David K. Fly, 2017-05-23 In his book *My Life Under the Big Top* the Rev David Fly shares his life's journey as a standup comedian a professional television clown and an Episcopal priest The three roles became increasingly intertwined throughout his life The big top of the circus came to represent for him the church with its sense of wonder and mystery a world from which no one is excluded The role of the clown and the Christian is to play Stan Laurel to the world's Oliver Hardy exposing the folly of pretense and the vanity of pride The book is both a memoir and a theological reflection *The Strip* Stefan Al, 2017-03-03 The transformations of the Strip from the fake Wild West to neon signs twenty stories high to starchitecture and how they mirror America itself The Las Vegas Strip has impersonated the Wild West with saloon doors and wagon wheels it has decked itself out in midcentury modern sleekness It has illuminated itself with twenty story high neon signs then junked them After that came Disney like theme parks featuring castles and pirates followed by replicas of Venetian canals New York skyscrapers and the Eiffel Tower It might be noted that forty two million people visited Las Vegas in 2015 ten million more than visited the real Paris More recently the Strip decided to get classy with casinos designed by famous architects and zillion dollar collections of art Las Vegas became the implosion capital of the world as developers driven by competition got rid of the old to make way for the new offering a non metaphorical definition of creative destruction In *The Strip* Stefan Al examines the many transformations of the Las Vegas Strip arguing that they mirror transformations in America itself The Strip is not as popularly supposed a display of architectural freaks but representative of architectural trends and a record of social cultural and economic change Al tells two parallel stories He describes the feverish competition of Las Vegas developers to build the snazziest most tourist grabbing casinos and resorts with a cast of characters including the mobster Bugsy Siegel the eccentric billionaire Howard Hughes and the would be political kingmaker Sheldon Adelson And he views the Strip in a larger social context showing that it has not only reflected trends but also magnified them and sometimes even initiated them Generously illustrated with stunning color images

throughout The Strip traces the many metamorphoses of a city that offers a vivid projection of the American dream
