Negro Labor A National Problem:

Negro Labor Robert Clifton Weaver, 1946 **Negro Labor; a National Problem [By] Robert C. Weaver** Robert Clifton Weaver, 1969 *Negro Labor* Robert Clifton Weaver, 1946 **The Harvard Guide to African-American History** Evelyn Brooks Higginbotham, 2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America *From Every Mountainside* R. Drew Smith, 2013-06-27 It has become popular to confine discussion of the American civil rights movement to the mid twentieth century South From Every Mountainside contains essays that refuse to bracket the quest for civil rights in this manner treating the subject as an enduring topic yet to be worked out in American politics and society Individual essays point to the multiple directions the quest for civil rights has taken into the North and West and into policy areas left unresolved since the end of the 1960s including immigrant and gay rights health care for the uninsured and the persistent denials of black voting rights and school equality In exploring these issues the volume s contributors shed light on distinctive regional dimensions of African American political and church life that bear in significant ways on both the mobilization of civil rights activism and the achievement of its goals **Toward Freedom Land** Harvard Sitkoff, 2010-07-23 The ongoing struggle for civil rights and social justice lies at the heart of America s evolving identity The pursuit of equal rights is often met with social and political trepidation forcing citizens and leaders to grapple with controversial issues of race class and gender Renowned scholar Harvard Sitkoff has devoted his life to the study of the civil rights movement becoming a key figure in global human rights discussions and an authority on American liberalism Toward Freedom Land assembles Sitkoff s writings on twentieth century race relations representing some of the finest race related historical research on record Spanning thirty five years of Sitkoff s distinguished career the collection features an in depth examination of the Great Depression and its effects on African Americans the intriguing story of the labor movement and its relationship to African American workers and a discussion of the effects of World War II on the civil rights movement His precise analysis illuminates multifaceted racial issues including the New Deal s impact on race relations the Detroit Riot of 1943 and connections between African Americans Jews and the Holocaust **Negroes in the United States** Helen H. Ringe, 1953 **Historical Roots of the Urban Crisis** Henry L. Taylor Jr., Walter Hill, 2013-06-17 This collection of 12 new essays will tell the story of how the gradual transformation of industrial society into service driven postindustrial society affected black life and culture in the city between 1900 and 1950 and it will shed light on the development of those forces that wreaked havoc in the lives of African Americans in the succeeding epoch The book will examine the black urban experience in the northern southern and western regions of the U S and will be thematically organized around the themes of work community city building and protest the analytic focus will be on the efforts of African Americans to find work and build communities in a constantly changing economy and urban environments tinged with

racism hostility and the notions of white supremacy Some chapters will be based on original research while others will represent a synthesis of existing literature on that topic

Crucibles of Black Empowerment Jeffrey Helgeson, 2014-04-24

The term community organizer was deployed repeatedly against Barack Obama during the 2008 presidential campaign as a way to paint him as an inexperienced politician unfit for the presidency The implication was that the job of a community organizer wasn't a serious one and that it certainly wasn't on the list of credentials needed for a presidential résumé In reality community organizers have played key roles in the political lives of American cities for decades perhaps never more so than during the 1970s in Chicago where African Americans laid the groundwork for further empowerment as they organized against segregation discrimination and lack of equal access to schools housing and jobs In *Crucibles of Black Empowerment* Jeffrey Helgeson recounts the rise of African American political power and activism from the 1930s onward revealing how it was achieved through community building His book tells stories of the housewives who organized their neighbors building tradesmen who used connections with federal officials to create opportunities in a deeply discriminatory employment sector and the social workers personnel managers and journalists who carved out positions in the white collar workforce Looking closely at black liberal politics at the neighborhood level in Chicago Helgeson explains how black Chicagoans built the networks that eventually would overthrow the city's seemingly invincible political machine

Racial Inequality Michael Reich, 2017-03-14 In an investigation of the effects of racism on the American economy Michael Reich evaluates the leading economic theories of racial inequality and presents the new theory that discrimination against blacks increases inequality of income among whites Originally published in 1981 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

A History of Affirmative Action, 1619-2000 Philip F. Rubio, 2009-09-18 A readable history that puts the current debates in historical context

Racial Integration in Corporate America, 1940-1990 Jennifer Delton, 2009-09-21 In the space of about thirty years from 1964 to 1994 American corporations abandoned racially exclusionary employment policies and embraced some form of affirmative action to diversify their workforces It was an extraordinary transformation which most historians attribute to civil rights activists federal legislation and labor unions This is the first book to examine the role of corporations in that transformation Whereas others emphasize corporate obstruction this book argues that there were corporate executives and managers who promoted fair employment and equal employment opportunity long before the federal government required it and who thereby helped prepare the corporate world for racial integration The book examines

the pioneering corporations that experimented with integration in the 1940s and 1950s as well as corporate responses to the civil rights movement and urban crisis in the 1960s and 1970s and the widespread adoption of affirmative action in the 1980s and 1990s

BOOK JACKET Portraits of African American Life Since 1865 Nina Mjagkij, 2003 Compelling and informative the 14 diverse biographies of this book give a heightened understanding of the evolution of what it meant to be black and American through more than three centuries of U S history

Black Detroit and the Rise of the UAW August Meier, 2007 A classic of labor history with a new foreword by one of the leading figures in urban studies

The Lost Promise of Civil Rights Risa L. Goluboff, 2010-03-30 By uncovering the challenges workers and their lawyers launched against Jim Crow in the 1940s when civil rights were legally conceptually and constitutionally up for grabs Goluboff shows how Brown v Board of Education only partially fulfilled the lost promise of civil rights

From Power to Prejudice Leah N. Gordon, 2015-05-20 Americans believe strongly in the socially transformative power of education and the idea that we can challenge racial injustice by reducing white prejudice has long been a core component of this faith How did we get here In this first rate intellectual history Leah N Gordon jumps into this and other big questions about race power and social justice To answer these questions From Power to Prejudice examines American academia both black and white in the 1940s and 50s Gordon presents four competing visions of the race problem and documents how an individualistic paradigm which presented white attitudes as the source of racial injustice gained traction A number of factors Gordon shows explain racial individualism's postwar influence individuals were easier to measure than social forces psychology was well funded studying political economy was difficult amid McCarthyism and individualism was useful in legal attacks on segregation Highlighting vigorous midcentury debate over the meanings of racial justice and equality From Power to Prejudice reveals how one particular vision of social justice won out among many contenders
