about the nature of westward expansionism heroism family life manliness and American femininity As the genre changes and matures depictions of women have transitioned from traditional to more modern roles Frontier Feminine charts these significant shifts in the Western's transmission of gender values and expectations and aims to expand the critical arena in which Western film is situated by acknowledging the importance of women in this genre *Go Ye and Study the Beehive* Jeannette Rodda, 2021-12-12 First published in 2000 More than any other occupation the long history of mining raises issues of class and dependency of men women and children bound to permanent wage work or forced labor underground with small hope of securing an independent living Like all popular images perceptions of workers reveal as much about the nature of the dominant culture as about the complex experiences of workers themselves The main purpose of this study is to document and analyze the development of working class culture in the mining camps of the American West Alaska History Marvin W. Falk, 2006-03-30 Marvin W Falk offers a systemic and select listing of just over 3 000 publications on the history of Alaska published from the 18th century to early 2004 Early explorations were conducted by nationals from several nations and the results were published in Russian German French Spanish and English Many of these foreign language accounts have been published in translation and are included in the bibliography This bibliography covers a wide span of Alaskan history including historical literature from Discovery in 1741 The Russian period ending in 1867 The U S territorial period ending with statehood in 1959 The oil boom *Gold Rush Queen* Thora Illing, 2016-09-20 A biography of the extraordinary Nellie Cashman a well loved miner entrepreneur and philanthropist who lived and worked in the roughest boomtowns of the West in the late nineteenth century At a time when well bred women wore tight corsets and entertained each other at tea Nellie Cashman 1845 1925 was trekking for hundreds of miles through blizzard conditions to deliver food and supplies to trapped miners in Northern BC An Irish immigrant Cashman travelled from Boston to San Francisco in search of opportunity She followed the mining boomtowns all the way from California to northern BC and Arizona to Alaska opening up restaurants and boarding houses and staking mining claims She was friends with the likes of Wyatt Earp and Doc Holliday during her years in Tombstone and was known among them for her kind heart and charitable acts This biography is a fresh look at the fascinating life of an underappreciated historical character Tombstone, A.T. Wm. B. Shillingberg, 2016-02-19 Once nearly forgotten Tombstone Arizona is trapped in myth and legend Walking its quiet streets one finds it hard to separate truth from illusion and remember this was a real town not some Hollywood fantasy Tombstone's rough and rowdy exploits were reported from San Francisco to New York William B Shillingberg rediscovers the real Tombstone in this historical tour de force The rough mining town of boomers and investors of hard men and women seeking their fortunes comes to life with startling clarity Tombstone A T A History of Early Mining Milling and Mayhem relates true tales of those who founded and built the town including the infamous Earps and Clantons Shillingberg details life in a pioneer mining town from the discoverers of the mines Edward and Albert Schieffelin and Richard Gird to the amazing cast of characters in the most

celebrated gunfight in western history the shootout at the OK Corral between Wyatt Virgil and Morgan Earp Doc Holliday and a gang led by Ike Clanton And tales of John Ringo Frank Leslie and diarist George W Parsons are filled with the famous and the notorious Today Tombstone slumbers a shadow of its faded glory supported by clouded memories and tourist dollars But the real story remains and Tombstone A T tells it **The Gold Crusades** Douglas Fetherling,1997-12-15 Among the hordes of starry eyed argonauts who flocked to the California gold rush of 1849 was an Australian named Edward Hargraves He left America empty handed only to find gold in his own backyard The result was the great Australian rush of the 1850s which also attracted participants from around the world A South African named P J Marais was one of them Marais too returned home in defeat only to set in motion the diamond and gold rushes that transformed southern Africa And so it went Most previous historians of the gold rushes have tended to view them as acts of spontaneous nationalism Each country likes to see its own gold rush as the one that either shaped those that followed or epitomized all the rest In *The Gold Crusades A Social History of Gold Rushes 1849 1929* Douglas Fetherling takes a different approach Fetherling argues that the gold rushes in the United States Canada Australia New Zealand and South Africa shared the same causes and results the same characters and characteristics He posits that they were in fact a single discontinuous event an expression of the British imperial experience and nineteenth century liberalism He does so with dash and style and with a sharp eye for the telling anecdote the out of the way document and the bold connection between seemingly unrelated disciplines Originally published by Macmillan of Canada 1988 **Alaska History** ,1994 **100 Western Women** Jan Cleere,2025-03-12 History books record scant contributions women made in settling and developing the new territory of Arizona Yet women were an integral part of civilizing the rough rowdy often dangerous land For more than ten years Jan Cleere has written about the women who influenced the growth and development of Arizona in her column *Western Women* that appears monthly in the *Arizona Daily Star* newspaper The famous infamous and those not so well known are featured each with a compelling story of surviving and thriving under less than ideal circumstances Warriors basket weavers ranchers artists innkeepers schoolteachers politicians and entrepreneurs from a remarkable variety of backgrounds and cultures influenced the growth of Arizona Read about Larcena Pennington who had to crawl down a mountain to escape her Indian captors Hopi artist Nampeyo continued to make exquisite pots even after she started losing her eyesight Carmen Vasquez built a theater and brought in shows from as far away as Spain Elizabeth Hudson Smith ran a successful hotel until the color of her skin turned a town against her And Sarah Gorby allowed injured animals to live in her home until they could return to their desert habitats The 100 Western women featured between these pages are just a handful of those who came before and after them as the territory emerged and flourished into an amazing and diverse state unlike any other in the nation **Southwestern Historical Quarterly** ,1995 *The Journal of Arizona History* ,1965 Contemporary Authors New Revision Series Amanda D.
