Exploring Pedagogical Practices at the Basic Schools in Nepal Dr. Rajendra Kumar Shah, The pedagogical practices of Basic Education Schools in Nepal have been explored extensively in the present book Four chapters are included in this book In the first chapter the ancient education system and the prevailing pedagogical practices at that time have been utterly discussed Accordingly in the second chapter the educational system and pedagogical practices during the Ranas have been analyzed After this chapter in the third chapter education and pedagogical practice of Panchayat Era is explored And in the final chapter existing education and pedagogical practices of Nepal are explored In this book each chapter describes the brief political history of that period the development of education education policies and the pedagogical practices Curriculum subjects of study teaching method role of teacher and student educational administration assessment procedures financing of school education and physical infrastructure are main subject matters of each chapter It is hoped that this book will satisfy the various questions related to pedagogical practices at the Basic Education School in Nepal *The Invisible Office* Keshab Prasad Regmi, 2003 *Nepal and Major Powers in the Himalayas* Saroj Kumar Aryal, Manish Jung Pulami, 2025-10-25 This book offers an unique analysis of small states in international relations from the perspective of Nepal which lies at a strategic geopolitical position between China and India This book argues that Nepal has been in a strategic position between the great powers for many centuries The departure point of the study has three broader premises The first is the increasing uncertainty of polarity and power distribution in world politics The second point is the understudied aspect of the role that small states play in international relations The final point emphasises the empirical offering that Nepal can provide to the understanding of the role of small states in great power politics Exploring the Nepalese way of great power management the authors provide a wider explanation of the position of small states as geopolitical actors in international relations An important perspective on the dynamics of China India in the changing world order this study will be of interest to researchers studying geopolitics international relations Asian studies and Global Affairs *An Introduction to Nepal* Rāma Prasāda Dāhāla, 2000 Historical and Cultural Dictionary of Nepal Basil Calvin Hedrick, Anne K. Hedrick, 1972 Dimensions of Nepali Society and Culture Rishikeshab Raj Regmi, 1999 Kangchenjunga Doug Scott, 2021-07-01 Kangchenjunga is the third highest mountain in the world and a notoriously difficult and dangerous mountain to climb First climbed from the west in 1955 by a British team comprising Joe Brown George Band Tony Streather and Norman Hardie it waited over twenty years for a second ascent The third ascent from the north followed in 1979 by a four man team including the visionary British alpinist Doug Scott Completed before his death in 2020 and edited by Catherine Moorehead Kangchenjunga is Doug Scott's final book Scott explores the mountain and its varied people the mountain sits on the border between Nepal and Sikkim in north east India before going on to look at Western approaches and early climbing attempts on the mountain Kangchenjunga was in fact long believed to be the highest mountain in the world until in the nineteenth

century it was demonstrated that Peak XV Everest was taller. Out of respect for the beliefs of the Sikkim no climber has ever set foot on the very top of Kangchenjunga the sacred summit. Scott's own relationship with the mountain began in 1978 three years after his first British ascent of Everest with Dougal Haston. The assembled team featured some of the greatest mountaineers in history: Scott, Joe Tasker, Peter Boardman and Georges Bettembourg. The plan was for a stripped down expedition the following spring: minimal Sherpa support, no radios, largely self-financed. It was the first time a mountain of this scale had been attempted by a new and difficult route without the use of oxygen and with such a small team. Scott, Tasker and Boardman summited on 16 May 1979 further cementing their legends in this golden era. Kangchenjunga is Doug Scott's tribute to this sacred mountain, a paean for a Himalayan giant written by a giant of Himalayan climbing.

SOUTH ASIA COUNTRY ANALYSES Barış Adıbelli, Elif Gülbaş, Ghulam Farooq Keskin, Hayati Ünlü, Hediye Gamze Türkmen, H. Hilal Şahin, Mohammed Javed Ansari, Nazmul Islam, Ömer Aslan, 2022-12-15. South Asia Strategic Research Center. GASAM was founded in 2004 to provide accurate and objective information about the historical, political, economic and sociocultural structures of the South Asian region composed of Afghanistan, Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan and Sri Lanka as well as about strategic and geopolitical dynamics of the region. GASAM aims to inform the Turkish public about South Asian countries and in return inform the South Asian public about Türkiye. It also aims to procure mutual benefits for them in the historical, economic, academic and sociocultural domains and this way to contribute to regional and global peace. South Asia Country Analyses provides an overview of the region to improve the understanding of South Asian countries in Türkiye. This study aims to become a source of fundamental information about South Asia that will hopefully contribute to improving bilateral relations between Türkiye and the region's countries. It also seeks to explore South Asia's geographical, historical, political and economic potential and raise general awareness regarding the significance of this region. The study is divided into two parts. The initial section is an introductory chapter discussing the general characteristics of South Asia. The second part provides separate analyses of eight South Asian countries. A different author wrote each chapter in this work. The book is prepared in two languages: Turkish and English and the texts deliberately avoid complex academic jargon offering analyses instead in a direct and succinct style. One of the most significant attributes of this book is that it is an objective and collective work. It is also a pioneering study in that there is no such study with this scope either in Türkiye or in the region's countries. From this perspective it is hoped that readers in Türkiye and South Asian countries will find this book sponsored by GASAM an invaluable compendium of fundamental information about South Asia. We would like to convey our gratitude to every person and institution who supported the realization of our project. We hope that this work will contribute to the social, political, scientific, cultural and economic activities between Türkiye and South Asian countries. Cemal Demir, GASAM President.
