Los Sentimientos De La Region:

Los sentimientos de la región Carlos R. Martínez Assad, 2001 **La región sospechosa. La dialéctica hispanocatalana entre 1875 y 1939** Navarra Ordoño, Andreu, 2013 Andreu Navarra nos recorre con precisión las confrontaciones dialécticas entre centro y periferia a través de las polémicas de los intelectuales de uno y otro lado del Ebro. La bipolaridad de las dos Españas, la centralista y la periférica, se nos refleja en las confrontaciones dialécticas entre Cervera y Pi y Suñer y Margall, Castelar y Balaguer, Núñez de Arce y Almirall, Ortega y Maragall, Castro y Bosch Gimpera, Azar y Companys. Visiones dispares de la significación en los conceptos de España y Cataluña. Las fracturas en la intelectualidad se van agravando inquietantemente a lo largo del tiempo desde el punto de partida del recorrido intelectual que empieza con la simbólica llegada de los restos de Antoni de Capmany desde Cádiz a Barcelona el 15 de julio de 1857. Ricardo García Crecel.

Mexico: the Genesis of Its Political Decomposition Mario Raúl Mijares Sánchez, 2013-03-22 At the beginning of the 21st century only a few can deny that the Mexican State is in full decline as there exist axioms of political theory that show it and economic indicators that confirm it. In addition, recent sociological studies agree in explaining the substantial loss of values in the present generation. The breakdown of the presidential institution, which still serves as the supreme organ because of its constitutional powers, is evident. Mexico: The Genesis of its Political Decomposition. Miguel Alemán Valdés 1936 to 1952 was written with theoretical rigor and at the same time directed and supported by the renowned Dr. Luis Javier Garrido. In this text, the reader will find the origin of political decomposition in Mexico and the various causes which have led to its structural degeneration. In content, you will comprehend the two most important political cycles in the life of this nation: the first governed by the post-revolutionary military presidents and the second, the one which started with Miguel Alemán Valdés, considered as the civilian governments.

Región y nación Armando Cartes Montory, 2022-06-15 El presente texto ofrece un marco conceptual e histórico desagregado por regiones de la conformación de Chile, consolidado de esta forma una perspectiva que se ha venido trabajando en los años recientes por importantes historiadores nacionales. Constituye una aproximación complementaria pero imprescindible a la evolución republicana que enriquece su comprensión. En la actual coyuntura histórica, una mirada más equilibrada territorialmente y que incorpore los desarrollos regionales, puede aportar importantes claves que iluminen los debates del presente. El libro se concentra en el siglo XIX chileno, época de grandes transformaciones en que se sentaron las bases del Chile actual. No era así en tiempos coloniales. La configuración tradicional del país que reconocía la existencia de tres grandes provincias sobrevivió al advenimiento de la Independencia y la configuración de un Estado nación soberano. Desde sus asambleas promoviendo gobiernos colegiados y congresos representativos, las provincias instaron por un país multipolar y por espacios de autonomía regional. Lógica que se ve impulsada desde la vertiente ideológica por el auge del liberalismo federalista que fracasa en Chile, pero que se impone en muchos países de América. La instauración del Estado en forma con la Constitución de 1833 cierra un ciclo inicial de tensiones regionales en la conformación

nacional Se inicia la consolidación burocrática del aparato público en diversos planos Entre tensiones y alianzas del centro y las elites interprovinciales se va conformando el Estado nacional chileno **La región de lo espiritual** Vargas Guillén, Germán, Carreño, Silva, Wilmer, Hernando, 2013-12-12 Esta obra expresa el interés contemporáneo de la filosofía en torno al mundo de la vida y a la constitución de la subjetividad o región de lo espiritual al conmemorar los cien años de la publicación de Ideas I de E Husserl Su contenido consta de dos partes En la primera la profesora Rosemary Rizo Patrón hace un estudio introductorio comprensivo y temático en el que caracteriza los principales problemas que aborda Husserl en Ideas I En la segunda se presenta un amplio debate en torno a asuntos propios de la fenomenología que se desprenden de la obra citada de Husserl a partir de la noción ontológica región de lo espiritual o región de las regiones como centro de análisis compartido especialmente en el estudio de la subjetividad y del mundo **Juan de la Cruz Varela. Sociedad y política en la región de Sumapaz (1902-1984)** Rocío Londoño Botero, 2011-01-01 Este trabajo describe y analiza en detalle la compleja transformación social cultural y política de la región de Sumapaz a lo largo del siglo XX con énfasis en el campesinado como el agente fundamental de este proceso Uno de los hilos conductores es el desenvolvimiento del movimiento agrario de Sumapaz y sus cambios organizativos sociales y políticos A diferencia de otros estudios sobre el movimiento agrario de esta región aquí se analizan no solo las luchas agrarias sino también la vida diaria de los campesinos su educación su cultura su religiosidad y sus lealtades políticas El segundo hilo conductor de esta historia es la biografía de Juan de la Cruz Varela 1902-1984 uno de los líderes sociales más destacados de Colombia en el siglo XX Una pieza fundamental en la reconstrucción de esta historia es el relato autobiográfico de Varela que nace de una serie de entrevistas que la autora sostuvo con él pocos meses antes de su muerte También se examinan la trayectoria política y el liderazgo de Erasmo Valencia en el movimiento campesino Igualmente se pone de relieve la formación de una nueva generación de dirigentes y activistas campesinos en la resistencia armada contra la violencia bipartidista de los años cincuenta y sesenta del siglo pasado **Estado, identidades territoriales y autonomías en la región amazónica de Bolivia** Wilder Molina Argandoña, Cynthia Vargas Melgar, Pablo Soruco Claure, 2008 **La región más transparente (Edición conmemorativa de la RAE y la ASALE)** Carlos Fuentes, 2018-12-03 Edición definitiva revisada por su autor de la gran novela urbana de la literatura mexicana Preparada por la Real Academia Española y la Asociación de Academias de la Lengua Española Considerada la fundadora del boom latinoamericano La región más transparente se convirtió desde su aparición en una obra muy rompedora Por el empleo de diversas técnicas literarias y novedades tipográficas transgredió a las tradiciones narrativas y abrió nuevos caminos para la creación literaria Se la considera el punto de partida de una nueva forma de narrar dentro de la historia de la literatura mexicana Esta edición incluye los imprescindibles estudios complementarios sobre el autor y la obra de académicos y críticos fundamentales como Gonzalo Celorio Jos Emilio Pacheco Vicente Quirarte Carmen Iglesias Sergio Ramírez Nilda Piñón y Juan Luis Cebrián La crítica ha dicho sobre la colección de ediciones conmemorativas Un club la colección de ediciones

conmemorativas que ya cuenta con invitados más que ilustres. El País Sean bienvenidas por muchos motivos estas ediciones conmemorativas auspiciadas por instituciones académicas del mayor rango. Unas ediciones que por sus precios populares y ahora que los buenos libros han pasado a ser un objeto de lujo facilitan al gran público el acceso a unos autores que paradójicamente no por ser clásicos de la literatura en lengua castellana antiguos o modernos dejan de ser para algunos aún hoy unos grandes desconocidos. *El Imparcial* La Defensa de la Sociedad, 1878 *Antropología de la región de Murcia* L. Álvarez Munarriz, 2005 **Violencia y estrategias colectivas en la región andina** Éric Lair, Gonzalo Sánchez G., 2004. El rea andina parece hundida en la incertidumbre ni gobiernos democráticos ni ensayos populistas y mucho menos proyectos autoritarios han logrado darle una perspectiva de estabilidad económica institucional y política a la región. Muy por el contrario afloran en ella persistentes formas de exclusión exacerbadas por un proceso de globalización a ultranza e inevitables expresiones de inconformidad y de violencia de las cuales Colombia es sólo el caso extremo en cuyo espejo se miran los demás. El propósito de este libro no es otro que el de proveer a partir de distintos enfoques interdisciplinarios y de autores con reconocida trayectoria en sus respectivos campos y países nuevos elementos empíricos nuevos enfoques analíticos y nuevas categorías que nos permitan repensar algunos de los puntos nodales de la violencia colectiva en la zona andina. Para ello el libro está organizado en torno a cinco ejes temáticos que se relacionan entre sí dinámicas y representaciones del conflicto armado drogas grupos armados y privatización de la violencia formas de acción colectiva en las comunidades indígenas la relación justicia violencia y la acción colectiva y finalmente los roles adquiridos por las mujeres en los diferentes entornos sociopolíticos **La Región de Lúsfaren y el territorio del bosque** Óscar Arroyo Borda, 2025-02-11. Las odiseas de los Dimensionales continúan. Nuevos misterios seres y lugares inimaginables quedan por descubrir. En esta aventura contamos con Dreg y Railick dos hermanos que partirán en busca de respuestas por todo el Territorio del Bosque. Las encontrarán Acompañados en su primer viaje lejos de la protección de su hogar **Migración, urbanización y medio ambiente en la región paso del norte** Gustavo Córdova Bojórquez, María de Lourdes Romo Aguilar, Rodolfo Salas, 2021-11-16. En este libro se aborda la práctica de las organizaciones dedicadas al tráfico de migrantes se analiza el papel que desempeñan los menores de edad en la migración el comportamiento de poblaciones particulares de migrantes y se revisa el activismo social de los inmigrantes mexicanos que viven en el lado estadounidense de la frontera. Partiendo de la carencia actual de estrategias de planificación ambiental en la región se plantea la puesta en marcha del programa de ordenamiento ecológico del territorio con el objeto de interceder en la conservación de los recursos bióticos y abióticos y aprovecharlos de manera sustentable El acceso a la educación de las mujeres en la región de Murcia Lola Frutos Balibrea, 1997. El presente libro pretende analizar el fenómeno del acceso a la educación de las mujeres en la región de Murcia desde una doble perspectiva. La reflexión teórica y la aproximación empírica. El primer capítulo constituye una introducción a las categorías de análisis utilizadas por los estudios de mujeres para analizar el proceso de incorporación de las mujeres a la educación. El segundo capítulo incide en los

procesos de socialización primaria y secundaria a través de los cuales los hombres y mujeres interiorizan los roles de género que tradicionalmente han sido muy contrastados. El tercer capítulo hace referencia a la socialización por género del sistema educativo a través de la cultura escolar. En el cuarto se analiza a partir de la observación estadística los cambios producidos en el acceso a la educación de la población femenina tanto en la región de Murcia como en el contexto nacional. Por último se lleva a cabo una reflexión sobre las mujeres y la educación en el quinto apartado de este libro.

Desarrollo sociolingüístico del voseo en la región andina de Colombia (1555-1976) Ana María Díaz Collazos, 2015-04-24 Sobre la historia del voseo o el uso informal del pronombre vos y su morfología se han hecho estudios con datos restringidos a cortos períodos de tiempo lo que imposibilita el conocimiento global de su desarrollo lingüístico. Este libro ofrece una exposición completa de la evolución histórica del voseo en la región andina de Colombia desde el siglo XVI hasta el XX en contraste con el mundo hispano. Vos evoluciona a partir de un pronombre latino plural hacia uno singular de respeto que se populariza como tratamiento familiar en el siglo XVI y se estigmatiza. Desaparece de la escritura desde mediados del siglo XVII hasta principios del siglo XIX período latente. Este libro documenta el voseo en el período latente realiza un análisis cuantitativo de los contextos lingüísticos y sociales de voseo en obras literarias y cartas privadas y delinea la evolución morfológica. De esta manera no solo ofrece datos novedosos para los investigadores interesados en las formas de tratamiento en español y sus orígenes sino que hace un planteamiento metodológico de utilidad para sociolingüistas, filólogos y analistas del discurso.

D'Ors y Ortega frente a frente Martínez Carrasco, Alejandro, 2014-08-13 Eugenio d'Ors 1881-1954 y Jos Ortega y Gasset 1883-1955 son sin duda dos de las más destacadas personalidades de la generación que alcanzó la madurez intelectual a lo largo de las primeras décadas del siglo XX. Protagonista de la llamada Edad de Plata y una de las generaciones más brillantes y decisivas de la cultura española. De enorme protagonismo y relevancia pública ambos

pensadores fueron además los principales configuradores e inspiradores de buena parte de las ideas compartidas por esa generación Coetáneos y con intereses compartidos las vidas de d Ors y de Ortega se entrecruzaron a menudo en empresas comunes polémicas y encuentros y desencuentros una relación más intensa y viva de lo que a menudo se afirma También sus respectivos planteamientos filosóficos están marcados por una gran cercanía mutua muchos son los problemas y motivaciones compartidos por los dos aunque también importantes sus diferencias Este libro aborda las relaciones entre estos dos filósofos desde dos perspectivas complementarias en primer lugar desde la perspectiva biográfica mostrando el gran paralelismo de ambas trayectorias vitales y sus significativas relaciones directas y en segundo lugar desde la perspectiva estrictamente filosófica dibujando sintéticamente una fuerte unidad de fondo entre sus respectivos sistemas filosóficos y a la vez dando razón de sus diferencias Este estudio novedoso en la bibliografía existente permite además de una mayor comprensión de cada uno de estos dos pensadores desde un ángulo poco habitual en estudios interpretativos un acercamiento iluminador al panorama de la cultura española y al contexto filosófico europeo de la primera mitad del siglo XX Alejandro Martínez Carrasco es actualmente profesor del Departamento de Filosofía de la Universidad de Navarra Doctorado en el año 2009 con una tesis sobre Eugenio d Ors y Ortega y Gasset su investigación se centra en la filosofía del siglo XX especialmente en el ámbito español en la primera mitad de siglo Autor de diversos artículos sobre este tema ha publicado las monografías Espiritualidad e inteligencia y forma El pensamiento filosófico de Eugenio d Ors y Nufragos hacia sí mismos La filosofía de Ortega y Gasset
