Political Economy Of Lebanon 1948:

A Political Economy of Lebanon, 1948-2002 Toufic Gaspard, 2003-12-01 This book is about the laissez faire strategy for economic development a strategy inspired by neoclassical mainstream economics advocated by the Washington Consensus and implemented by the Bretton Woods institutions Mainstream economics has taken legitimacy from the historical failure of command economies But this view has not been balanced by an examination of the performance of laissez faire economies the closest to the pure market model Lebanon provides a unique test case in this regard The book assesses Lebanon s development during 1948 2002 including its industrial and financial performance The dynamics of the laissez faire system is separately studied from a Post Keynesian perspective highlighting institutional behavior It is found that laissez faire is not a sufficient condition for economic development and can even be counterproductive *A Critical Political Economy of the Middle East and North Africa* Joel Beinin, Bassam Haddad, Sherene Seikaly, 2020-12-22 This book offers the first critical engagement with the political economy of the Middle East and North Africa Challenging conventional wisdom on the origins and contemporary dynamics of capitalism in the region these cutting edge essays demonstrate how critical political economy can illuminate both historical and contemporary dynamics of the region and contribute to wider political economy debates from the vantage point of the Middle East Leading scholars representing several disciplines contribute both thematic and country specific analyses Their writings critically examine major issues in political economy notably the mutual constitution of states markets and classes the co constitution of class race gender and other forms of identity varying modes of capital accumulation and the legal political and cultural forms of their regulation relations among local national and global forms of capital class and culture technopolitics the role of war in the constitution of states and classes and practices and cultures of domination and resistance Visit politicaleconomyproject.org for additional media and learning resources **The Politics of Sectarianism in Postwar Lebanon** Bassel F Salloukh, Rabie Barakat, Jinan S Al-Habbal, Lara. W Khattab, Shoghig Mikaelian, 2015-07-20 The wave of popular uprisings that swept across the Arab world starting in December 2010 rattled regimes from Morocco to Oman However Lebanon s sectarian system proved immune to the domestic and regional pressures unleashed by the Arab Spring How can this be explained How has the country s political elite dealt with challenges to the system And finally what lessons can other Arab states draw from Lebanon s sectarian experience This book looks at the mix of institutional clientelist and discursive practices that sustain the sectarian nature of Lebanon It exposes snapshots of an ever expanding sectarian web that occupies substantial areas of everyday life and surveys struggles waged by opponents of the system by women teachers public sector employees students or coalitions across NGOs and how their efforts are often sabotaged or contained by numerous systematic forces [From Political Economy to Economics through Nineteenth-Century Literature](#) Elaine Hadley, Audrey Jaffe, Sarah Winter, 2019-09-26 Focusing on the transition from political economy to economics this volume seeks to restore social content to economic abstractions through readings of nineteenth

century British and American literature The essays gathered here by new as well as established scholars of literature and economics link important nineteenth century texts and histories with present day issues such as exploitation income inequality globalization energy consumption property ownership and rent human capital corporate power and environmental degradation Organized according to key concepts for future research the collection has a clear interdisciplinary humanities approach and international reach These diverse essays will interest students and scholars in literature history political science economics sociology law and cultural studies in addition to readers generally interested in the Victorian period

The Limits of Laissez-faire Toufic K. Gaspard,1992 Stability and the Lebanese State in the 20th Century Tarek Abou Jaoude,2022-08-25 Explaining state building failures in Lebanon during the 20th century this book looks at the relationship between legitimacy and stability in the country since the creation of the state in 1920 The presence of legitimacy is considered necessary to any successful state building endeavour This book argues that the Lebanese state failed to achieve any meaningful form of legitimacy from its inception in 1920 to its near collapse during the civil war However by analysing different eras of Lebanese history throughout the different presidential terms the author challenges the general understanding of stability and governance to show that the absence of legitimacy and society support actually contributed to the persistence of the Lebanese state More than this the evidence shows that Lebanese state was at its most stable when it was regarded as illegitimate The wider implicit question thus asked in the book revolves around a case where illegitimacy within the state is what ensures its stability and survival Based on primary sources including national archives and collections institutional documents personal memoirs newspapers and journals this book provides a rich survey on the development and functioning of Lebanese political institutions Power-Sharing after Civil War John Nagle,Mary-Alice Clancy,2021-11-29 This book provides a wide ranging exploration of the legacy of Lebanon s peace agreement in the 30 years since it was signed The chapters in this edited volume have been written by leading scholars and provide in depth analyses of key issues in postwar Lebanon including the performance of power sharing human rights communal memory and sectarianism conflict and peace militias political parties and elections A core strength of the book is the multidisciplinary approach to understanding postwar Lebanon ranging from political science international relations sociology conflict and peace studies history and memory studies The multidisciplinary character of the book allows for a rich and detailed evaluation of the ongoing legacy and consequences of Lebanon s postwar settlement The book will be of interest to scholars students and people interested in contemporary Lebanese politics and society It will also be attractive for a wider international audience interested in the consequences of postwar power sharing systems and peace processes The chapters in this book were originally published as a special issue of the journal Nationalism and Ethnic Politics Government and Politics of the Middle East and North Africa Sean Yom,2019-10-30 The latest edition of this renowned textbook explores the states and regimes of the Middle East and North Africa Presenting heavily revised fully updated chapters contributed by the

world's leading experts it analyzes the historical trajectory political institutions economic development and foreign policies of the region's nearly two dozen countries The volume can be used in conjunction with its sister volume *The Societies of the Middle East and North Africa* for a comprehensive overview of the region Chapters are organized and structured identically giving insightful windows into the nuances of each country's domestic politics and foreign relations Data tables and extensive annotated bibliographies orient readers towards further research Whether used in conjunction with its sister volume or on its own this book provides the most comprehensive and detailed overview of the region's varied politics Five new experts cover the critical country cases of Turkey Lebanon Jordan Saudi Arabia and Iran All chapters cover the latest events including trends that have remarkably changed in just a few years like the gradual end of the Syrian civil war As such this textbook is invaluable to students of Middle Eastern politics The ninth edition brings substantial changes All chapters also have a uniform streamlined structure that explores the historical context social and economic environment political institutions regime dynamics and foreign policy of each country Fact boxes and political maps are now far more extensive and photographs and images also help illustrate key points Annotated bibliographies are vastly expanded providing nothing short of the best list of research references for each country

Historical Dictionary of Islam Ludwig W. Adamec, 2009-05-11 The second edition of the *Historical Dictionary of Islam* presents a concise overview of Islamic history religion philosophy and Islamic political movements

Reconstructing our Understanding of State Legitimacy in Post-conflict States Ruby Dagher, 2021-02-20 This book reassesses performance legitimacy in the context of statebuilding and identifies the paradox between state institution building and state legitimacy by looking at the interplay between state legitimacy and leaders legitimacy The author reviews the significant weaknesses associated with the current measures of state legitimacy and uses this to demonstrate the incompatibility of these measurements with the reality faced by conflict and post conflict countries The author uses the Performance Legitimacy Theory of Transition framework to demonstrate the potential legitimacy paths that post conflict countries can embark on and proposes a new approach for building state legitimacy in post conflict countries The author also introduces new indicators to measure performance legitimacy that also reflect its non exclusive nature Essential reading for students and researchers of Peace and Conflict Studies and especially of post conflict development peacebuilding statebuilding intervention and democracy promotion Also accessible to policy makers

The Shi'ites of Lebanon Rula Jurdi Abisaab, Malek Abisaab, 2014-12-09 The complex history of Lebanese Shi'ites has traditionally been portrayed as rooted in religious and sectarian forces The Abisaabs uncover a more nuanced account in which colonialism the modern state social class and provincial politics profoundly shaped Shi'i society The authors trace the sociopolitical economic and intellectual transformation of the Shi'ites of Lebanon from 1920 during the French colonial period until the late twentieth century They shed light on the relationship of contemporary Islamic militancy with traditions of religious modernism and leftism in both Lebanon and Iraq Analyzing the interaction between sacred and secular features

of modern Shi'ite society the authors clearly follow the group's turn toward religious revolution and away from secular activism This book transforms our understanding of twentieth century Lebanese history and demonstrates how the rise of Hizbullah was conditioned by Shi'ites consistent marginalization and neglect by the Lebanese state Humanitarian Rackets and their Moral Hazards Rayyar Marron, 2016-04-14 The humanitarian crisis in the Palestinian refugee camps of Lebanon has become one of the most populist causes in the world yet the causes of the crisis have been misrepresented whilst on going humanitarian assistance could arguably be said to amplify problems that exist in the camps Shedding light on the disturbing occurrence of corruption rent seeking and racketeering together with the emergence of zones of privatised territory based on self enrichment this book challenges the conception of refugees in camps as helpless vulnerable individuals Based on detailed and sustained research at the camp of Shatila in Beirut Humanitarian Rackets and their Moral Hazards reveals that even the access of humanitarian agencies to the camp is determined by payment to certain refugee groups whilst the degree of humanitarian interaction has created a sense of entitlement amongst some based on a belief in their own exceptionalism as a displaced ethnic group Detailing the everyday economic transactions that transpire in refugee camps this book shows that far from being helpless victims with no power over their circumstances many Palestinian refugees have created lucrative ventures from humanitarian assistance A rich yet troubling study of refugee life and the cartelisation of camp space this book will be of interest to sociologists anthropologists and political scientists working in the fields of humanitarian intervention development criminology and informal economies **Power, Resistance, Ideology and the State** Ali M. Ansari, T. B. Dodge, Daniel Neep, Toby Dodge, 2025-08-05 A wide ranging innovative and essential exploration of the politics of today's Middle East **Power Resistance Ideology and the State** Charles Tripp and the **Comparative Politics of the Middle East** seeks to present a new understanding of a region of unprecedented volatility where postcolonial projects of state driven development have now expired old ruling elites have been delegitimized and political Islam discredited The work of Charles Tripp professor at the School of Oriental and African Studies SOAS for over three decades has shaped a distinct approach to the study of Middle East politics with an analytical sensibility that is empirically rich theoretically insightful and historically sensitive This volume brings together contributions from ten political scientists and historians from across Europe the United States and the Middle East each of which takes Tripp's work as an intellectual point of departure for studying Middle East politics Against this background the contributors explore the contemporary developments that have emerged to fill the intellectual and material shortcomings created by the systemic failures of economics and politics in the region The contributions focus on four themes that are central to an understanding of Middle East politics power resistance ideology and the state to examine political trends in cases ranging from Iran and Iraq to Jordan Lebanon and Syria Each chapter combines extensive field research and a knowledge of regional politics with methodological and philosophical reflexivity to produce a collection of papers at the cutting edge of contemporary Middle East Studies *The Foreign Policies*

of Arab States 'Alī al-Dīn Hilāl,2010 This is an indispensable aid for those studying or teaching the foreign policies of the contemporary Middle East Not only are the elements of foreign policy discussed and presented as a whole region but the editors provide the established analytical framework by which each contributor in their individual chapters has analyzed and evaluated the foreign policies of nine Arab countries Their framework perceives foreign policy in the context of its environment domestic regional and global This edition has new material reflecting the earth shaking events at the end of the Cold War and the continuation of violence and terrorism

A History of the Modern Middle East Betty S.

Anderson,2016-04-20 A History of the Modern Middle East offers a comprehensive assessment of the region stretching from the fourteenth century and the founding of the Ottoman and Safavid empires through to the present day protests and upheavals The textbook focuses on Turkey Iran and the Arab countries of the Middle East as well as areas often left out of Middle East history such as the Balkans and the changing roles that Western forces have played in the region for centuries to discuss the larger contexts and influences on the region s cultural and political development Enriched by the perspectives of workers and professionals urban merchants and provincial notables slaves students women and peasants as well as political leaders the book maps the complex social interrelationships and provides a pivotal understanding of the shifting shapes of governance and trajectories of social change in the Middle East Extensively illustrated with drawings photographs and maps this text skillfully integrates a diverse range of actors and influences to construct a narrative that is at once sophisticated and lucid A History of the Modern Middle East highlights the region s complexity and variation countering easy assumptions about the Middle East those who governed and those they governed the rulers rebels and rogues who shaped a region

The labour movement in Lebanon Lea Bou Khater,2022-02-22 The labour movement in Lebanon Power on hold narrates the history of the Lebanese labour movement from the early twentieth century to today Bou Khater demonstrates that trade unionism in the country has largely been a failure for reasons including state interference tactical co optation and the strategic use of sectarianism by an oligarchic elite together with the structural weakness of a service based laissez faire economy Drawing on a vast body of Arabic language primary sources and difficult to access archives the book s conclusions are significant not only for trade unionism but also for new forms of workers organisations and social movements in Lebanon and beyond The Lebanese case study presented here holds significant implications for the wider Arab world and for comparative studies of labour This authoritative history of the labour movement in Lebanon is vital reading for scholars of trade unionism Lebanese politics and political economy

Hezbollah Joseph Daher,2016-10-20 Hezbollah provides a new grounded analysis of the controversial and misunderstood Lebanese party Where previous books have focused on aspects of the party s identity the military question or its religious discourse here Joseph Daher presents an alternative perspective built upon political economy Drawing on extensive fieldwork in Lebanon and dozens of interviews as well as new archival and other primary sources Daher s analysis confidently positions Hezbollah within socio economic and political developments in

Lebanon and the Middle East He emphasises Hezbollah's historic ties with its main sponsor the Islamic Republic of Iran its media and cultural wings and its relationship with Western economic policies Further chapters examine the party's policies towards workers struggles and women's issues and its orientation towards the sectarian Lebanese political system Hezbollah is a well informed and fresh analysis of a topic which remains central to our understanding of one of the world's most tumultuous and politically unstable regions

Pretty Liar Natalie Khazaal,2018-11-15 How did a new irresistible brand of television emerge from the Lebanese Civil War 1975-91 to conquer the Arab region in the satellite era What role did seductive news anchors cool language teachers superheroes and gossip magazines play in negotiating a modern relationship between television and audiences How did the government lose its television monopoly to sectarian militias Pretty Liar tells the untold story of the coevolution of Lebanese television and its audience and the ways in which the Civil War of 1975-91 influenced that transformation Based on empirical data Khazaal explores the rise of language and gender politics in Lebanese television and the storm of controversy during which these issues became a referendum on television's relevance This groundbreaking book challenges the narrow focus on present day satellite television and social media offering the first account of how broadcast television transformed media legitimacy in the Arab world With its analysis of news entertainment and educational shows from T I Liban and LBC novels periodicals and popular culture Pretty Liar demonstrates how television became a site for politics and political resistance feminism and the cradle of the postwar Lebanese culture The history of television in Lebanon is not merely a record of corporate technology but the saga of a people and their continuing demand for responsive media during times of civil unrest
