Larry Mayer, 2002-06-01 Who Will Say Kaddish is an exploration of the fragile resurgence of Jewish life and identity in post-Communist Poland By the eve of the Holocaust Poland was home to the second largest Jewish population in the world By war's end its Jews had been exterminated and their once vibrant culture all but destroyed In this book Larry Mayer and Gary Gelb themselves descendants of Polish Jews explore reports that Jewish life is being rekindled in modern Poland What they discover are three generations of Jews Holocaust survivors and their children and grandchildren with differing historical perspectives As survivors' descendants learn of their hidden Jewish heritage through deathbed revelations a compelling drama about personal identity unfolds Mayer and Gelb chronicle a new chapter in the life of Poland's Jewish community as the present generation seeks to celebrate its members' recent freedom and to honor the rich traditions of their forebears Through interviews photography reportage and personal memoir Who Will Say Kaddish creates a sociocultural portrait of the multilayered community of renewed Jewish life and tradition in Poland that has emerged since the fall of the Communist regime in 1989 **Forced Out** Arthur J. Wolak, 2004 In the late 1960s after the Holocaust had brought about the almost total destruction of centuries of Jewish civilization in Poland senior leaders of the ruling Communist Party initiated a domestic terror campaign that resulted in the unceremonious eviction of thousands of Polish Jews Why did the leadership of a nation that professed equality among all peoples suddenly drive them into exile In *Forced Out* Arthur Wolak explores this turbulent era revealing a period in modern European history that offers important cautionary lessons about the dangers of political opportunism and the inherent evils of totalitarianism Jewish American Writing and World Literature Saul Noam Zaritt, 2020 This book explores how Jewish American writers like Sholem Asch Jacob Glatstein Isaac Bashevis Singer Anna Margolin Saul Bellow and Grace Paley think of themselves as world writers and the successes and failures that come with this role 2001, 0000000000 *Pilgrimage beyond the Officially Sacred* Michael A. Di Giovine, Jaeyeon Choe, 2020-06-09 *Pilgrimage beyond the Officially Sacred* Understanding the Geographies of Religion and Spirituality in Sacred Travel examines the many ways in which pilgrimage engages with sacredness delving beyond the officially recognized and often religiously conceived pilgrimage sites As scholarship examining the lived experiences of pilgrims and tourists has demonstrated pilgrimage need not be religious in nature nor be officially sanctioned rather they can be hyper-meaningful voyages set apart from the everyday profane life in a word they are sacred Separating the social category of religion from the sacred this volume brings together a multidisciplinary group of scholars employing perspectives from anthropology geography sociology religious studies theology and interdisciplinary tourism studies to theorize sacredness its variability and

the ways in which it is officially recognized or condemned by power brokers Rich in case studies from sacred centers throughout the world the contributions pay close attention to the ways in which pilgrims central authorities site managers locals and other stakeholders on the ground appropriate negotiate shape contest or circumvent the powerful forces of the sacred Delving beyond the officially sacred this collective examination of pilgrimages both well established and new religious and secular authorized and not presents a compelling look at the interplay of secular powers and the transcendent forces of the sacred at these hyper meaningful sites Providing a blueprint for how work in the anthropology and geography of religion and the fields of pilgrimage and religious tourism may move forward Pilgrimage beyond the Officially Sacred will be of great interest to an interdisciplinary field of scholars The chapters were originally published as a special issue in *Tourism Geographies* **Virtually Jewish** Ruth Ellen Gruber, 2002-01-15 The author explores the phenomenon of the Jewish culture in Europe In this book she asks in what way do non Jews embrace and enact Jewish culture and for what reasons

Shaping Losses Julia Epstein, Lori Hope Lefkowitz, 2001 *Shaping Losses* explores how traumatic loss affects identity and how those who are shaped by loss give shape in turn to the empty place where something relationships family culture was and is no longer Taking the example of the decimation of European Jewry during the Nazi era *Shaping Losses* confronts the problem of transforming trauma into cultural memory This eloquent volume examines how memoirs films photographs art and literature as well as family conversations and personal remembrances embody the impulse to preserve what is destroyed The contributors all distinguished women scholars most of them survivors or daughters of survivors examine classic memorializations such as Claude Lanzmann's film *Shoah* and Roman Vishniac's photographs of prewar Jews as well as several less well known works They also address ways in which children of survivors of the Holocaust and of other catastrophic traumas struggle with inherited or vicarious memory striving to come to terms with losses that centrally define them although they experience them only indirectly *Shaping Losses* considers the limitations of Holocaust representations and testimonies that capture shards of the experience but are necessarily selective and reductive Contributors discuss artistic efforts to preserve the rawness of memory to resist redemptive closure in Holocaust narratives and public memorials and to prevent the Holocaust from being sealed in the cold storage of history The authors probe the nature of memory and of trauma studying the use of language within and outside a traumatic context such as Auschwitz and pinpointing the qualities that make traumatic memory ineffable untransmittable and perhaps unreliable Within the haunted terrain of traumatized memory that all Holocaust testimonies inhabit the impulse to give form to emptiness to shape loss emerges as a necessary betrayal a vital effort to bridge the gap between history and memory

Communities of Memory William James Booth, 2018-07-05 Memory has fueled merciless violent strife and it has been at the core of reconciliation and reconstruction It has been used to justify great crimes and yet it is central to the pursuit of justice In these and more everyday ways we live surrounded by memory individual and social in our habits our names the places where we live street names libraries archives and our citizenship institutions and laws Still we wonder what to make of memory and its gifts though sometimes we are hardly even certain that they are gifts Of the many chambers in this vast palace I mean to ask particularly after the place of memory in politics in the identity of political communities and in their practices of doing justice from the Preface W James Booth seeks

to understand the place of memory in the identity ethics and practices of justice of political communities Identity is he believes a particular kind of continuity across time one central to the possibility of agency and responsibility and memory plays a central role in grounding that continuity Memory identity takes two forms a habitlike form the deep presence of the past that is part of a life led in common and a more fragile vulnerable form in which memory struggles to preserve identity through time notably in bearing witness a form of memory work deeply bound up with the identity of political communities Booth argues that memory holds a defining place in determining how justice is administered Memory is tied to the very possibility of an ethical community one responsible for its own past able to make commitments for the future and driven to seek justice Underneath and motivating the politics of memory understood as contests over the writing of history over memorials museums and canons he writes there lies an intertwining of memory identity and justice Communities of Memory both argues for and maps out that intertwining Reference Guide to Short Fiction Thomas Riggs, 1999 Reference Guide to Short Fiction provides study and commentary on the most instrumental writers of short fiction through the 20th century International in scope this single scholarly volume includes 779 entries on 377 authors and 402 short stories
