, main contentions with the government, survival strategies and other untold stories in Singapore's first 50 years of state building. **Annual Report** United States. Law Enforcement Assistance Administration, 1968 **Drugs Law and Legal Practice in Southeast Asia** Tim Lindsey, Pip Nicholson, 2016-07-28 *Drugs Law and Legal Practice in Southeast Asia* investigates criminal law and practice relevant to drugs regulation in three Southeast Asian jurisdictions: Indonesia, Singapore and Vietnam. These jurisdictions represent a spectrum of approaches to drug regulation in Southeast Asia, highlighting differences in practice between civil and common law countries and between liberal and authoritarian states. This book offers the first major English language empirical investigation and comparative analysis of regulation, jurisprudence, court procedure and practices relating to drugs law enforcement in these three states. **Do Exclusionary Rules Ensure a Fair Trial?** Sabine Gless, Thomas Richter, 2019-04-17 This open access publication discusses exclusionary rules in different criminal justice systems. It is based on the findings of a research project in comparative law with a focus on the question of whether or not a fair trial can be secured through evidence exclusion. Part I explains the legal framework in which exclusionary rules function in six legal systems: Germany, Switzerland, People's Republic of China, Taiwan, Singapore and the United States. Part II is dedicated to selected issues identified as crucial for the assessment of exclusionary rules. These chapters highlight the delicate balance of interests required in the exclusion of potentially relevant information from a criminal trial and discusses possible approaches to alleviate the legal hurdles involved. **Social Policy in Post-Industrial Singapore** Kwen Fee Lian, Chee-Kiong Tong, 2008-03-31 Notwithstanding the lean years that followed 1986 and 1997, sustained economic growth since the late 1970s has propelled Singapore into the post industrial age and reproduced the demographic and social structure of advanced western societies. The rapid shift to a knowledge intensive economy requiring highly skilled services has resulted in a two speed society consisting of a highly competitive but rewarding sector and a marginalized population that is increasingly at risk. Being avowedly anti-welfarist, the state for ideological reasons has resisted pressures to introduce a comprehensive welfare regime for its risk population, preferring to privilege its productive citizenry. Is Singapore a counter-factual to the

convergence thesis by preferring to put in place a social policy driven by the belief of its leaders that the more successful a society is the more it is able to care for those who fall behind

### **Regulating Judges**

Richard Devlin,Adam Dodek,2016-12-30 *Regulating Judges* presents a novel approach to judicial studies It goes beyond the traditional clash of judicial independence versus judicial accountability Drawing on regulatory theory Richard Devlin and Adam Dodek argue that judicial regulation is multi faceted and requires us to consider the complex interplay of values institutional norms procedures resources and outcomes Inspired by this conceptual framework the book invites scholars from 19 jurisdictions to describe and critique the regulatory regimes for a variety of countries from around the world

*Judiciary-led Reforms in Singapore* Waleed Haider Malik,2007-01-01 While each countrys judiciary is unique in its individual needs capabilities and contexts the lessons learned from Singapores success can help guide judicial reform initiatives regionally as well as globally No one would suggest that Singapores strategy is a magic formula that if followed can erase the inefficiencies of all judiciaries But it would be wise to examine the strategies used and lessons learned from Singapores experience as a potential guide towards successful and sustainable judicial reform
