Venus in the Afternoon Tehila Lieberman, 2012 Winner of the Katherine Anne Porter Prize in Short Fiction 2012 The short stories in this rich debut collection embody in their complexity Alice Munro's description of the short story as a world seen in a quick glancing light In chiseled and elegant prose Lieberman conjures wildly disparate worlds A middle aged window washer mourning his wife and an estranged daughter begins to grow attached to a young woman he sees through the glass a writer against his better judgment pursues a new relationship with a femme fatale who years ago broke his heart and the daughter of a Holocaust survivor struggles with the delicate decision of whether to finally ask her aging mother how it was that she survived It is all here the exigencies of love of lust the raw unlit terrain of grief Whether plumbing the darker depths or casting a humorous eye on a doomed relationship these stories never force a choice between tragedy and redemption but rather invite us into the private moments and crucibles of lives as hungry and flawed as our own **Mythic Imagination**

Telling stories that sounds innocuous enough But for the first chronicle in the Japanese vernacular A Tale of Flowering Fortunes Eiga monogatari there was more to worry about than a good yarn The health of the community was at stake Flowering Tales is the first extensive literary study of this historical tale which covers about 150 years of births deaths and happenings in late Heian society a

golden age of court literature in women's hands Takeshi Watanabe contends that the blossoming of tales marked by *The Tale of Genji* inspired Eiga's new affective history an exorcism of embittered spirits whose stories needed to be retold to ensure peace Tracing the narrative arcs of politically marginalized figures Watanabe shows how Eiga's female authors adapted the discourse and strategies of *The Tale of Genji* to rechannel wayward ghosts into the community through genealogies that relied not on blood but on literary resonances These reverberations highlighted through comparisons to contemporaneous accounts in courtiers' journals echo through shared details of funerary practices political life and characterization *Flowering Tales* reanimates these eleventh century voices to trouble conceptions of history how it ought to be recounted who got to record it and why remembering mattered Wilson's Historical, Traditionary, and Imaginative Tales of the Borders, and of Scotland; with an Illustrative Glossary of the Scottish Dialect. [With Plates.] John Mackay Wilson, 1880 **Imaginative Tales**, 1957 *The Speaker*, 1895 *Reasoning beyond Reason* Jeff Sellars, 2011-01-01 There is a seeming dichotomy in C S Lewis's writing On the one hand we see the writer of argumentative works and on the other hand we have the imaginative poet Lewis also found this dichotomy within himself When he was a rationalist and atheist he found that these two sides of him were pulling in different directions he believed that his rationalist side could not be reconciled with his imaginative side Once he became a Christian he eventually found a means of marrying the two principally through story and myth Within C S Lewis studies there is also a common conception of Lewis as a modern rationalist philosopher i e a rationalist who thinks arguments and his arguments in particular are the last answer on the questions he undertakes *Reasoning beyond Reason* attempts to take this view to task by placing Lewis back into his pre modern context and showing that his sources and influences are classical ones In this process Lewis is viewed through the idea that imagination and reason are connected in an intimate way they are different expressions of a single divine source of truth and there is an imagination already present upon which reason works Lewis's transpositional view of imagination implicitly pushes towards a somewhat radical position the imagination is to be seen as theological in its reliance upon something more than the merely material it necessarily relies on a transcendent funding for its use and meaning In other words the imagination is a well source for what we might normally label rational Before They Were Titans Elizabeth Cheresch Allen, 2019-08-28 Dostoevsky and Tolstoy are the titans of Russian literature As mature artists they led very different lives and wrote vastly different works but their early lives and writings display provocative kinships while also indicating the divergent paths the two authors would take en route to literary greatness The ten new critical essays here written by leading specialists in nineteenth century Russian literature give fresh sophisticated readings to works from the first decade of the literary life of each Russian author for Dostoevsky the 1840s for Tolstoy the 1850s Collectively these essays yield composite portraits of these two artists as young men finding their literary way At the same time they show how the early works merit appreciation for themselves before their authors were Titans Outlook and Independent, 1905 **The Outlook** Lyman Abbott, Hamilton Wright Mabie, Ernest Hamlin
