**A Portrait of the Artist as an Anthropomorphic Genius-Machine** Peter Jalesh,2013-06-26 There is no genuine affiliation between Joyce s book A Portrait of the Artist as a Young Man and this book with the exception of the mock title that in the current usage plays the role of a gigantesque pastiche Joyce s portraiture genre superimposed over a restless American landscape becomes blurred In reality A Portrait of the Artist as an Anthropomorphic Genius Machine is an antidote to Joyce s story In Joyce s story the characters fold inside the chronicle and become elements of style In A Portrait of the Artist as an Anthropomorphic Genius Machine the characters appear swell and decay as real living experiences though mundane As opposed to Joyce s super esthetic and pedantic tale where even the pain is suffered as part of some metaphor this story tends to show that an American version of it is nothing but a byproduct of a society that is wide enough to gulp down success happiness failures anxiety malaise and death without affectation The portrait story is set in a small town called New Braintree and moves around three school pals Joe Walter and Peter whose lives intersect for the length of the story Joe the main character stands out as a nonconformist genius and a trouble packed kid He is living his anger filled childhood as if he was hurled into his own life by forces outside his control Walter is a prince boy and functions as a counterpoint to Joe It is as if Walter could act only as long as he is part of this double portrait though in essence he d like to be Joe Peter is the witnessing chronicler As opposed to Joe and Walter he acts always like a thin and unnoticeable shadow In this trio Joe is the one who puts a fresh and original spin on teenage happenings and its growing pains Thus the story evolves most of the time around Joe s rebellious personality and his spoiled life seen him either as a problems ridden child unable to put his life back in order after his mom dies or as a teenager that falls prey to drugs and gambling or at the end as a young man crusader for lost causes for which he dies Joe s case would prove not only that brightness and geniality could be weakened and eventually shattered by recklessness and excessive misbehavior but also that fate and circumstance are playing sometimes an even more fatal role

Modernity and Autobiography in Nineteenth-Century America James E. Dobson, 2017-09-14 This book examines temporal and formal disruptions found in American autobiographical narratives produced during the end of the nineteenth century It argues that disruptions were primarily the result of encounters with new communication and transportation technologies Through readings of major autobiographical works of the period James E Dobson argues that the range of affective responses to writing communicating and traveling at increasing speed and distance were registered in this literature's formal innovation These autobiographical works Dobson claims complicate our understanding of the lived experience of time temporality and existing accounts of periodization This study first examines the competing views of space and time in the nineteenth century and then moves to examine how high speed train travel altered American literary regionalism the region and history Later chapters examine two narratives of failed homecoming that are deeply ambivalent about modernity and technology Henry James's *The American Scene* and Theodore Dreiser's *A Hoosier Holiday* before a reading of the telephone network as a metaphor for historiography and autobiography in Henry Adams's *The Education of Henry Adams*
