title in the Oxford World's Classics series Handbook of Diachronic Narratology Peter Hühn, John Pier, Wolf Schmid, 2023-07-24 This handbook brings together 42 contributions by leading narratologists devoted to the study of narrative devices in European literatures from antiquity to the present. Each entry examines the use of a specific narrative device in one or two national literatures across the ages, whether in successive or distant periods of time. Through the analysis of representative texts in a range of European languages, the authors compellingly trace the continuities and evolution of storytelling devices as well as their culture-specific manifestations. In response to Monika Fludernik's 2003 call for a diachronization of narratology, this new handbook complements existing synchronic approaches that tend to be ahistorical in their outlook and departs from postclassical narratologies that often prioritize thematic and ideological concerns. A new direction in narrative theory, diachronic narratology explores previously overlooked questions from the evolution of free indirect speech from the Middle Ages to the present to how changes in narrative sequence encoded the shift from a sacred to a secular worldview in early modern Romance literatures. An invaluable new resource for literary theorists, historians, comparatists, discourse analysts, and linguists. *Florence Lawrence, the Biograph Girl* Kelly R. Brown, 2007-04-03 Florence Lawrence's film career began just as the cinema was being born. She recognized the wonder and appeal of the fledgling industry, and her early work with the Vitagraph company gained her a legion of fans and a reputation as a willing and hard-working actress. In 1908 she appeared in *Romeo and Juliet*, America's very first screen *Juliet*. By 1909 she was working steadily for the Biograph studio; she was dubbed the Biograph girl and was being praised for her personal attractions and very fine dramatic ability. But just as Lawrence was the first movie star in the industry, she was also one of the first to be undone by it. Hindered by setbacks, grueling work schedules, self-imposed retirements, three marriages repeatedly unsuccessful, comeback attempts, Lawrence finally committed suicide in 1938. This impressively researched piece of film history represents the first full-length biography of Florence Lawrence, also called *The Girl of a Thousand Faces*. Among the photographs are some never before published. A complete filmography of Lawrence's entire career is provided. A summary chapter includes comments from various critics and historians addressing how Lawrence is important to film history.

Novel Translations Bethany Wiggin, 2011-06-15 Many early novels were cosmopolitan books read from London to Leipzig and beyond, available in nearly simultaneous translations into French, English, German, and other European languages. In *Novel Translations*, Bethany Wiggin charts just one of the paths by which newness in its avatars as fashion, novelties, and the novel entered the European world in the decades around 1700. As readers across Europe snapped up novels, they domesticated the genre. Across borders, the novel lent readers everywhere a suggestion of sophistication, a familiarity with circumstances beyond their local ken. Into the eighteenth century, the modern German novel was not German at all; rather, it was French, as suggested by Germans' usage of the French word *Roman* to describe a wide variety of genres: pastoral romances, war and travel chronicles, heroic narratives, and courtly fictions. Carried in large part on the coattails of the

Huguenot diaspora these romans nouvelles amours secrets histoires galantes and histories scandaleuses shaped German literary culture to a previously unrecognized extent Wiggin contends that this French chapter in the German novel's history began to draw to a close only in the 1720s more than sixty years after the word first migrated into German Only gradually did the Roman go native it remained laden with the baggage from its French origins even into the nineteenth century **God Does Not...** D. Brent Laytham, 2009-01-01 Is God in the business of entertainment matchmaking time management blood sacrifice or medicine If you listen to some messages both inside and outside the church today you might think so But in God Does Not several theologians challenge these and other widespread misconceptions of how God works in the world A follow up to the popular God Is Not this book is both accessible and provocative In the end we are left not with a negation of what God does but an affirmation of a God who does all things well and often far exceeds what our human imaginations can fathom

English Prose Fiction H.W. Wilson Company, 1908 *Chaucer and the Early Writings of Boccaccio* David Wallace, 1985 David Wallace's examination of the aims and literary affiliations of Boccaccio's early writings provides an indispensable preface to and context for an informed appraisal of Chaucer's usage of Boccaccio Previous studies of the relationship between the work of the two poets have tended to consider Chaucer's borrowings without making a thorough study of the traditions which shaped the Italian writer's work Wallace argues that Boccaccio was not primarily concerned with winning recognition at the Angevin court but was chiefly concerned with fashioning an identity for himself as an illustrious vernacular author Chaucer recognised that both the Filostrato and Teseida derived their basic narrative capabilities from popular tradition analogous to that of the English tail rhyme romance Following a detailed analysis of Chaucer's translation practice in Troilus and Criseyde Wallace concludes that it was Boccaccio's attempt to develop a narrative art occupying the middle ground between popular and illustrious domestic and European traditions that Chaucer found so uniquely congenial and instructive *New Jersey Library Bulletin*, 1911 The Epic Film Derek Elley, 2013-12-04 As Charlton Heston put it There's a temptingly simple definition of the epic film it's the easiest kind of picture to make badly This book goes beyond that definition to show how the film epic has taken up one of the most ancient art forms and propelled it into the modern world covered in twentieth century ambitions anxieties hopes and fantasies This survey of historical epic films dealing with periods up to the end of the Dark Ages looks at epic form and discusses the films by historical period showing how the cinema reworks history for the changing needs of its audience much as the ancient mythographers did The form's main aim has always been to entertain and Derek Elley reminds us of the glee with which many epic films have worn their label and of the sheer fun of the genre He shows the many levels on which these films can work from the most popular to the specialist each

providing a considerable source of enjoyment For instance spectacle the genre s most characteristic trademark is merely the cinema s own transformation of the literary epic s taste for the grandiose Dramatically it can serve many purposes as a resolution of personal tensions the chariot race in Ben Hur of monotheism vs idolatry Solomon and Sheba or of the triumph of a religious code The Ten Commandments Although to many people Epic equals Hollywood throughout the book Elley stresses debt to the Italian epics which often explored areas of history with which Hollywood could never have found sympathy Originally published 1984
