Nero Destroyer Of Rome:

Nero: Destroyer of Rome Julian Morgan,2003 The life and rule of the first century Roman emperor Nero who became head of the world's mightiest empire at the age of sixteen and later became infamous for his cruelty and eccentricity

Nero Zoe Lowery,Julian Morgan,2016-12-15 As the last descendant of the history changing Julius Caesar Nero more than made a name for himself But his rule of ancient Rome which lasted from 54 to 68 CE is a story that is not so straightforward His shocking and outright brutal behavior certainly stands out whether it was the murder of his mother his enjoyment of performance art at a time when such public performances were highly unusual or his general disregard for his role as ruler when it came to running his government But much of Nero's nasty reputation was not so straightforward as history might make it seem **Nero; Or, the Destroyer of Rome. [By H. Ll. Williams.].** Henry Llewellyn WILLIAMS,1890 **The Life**

and Times of Nero Jim Whiting,2005-09 The Roman emperor Nero is one of the most notorious figures in history He is most famous for fiddling while Rome burned then blaming Christians for setting the fire and beginning a series of horrible persecutions against them With the help of his scheming mother Agrippina he became emperor at the age of sixteen It didn't take him long to become tired of being under his mother's thumb Like most teenagers he wanted to become independent Because he had so much power he ordered her to be murdered He often misused his power Many people lived in fear He even changed the time that the Olympic Games were held and added some events so that he could participate and win Finally the Romans were fed up with him He was declared a public enemy He tried to run away but he was too late With soldiers closing in he killed himself **The Apocalypse of St. John** James J. L. Ratton,1915 , **The Apocalypse of John**

Isbon Thaddeus Beckwith,1919 **The Roman Empire** James W. Ermatinger,2018-05-01 Covering material from the time of Julius Caesar to the sack of Rome this topically arranged reference set provides substantive entries on people cities government institutions military developments material culture and other topics related to the Roman Empire The Roman Empire was one of the greatest and most influential forces of the ancient world and many of its achievements endure in one form or another to this day Because of its geographic breadth cultural diversity and overall complexity it is also one of the most difficult organizations to understand This book focuses on the Roman Empire from the time of Julius Caesar to the sack of Rome While most references on the Roman world provide a series of alphabetically arranged entries this work is organized in broad topical chapters on government and politics administration individuals groups and organizations places events military developments and objects and artifacts Each section provides 20 to 30 substantive entries along with an overview essay The work also provides a selection of primary source documents and closes with a bibliography of important print and electronic resources The Nero-Antichrist Shushma Malik,2020-04-16 Refutes the commonly held perception that Nero should be understood as the Antichrist figure in the Bible and argues instead that this paradigm was a product of late antiquity The paradigm's success facilitated its revival in the nineteenth century against the backdrop of the era's fin de si

cle anxieties and religious controversies The Biblical Repertory and Princeton Review Charles Hodge, Lyman Hotchkiss Atwater, 1844 **Classical Victorians** Edmund Richardson, 2013-02-07 Victorian Britain set out to make the ancient world its own This is the story of how it failed It is the story of the headmaster who bludgeoned his wife to death then calmly sat down to his Latin It is the story of the embittered classical prodigy who turned to gin and opium and the virtuoso forger who fooled the greatest scholars of the age It is a history of hope a general who longed to be an Homeric hero a bankrupt poet who longed to start a revolution Victorian classicism was defined by hope but shaped by uncertainty Packed with forgotten characters and texts with the roar of the burlesque stage and the mud of the battlefield this book offers a rich insight into nineteenth century culture and society It explores just how difficult it is to stake a claim on the past *A History of the Apocalypse* Catalin Negru, 2018-07-26 Every generation of people think that their problems are the most important ever As history flows without interruption and doomsday scenarios fail the following generations focus on their own contemporary events ignoring or underestimating the past In this way people always see signs in their times and the end of the world is constantly a fresh subject **A Commentary on the Apocalypse. By Moses Stuart. [With the Text.]**, 1845

Commentary on the Apocalypse, 2 Volumes Moses Stuart, 2001-06-11 **The Theological and Literary Journal**, 1849 *The International Critical Commentary on the Holy Scriptures of the Old and New Testaments: Revelation of St. John. 2 v* Samuel Rolles Driver, Charles Augustus Briggs, 1920 **"A" Critical and Exegetical Commentary on the Revelation of St. John** Robert Henry Charles, 1920 The International Critical Commentary on the Holy Scriptures of the Old and New Testaments, 1920 The Revelation of Jesus Christ by John. Expounded by Francis Bodfield Hooper. [With the Text.], 1861 Madness Triumphant Lee Fratantuono 2, 2012-06-28 *Madness Triumphant* A Reading of Lucan's *Pharsalia* offers the most detailed and comprehensive analysis of Lucan's epic poem of the civil war between Caesar and Pompey to have appeared in English In the manner of his previous books on Virgil and Ovid Professor Fratantuono considers the *Pharsalia* as an epic investigation of the nature of fury and madness in Rome this time during the increasing insanity of Nero's reign The volume proceeds chapter by chapter book by book through Lucan's poem as it unfolds the thesis that the poet Lucan crafted an epic response to both Virgil and Ovid the closing movement in a three act tragedy of madness In response to the *Aeneid* Lucan raises the idea that the final ethnographic settlement of Trojans and Italians may not have been for the best while in response to the *Metamorphoses* he explores the idea that the immortality achieved by the poet may not after all prove to be a blessing An introduction and bibliography provide additional direction for the study of this greatest surviving work of literature from the so called Silver Age of Neronian literature while the individual chapters offer in depth bibliographical citations and extensive annotation as a guide to further study of the poem Lucan's poem is revealed to be the consummate hymn to fury as the poet offers a return to the opening of Homer's *Iliad* and the wrath of Achilles which is now viewed as part of an unending cycle of madness that will end only in the flames of a global conflagration that will consume all

things The pervasive intertext of Lucan's epic poem with his predecessor Manilius' *Astronomica* is also investigated as the nature of Lucan's response to both Stoic and Epicurean antecedents is explored Manilius' stars are virtually sprinkled through the *Pharsalia* as the heavens offer a celestial canvas for the poet of fury to illustrate the beautiful lies that may ultimately be shown to conceal even more seductive truths
