Footsteps Richard Holmes,1996-04-30 Richard Holmes knew he had become a true biographer the day his bank bounced a check that he had inadvertently dated 1772 Because for the acclaimed chronicler of Shelley and Coleridge biography is a physical pursuit an ardent and arduous retracing of footsteps that may have vanished centuries before In this gripping book Holmes takes us from France s Massif Central where he followed the route taken by Robert Louis Stevenson and a sweet natured donkey to Mary Wollstonecraft s Revolutionary Paris to the Italian villages where Percy Shelley tried to cast off the strictures of English morality and marriage Footsteps is a wonderful exploration of the ties between biographers and their subjects filled with passion and revelations Deeply impressive Footsteps is a singular event in the modern history of biography and in itself a delightful reading experience Alfred Kazin This exhilarating book part biography part autobiography shows the biographer as sleuth and huntsman tracking his subjects through space and time The Observer A modern masterpiece Holmes is the most romantic of contemporary biographers and probably the most revolutionary in spirit and form Michael Holroyd author of Bernard Shaw

Metabiography Caitríona Ní Dhúill,2020-03-09 This book explores the contradictions of biography It charts shifting approaches to the writing and reading of biographies from post hagiographical attitudes of the Enlightenment heroic biographies of Romanticism and irreverent modernist portraits through to contemporary experiments in politically committed and hybrid forms of life writing The book shows how biographical texts in fact destabilise the models of historical visibility cultural prominence and narrative coherence that the genre itself seems to uphold Addressing the fraught relationships between genre and gender private and public image and text life and narrative that play out in the modern biographical tradition Metabiography suggests new possibilities for reading writing and thinking about this enduringly popular genre

Staging Memory and Materiality in Eighteenth-Century Theatrical Biography Amanda Weldy Boyd, 2017-12-15

Staging Memory and Materiality in Eighteenth Century Theatrical Biography examines theatrical biography as a nascent genre in eighteenth century England This study specifically focuses on Thomas Davies 1780 memoir of David Garrick as the first moment of mastery in the genre s history the three way war for the right to tell Charles Macklin s story at the turn of the century and James Boaden s theatrical biography spree in the 1820s and 1830s including the lives of John Philip Kemble Sarah Siddons Dorothy Jordan and Elizabeth Inchbald This project investigates the extent to which biographers envisioned themselves as artists inheriting the anxiety of impermanence and correlating fear of competition that plagued their thespian subjects It traces a suggestive but not determinative outline of generic development noting the shifting generic features that emerge in context of a given work s predecessors Drawing heavily on primary sources then contemporary reviews and archival material in the form of extra illustrated or scrapbooked editions of the biographies this text is invested in the ways that the increasing emphasis on materiality was designed to consolidate but often challenged the biographer s authority This turn to materiality also authorized readerly participation allowing readers to co author biographies through the use of material insertions asserting their own presence in the texts about beloved thespians
