Elizabeth Gould, Paul Fitzgerald

Los Taliban:

The Taliban and the Crisis of Afghanistan Robert D. Crews, Amin Tarzi, 2009-05-15 Grounding their analysis in a deep understanding of the country's past leading scholars of Afghan history politics society and culture show how the Taliban was less an attempt to revive a medieval theocracy than a dynamic complex and adaptive force rooted in the history of Afghanistan and shaped by modern international politics

Merchant of Death Douglas Farah, Stephen Braun, 2010-12-14 Praise for Merchant of Death A riveting investigation of the world's most notorious arms dealer a page turner that digs deep into the amazing murky story of Viktor Bout Farah and Braun have exposed the inner workings of one of the world's most secretive businesses the international arms trade Peter L Bergen author of The Osama bin Laden I Know Viktor Bout is like Osama bin Laden a major target of U.S. intelligence officials who time and again gets away Farah and Braun have skillfully documented how this notorious arms dealer has stoked violence around the world and thwarted international sanctions Even more appalling they show how Bout ended up getting millions of dollars in U.S. government money to assist the war in Iraq A truly impressive piece of investigative reporting Michael Isikoff coauthor of Hubris The Inside Story of Spin Scandal and the Selling of the Iraq War Douglas Farah and Stephen Braun are two of the toughest investigative reporters in the country This is an important book about a hidden world of gunrunning and profiteering in some of the world's poorest countries Steve Coll author of Ghost Wars The Secret History of the CIA Afghanistan and bin Laden from the Soviet Invasion to September 10 2001 In Merchant of Death two of America's finest reporters have performed a major public service turning over the right rocks that reveal the brutal international arms business at the dawn of the twenty first century In Viktor Bout they have given us a new Lord of War a man who knows no side but his own and who has a knack for turning up in every war zone just in time to turn a profit As Farah and Braun uncover and document his troubling role in the Bush Administration's Global War on Terror his ties to Washington almost seem inevitable James Risen author of State of War The Secret History of the CIA and the Bush Administration An extraordinary and timely piece of investigative reporting Merchant of Death is also a vividly compelling read The true story of Viktor Bout a sociopathic Russian gunrunner who has supplied weapons for use in some of the most gruesome conflicts of modern times and who can count amongst his clients both the former Taliban regime in Afghanistan and the U.S. military in Iraq is a stomach churning indictment of the policy failures and moral contradictions of the world's most powerful governments including that of the United States Jon Lee Anderson author of The Fall of Baghdad Two respected journalists tell the incredible story of Viktor Bout the Russian weapons supplier whose global network has changed the way modern warfare is fought Bout's vast enterprise of guns planes and money has fueled internecine slaughter in Africa and aided both

militant Islamic fanatics in Afghanistan and the American military in Iraq This book combines spy thrills with crucial insights on the shortcomings of a U S foreign policy that fails to confront the lucrative and lethal arms trade that erodes global security

La imagen de los inmigrantes en la ficción televisiva de prime time MARCOS RAMOS, María,2014-12-01 Esta tesis analiza la imagen de la inmigración en la ficción televisiva de prime time analizando para ello casi 3 000 personajes de ficción siendo la mayor muestra hasta la fecha que se ha empleado en España para un estudio sobre inmigración Se pretende comprobar si la aparición del fenómeno migratorio se caracteriza como concluyeron el resto de investigaciones realizadas por la distorsión la mirada prejuiciosa la infrarrepresentación y la asociación en general con valores negativos Gracias a los cuatro estudios realizados tres de corte cuantitativo y uno de corte cualitativo la tesis intenta cubrir varios aspectos relacionados con la representación de los inmigrantes en la ficción audiovisual As se analiza la imagen que se ofrece de los inmigrantes el tipo de interacciones que este tipo de personajes establece con los nacionales y el modo de creación de personajes tanto a nivel teórico como práctico

El norte de África en la intriga de Al Qaeda. El Magreb como nuevo escenario geopolítico internacional Carlos Saldivia,2008 *Military Review* ,2008 **Professional Journal of the United States Army** ,2008 Los talibanes: guerra y religión en Afganistán Peter Marsden,2002 **Crossing Zero** Elizabeth Gould,Paul Fitzgerald,2011-02-22 A cutting edge analysis of the AfPak war involving Russia India China and Iran emphasizing US strategy and the people implementing it

Confronting Al Qaeda Kevin McGrath,2011-03-15 Al Qaeda killed over 3 000 US citizens on September 11 2001 and terrorism leapt to the fore of US strategic and political priorities Yet after nearly six years of concentrated effort by the United States the dominant power in the international system Al Qaeda survives and is still acknowledged as a potent threat This begs the question not just of why but also of what the United States can do to redress the situation Confronting Al Qaeda asserts that Al Qaeda is primarily a political threat not a military one This is because terrorists subvert legitimate political processes to achieve political ends Al Qaeda challenges not only specific U S policy decisions but also the very nature of the U S political system and the U S led international order created after World War II Therefore the character of the U S political response to the threat from Al Qaeda is critical Al Qaeda's capacity for violence is the direct source of its power This must be reduced and coercive means such as the military intelligence and law enforcement are necessary for they alone directly degrade Al Qaeda's potential A singularly coercive approach however is insufficient As the leader of the international system the United States is in a position to politically undercut Al Qaeda The United States can do so by adhering to globally revered traditional US political values and foreign policy

Learn Spanish News Vol.4 Nik Marcel, LEARN SPANISH NEWS Vol 4 English Spanish THIS EDITION The dual language text has been arranged into sentences and shorter paragraphs for quick and easy cross referencing The source text is the Spanish language edition of Voice of America VOA The Spanish text has been translated into English for this dual language project The reader can choose between four formats Section 1 English to Spanish Section 2 Spanish to English Section 3 English

Section 4 Spanish A methodology for getting the most out of this bilingual format is explained in the book's Foreword. The primary purpose of this text is to equip a foreign language learner with the ability to start reading news in the particular foreign language to be able to read only in the foreign language and extract enough understanding to continue the language learning process fruitfully this way. A reader might like to go back to reading dual language news for reinforcement and further development returning to foreign language only news with a deeper understanding. By going back to the same old news you are going over words word patterns and passages with which you already have a certain familiarity. The process of reinforcement learning or retaining of what is new and exposure to what is unfamiliar is much easier this way even though the news may seem a little dated. The aim of informing the reader about actual news is secondary especially given that the content will become less current and less relevant over time. If you are having trouble with the level of difficulty in the text a suggested path for learning languages is as follows. Familiarise yourself with a basic language instruction book or re-read the one you have. Once a student has studied the basics a suitable book about basic grammar can be helpful. The suggestion is that any grammar book be studied more with the intent of recognition and understanding rather than memorising and obsessive rote learning. Go through as much of the grammar book you feel you can digest maybe even the whole book skipping over what is not easily understood. After this read through a portion of text in a book called *Spanish Sentences* by 2LanguageBooks looking for examples of what you have picked up or gleaned in your hopefully not so arduous study of grammar. Even repeatedly seeing a word that you remember seeing listed as a subject pronoun or a third person plural verb of some sort is a great help. Then depending on your inclination return to the grammar book or your basic Spanish book or move on to lengthier bilingual text like in 2Language Books texts containing news or stories for example or find some suitable Spanish text a simple novel a Spanish news website etc. Grammar books will likely have some verb charts. However there are currently good on line resources that go further dictionaries with a verb conjugation search option. Many basic language books offer some form of audio support. Internet services primarily news based radio stations offer podcasts. Audio from television is an additional resource and can be formatted for use on various digital platforms. However if audio is an important component of your interest in languages electronic devices that support quality text to speech TTS will likely be appealing. With a library card TTS technology in a device that supports the relevant content and the above mentioned resources an entire language learning system is available for not much more than a cup of coffee. There is no substantial financial outlay to get you started. Furthermore there are no additional ongoing fees and updates and there are no expiry dates on premium content and resources. A Dual Language Book Project 2Language Books **Index Islamicus**, 2007

Afghanistan C. Heather Bleaney, María Ángeles Gallego, 2006. Presents a thematically indexed bibliography devoted to Afghanistan. Following the pattern established by one of its major data sources viz the acclaimed *Index Islamicus* both journal articles and book publications are included and indexed.
