Elementary (All-New Tales of the Elemental Masters) Mercedes Lackey, 2013-12-03 A second anthology of new stories set in the universe of Lackey s Elemental Masters alternate reality Edwardian London features

magically gifted individuals whose stories are loosely based on classic fairy tales and includes contributions by leading genre authors

Elemental Magic Mercedes Lackey, 2012-12-04 Among Mercedes Lackey's many novels few are as critically acclaimed and beloved as those about the Elemental Masters. The novels in this series are loosely based on classic fairy tales and take place in a fantasy version of turn of the century London where magic is real and Elemental Masters control the powers of Fire, Water, Air, and Earth. Now other authors join Mercedes Lackey to add their own special touches to this delightful alternate history in a world where magic is always just around the corner

[Finding the Way and Other Tales of Valdemar](#) Mercedes Lackey, 2010-12-07 In March 1987 a young author from Oklahoma published her first novel *Arrows of the Queen*. This modest book about a magical land called Valdemar was the beginning of a fantasy masterwork series that would span decades and include more than two dozen titles. Now readers can take a journey to the world of Valdemar including Tanya Huff, Mickey Zucker Reichert, Fiona Patton, and Judith Tarr, each adding their own special touches

Unnatural Issue Mercedes Lackey, 2025-09-23 The sixth novel in Mercedes Lackey's magical Elemental Masters series reimagines the fairy tale *Donkeyskin* in a richly detailed alternate Victorian England. Susanne Whitestone, an Earth Master magician, had always lived in Whitestone Manor and liked nothing more than to keep the land itself and its animal inhabitants thriving. For the last eleven years she has had a special teacher in the forest, a powerful fae known only as Robin. Susanne, at twenty-one, doubted any mortal Earth Master could find fault with the practices that Robin taught her. But though Susanne was her father's only child, she had never set eyes on him. For Richard Whitestone lived as a recluse in a sectioned-off wing of the manor. Richard Whitestone was also an Earth Master, but since his beloved wife's death in childbirth, he had lived a kind of half-life. He hated even the thought of the child who had ended his wife's life. His own life had withered, and as he had grown bitter and blighted, so had everything he could see from his windows: the once beautiful private garden was now as stark and wizened as his heart. But as the years passed, Richard found that there was one thing that gave him solace: the thought of an obsession that he could bring his Rebecca back to life through necromancy. He would need an appropriate vessel for her spirit, a young woman, preferably one who looked like she did and was approximately the same age that Rebecca has been at the time of her death: twenty-one. And Susanne was the image of her mother

From a High Tower Mercedes Lackey, 2025-09-23 The tenth novel in Mercedes Lackey's magical Elemental Masters series reimagines the fairy tale *Rapunzel* in a richly detailed alternate Victorian world. Giselle had lived fourteen years of her life in an abandoned tower. Her mother kept Giselle, a young Air Master, still growing into her abilities, isolated for the sake of herself and others. This life left her unprepared when a handsome young man appeared at the base of her tower. But when the young stranger entered her window, he tried to force himself on her. She was saved by Mother, an Earth Master, who hurled the man out the window he had climbed in. The Foresters of the Black Forest were Earth Masters whose job it was to cleanse the ancient forest of evil elementals, and over the next four years they shared their fighting expertise to teach Giselle self-defense. By the age of twenty

Giselle was an expert markswoman and it was this skill that she used to survive when Mother died Cutting her long hair she masqueraded as a boy to enter shooting competitions and used the prize money to support herself But she could not forget the first man who assaulted her for when that stranger had fallen from her tower long ago his body had never been found In Giselle s heart she was certain his magic had helped him to survive the fall Surely it was only a matter of time before he found her and sought revenge Was she prepared to stand against him *Home From the Sea* Mercedes Lackey,2025-09-23

The seventh novel in Mercedes Lackey s magical Elemental Masters series reimagines the fairy tale East of the Sun West of the Moon in a richly detailed alternate Victorian England For as long as she could remember Mari Prothero had seen things things that shouldn t that couldn t be real tiny manlike creatures that were mischievous and wore only seaweed and beings that spoke to her kindly but seemed to be made of water Mari had grown up in tiny Welsh fishing village where she lived alone with her father Daffyd a master fisherman her mother and brother having drowned when she was a child Mari had long ago given up trying to talk to her father about the creatures she saw But on the morning of her eighteenth birthday her father finally told her the great secret of the Prothero family Her family had an ancient covenant with magical shape shifters the Selch who were half human half seal people Her lost mother and brother were not truly dead but neither were they human Now Mari must abide by her family s magical compact or face dire consequences But Mari was not without protectors The tiny creatures she had seen her whole life counseled her to bargain with the Selch While in faraway London Lord Alderscroft head of the Elemental Masters was aware that a powerful but untrained Water Master on the far coast of Wales was being threatened by some of the Elemental Elder Spirits and he had dispatched some very unique champions to come to Mari s aid *Spy, Spy Again* Mercedes Lackey,2020-06-09

In this third novel of the Family Spies series set in the bestselling world of Valdemar Heralds Mags and Amily s youngest child must follow in his parents footsteps to protect both his family and the realm Thirteen year old Prince Kyril and Mags and Amily s fourteen year old son Tory share the Gift of Farsight although neither of them are Chosen They are self trained though currently their shared Gift only allows them to see what is happening with their immediate family members After much debate the Herald s Collegium has decided to test and train them anyway That s when the surprises start They do not share a single Gift they have two complementary Gifts working together in a way that the Heralds have never seen before Tory is the Farseer Kee s Gift is to extend his range beyond a few dozen feet Their Gifts become crucial when Mags gets a desperate message from his cousin Bey the head of the enigmatic assassin tribe the Sleepgivers Bey s eldest daughter has been kidnapped but he doesn t know why or by whom He s calling in the debt Mags owes him to find his daughter before it s too late Tory is certain that if anyone can find her he can But that will mean traveling out of Valdemar into an unknown dangerous country And it will mean taking a Royal Prince with him
