The author carries out an analysis of the causes of the conquest of India by the Muslims. The author analyses detailed battleplans of major battles which affected India's history like Panipat, Plassey and many others and discusses the weaponry and tactics used in these wars.

Anthropology of Eastern Religions: Ideas, Organizations and Constituencies is a comparative survey of the world's major religious traditions as professional enterprises and often as social movements. Documenting the principle ideas behind eastern religious traditions from an anthropological perspective, Murray J. Leaf demonstrates how these ideas have been used in building internal organizations that mobilize or fail to mobilize external support.
