Arrested Adulthood James E. Cote, 2000-07-01 An examination into the social influences that have prolonged youth in today's adults Why are today's adults more like adolescents in their dress and personal tastes than ever before Why do so many adults seem to drift and avoid responsibilities such as work and family As the traditional family breaks down and marriage and child rearing are delayed what makes a person an adult Many people in the industrial West are simply not growing up in the traditional sense Instead they pursue personal individual fulfillment and emerge from a vague and prolonged youth into a vague and insecure adulthood The transition to adulthood is becoming more hazardous and the destination is becoming more difficult to reach if it is reached at all Arrested Adulthood examines the variety of young people's responses to this new situation James E. C. t shows us adults who allow the profit driven industries of mass culture to provide the structure that is missing as their lives become more individualistic and atomized He also shows adults who resist anomie and build their world around their sense of personal connectedness to others Finally C. t provides a vision of a truly progressive society in which all members can develop their potentials apart from the influence of the market In so doing he gives us a clearer vision of what it means to be an adult and makes sense of the longest but least understood period of the life course

Marriage and Family in a Changing Society James M. Henslin, 1992

Numen, Old Men Joseph Gelfer, 2016-09-17. Since the early 1990s there have been various movements designed to encourage masculine spirituality. All these movements share a concern that spirituality has become too feminine and that men's experiences of the spiritual are being marginalized. The task of masculine spirituality is to promote authentic masculine characteristics within a spiritual context. *Numen Old Men* examines these characteristics to argue that masculine spirituality is thinly veiled patriarchy. The mythopoetic, evangelical, and Catholic men's movements are shown to promote a hetero-patriarchal spirituality by appealing to either combative and oppressive neo-Jungian archetypes or biblical models of man as the leader of the family. *Numen Old Men* examines spiritualities that aim to honour and transcend both the masculine and feminine and offers gay spirituality as an example of masculine spirituality that resists patriarchy.
