[A Reduced Photographic Reprint of the Edition of 1953.]** Gerald Durrell,1963 **The Durrells** Richard Bradford,2025-06-05 A variously tragic tale of escapism and assimilation Richard Bradford s *The Durrells* explores the truth behind the image The Durrells are probably the most celebrated literary family of the 20th century Gerald turned them into celebrities with his tripartite memoir beginning with *My Family and Other Animals* 1956 which told of his experiences with his widowed mother Louisa and three siblings during their time in 1930s Corfu We know of the Durrells from their own writings and from the image of them created by TV film and biographical accounts of specific figures What we do not know is the truth Using previously unpublished material from the Jersey Archive Richard Bradford unravels the lives of the famous four children of the Corfu era Larry Gerry Margo and Lesli as they find themselves geographically and emotionally divided amongst a backdrop of imperial decline and unrest The children of moneyed colonialists they were already used to being treated with aghast fascination by the island s locals and by expatriate Britons as a disgrace to the homeland Yet their story goes beyond the Ionian Sea and *The Durrells* delves into the complex social and political circumstances in which the family lived with seemingly constant threats of war and endangerment to both themselves and their natural environment **The Overloaded Ark** ,1967 **The Ark's Anniversary** Gerald Durrell,2017-02-21 The conservationist whose work inspired Masterpiece production *The Durrells* in Corfu recounts the early years of the Durrell Wildlife Park At the age of six Gerald Durrell confidently told his mother he would one day have his own zoo She told him it was a lovely idea and promptly forgot all about it But the young naturalist s passion wasn t about to fade away any time soon Written for the Durrell Wildlife Park s twenty fifth anniversary *The Ark s Anniversary* is the unconventional story of how one man s dream was transformed into the esteemed organization known today as the Durrell Wildlife Conservation Trust dedicated to saving endangered species from extinction In the beginning everyone thought Durrell was crazy to place a zoo on the island of Jersey in the English Channel But that didn t stop people from coming to see him and his menagerie of rare and exotic animals including celebrities like Richard Adams Princess Grace David Niven who presided over the wedding of two apes and Princess Anne who wrote the foreword to this book *The Ark s Anniversary* is a delightful journey and a celebration of success for anyone who loves the natural world This ebook features an illustrated biography of Gerald Durrell including rare photos from the author s estate *Adventures of a Country Boy in the City* Oluwole Komolafe,2014-10-28 *Adventures of a Country Boy in the City* provides an insight into the engaging life of the author whose natural instinct is to know how to convert opportunities to bring about positive changes in his life The author enchants the imagination of his readers to become part of his compelling story by involving the reader in every step of

the adventures he encountered in the city of Lagos and later as a student in the cities of Hamburg and of West Berlin Told in very colorful and vibrant language the reader the author and the story all become one and the same entity allegorically following the path etched out in the words of the author When in his journeys and one road seemed to be closed and the reader shudders at the rational of the breathtaking risk that the author has just taken a God sent Guiding Angel suddenly appears to take the author out of whatever adversity Join Komolafe in his adventures as he journeys through life from the background of a simple village life in the Yoruba Kingdom of Nigeria to the world of opportunities that awaits a man of valor who dares to demand his share of what destiny has in stock for him The Rough Guide to West Africa Richard

Baigent,André Reyes Novaes,2019-12-26 Women are the exclusive focus of the 38th volume of Geographers For the first time

in the series history the entire volume is devoted to important work of distinguished female geographers amply demonstrating how these scholars' professional lives enrich the discipline's history. It also illustrates how reading and writing their biographies not only expands our understanding of geography's past but points to its more diverse future. The collection includes biographies of Doreen Massey, winner of geography's Nobel prize, the prix Vautrin Lud, for her remarkable contribution to geography and neighbouring disciplines which discovered the importance of space through her work; Helen Wallis, geographer and historian of cartography who for many years had charge of the UK's foremost collection of maps; Alice Saunier-Seït who applied her geographical training and formidable energy to teaching and educational reform in France; Isabel Margarida Andr  who lived through a turbulent political period in her native Portugal and meticulously investigated its effect on women and political geography; and the many women who helped to create the UK's first Geography department, the University of Oxford's School of Geography, including Fanny Herbertson, Nora MacMunn, Marjorie Sweeting, Mary Marshall, Barbara Kennedy, and other women geographers who are memorialised in a group article.
