[The Path of the Pole](#) Charles H. Hapgood, 1999 Hapgood s tour de force is back in print This riveting

account of how earth's poles have flipped positions many times is the culmination of Hapgood's extensive research of Antarctica ancient maps and the geological record. This amazing book discusses the various pole shifts in earth's history occurring when earth's crust slips in the inner core and gives evidence for each one. It also predicts future pole shifts; a planetary alignment will cause the next one on 5 May 2000. Packed with illustrations, this book is the reference other books on the subject cite over and over again. With millennium madness in full swing, this is just the book to generate even more excitement at the unknown possibilities.

The Sci-Fi Ultimate Collection 170 Space Adventures Dystopian Novels Lost World Classics invites readers to traverse the vast realms of imagination exploring the speculative landscapes of both familiar and uncharted worlds. This anthology offers a remarkable spectrum of narratives that range from tales of space exploration to foreboding dystopias and riveting accounts of hidden civilizations. With classic stories that have stood the test of time, it illuminates a wide array of philosophies and futurist visions. The varied literary styles from the imaginative foresight of H. G. Wells to the penetrating social critiques of George Orwell combined with a focus on timeless themes such as the nature of humanity and the limits of technological advancement create a tapestry as diverse as the authors themselves. The collection is a convergence of pioneering voices who have individually and collectively shaped the trajectory of science fiction. These authors hail from different eras and cultural backgrounds, enriching the anthology through a melding of unique perspectives. As stalwarts of literary movements ranging from the Romanticism of Mary Shelley to the Modernism of Aldous Huxley, their works echo through time, reflecting the fears and hopes of their respective generations. Together, they illuminate the resilience of human imagination and the endless pursuit of knowledge across the universe. This anthology is an essential tome for those eager to engage with the visionaries who laid the groundwork for contemporary speculative fiction. It offers readers a chance to immerse themselves in a myriad of worlds, each crafted with precision and creativity, fostering a deeper understanding of the genre's evolution. A gateway to insightful discourse, Sci-Fi Ultimate Collection encourages readers to not only appreciate the individual masterpieces but also to partake in the rich dialogues crafted across the centuries, making it an indispensable treasure for enthusiasts and scholars alike.
