Twentieth-Century Organ Music Christopher S. Anderson, 2013-06-17 This volume explores twentieth century organ
music through in depth studies of the principal centers of composition the most significant composers and their works and
the evolving role of the instrument and its music The twentieth century was a time of unprecedented change for organ music
not only in its composition and performance but also in the standards of instrument design and building Organ music was
anything but immune to the complex musical intellectual and socio political climate of the time Twentieth Century Organ
Music examines the organ s repertory from the entire period contextualizing it against the background of important social
and cultural trends In a collection of twelve essays experienced scholars survey the dominant geographic centers of organ
music France the Netherlands Scandinavia the United States and German speaking countries and investigate the composers
who made important contributions to the repertory Reger in Germany Messiaen in France Ligeti in Eastern and Central
Europe Howells in Great Britain Twentieth Century Organ Music provides a fresh vantage point from which to view one of

aspects of sound practices during the silent film period in America Beginning with sound accompaniment and continuing
through to the more familiar sound practices of the 1920s renowned film historian Rick Altman discusses the variety of sound
strategies cinema exhibitors used to differentiate their products During the nickelodeon period prior to 1910 this variety
reached its zenith with carnival like music automatic pianos small orchestras lecturers synchronized sound systems and
voices behind the screen In the 1910s musical accompaniment began to support a film s narrative and emotional content with
large theaters and blockbuster productions driving the development of new instruments new music publication projects and a
new style of film music A monumental achievement *Silent Film Sound* challenges common assumptions about this period and
reveals the complex and swiftly changing nature of silent American cinema **Harvard Musical Review**, 1913 **Musical**
