from the seminal work of the French scholar Annie Jaubert on the date of the Last Supper the present work revisits known and identifies new calendrical issues in the literature of Second Temple Judaism The research supports the conclusion that all known calendrical traditions functioned on the tenet that orthopraxis in ancient Judaism meant close interconnection between cultic and agricultural cycles From this perspective the book removes the calendrical objection leveled at the Jaubertian theory Further the research brings new light on current debates about Qumran calendrical documents and proposes the identification of a previously unknown calendrical polemic in the Astronomical Book of Enoch concerning the synchronization of the 364DY tradition with the lunar cycle

Pfatteicher, 1997-04-01 Well known liturgical scholar and writer Philip Pfatteicher turns his attention in this book to liturgical spirituality as distinct from liturgy and spirituality which assumes two essentially separate disciplines Liturgical spirituality is a holistic concept bringing together both liturgy and spirituality with reference to the interior life of the spirit that is formed and nurtured by the church's liturgy Pfatteicher acknowledges that there are other kinds of spirituality that appear to flourish apart from and in addition to the liturgy for example the spirituality of the desert ascetics of the early centuries of christianity the devotion of the Religious Society of Friends and many forms of meditation and spiritual discipline such as the Spiritual Exercise of Ignatius Loyola The focus of the present volume however is on the spiritual life as formed by the liturgy the ordered form of Christian worship East and West Catholic and Protestant In addition to the form of worship one might experience on a Sunday morning *Liturgical Spirituality* guides the reader through and into the experience of daily prayer the Easter Vigil the Church Year the Eucharist hymns and music Baptism and even church architecture as hallowing space In 1955 Louis Bouyer published an admirable study entitled *Liturgical Piety* written before Vatican II and its far reaching reforms that fundamentally changed the entire Western church Philip Pfatteicher has now taken up the challenge of expanding upon Bouyer with a current and invigorating study not of liturgical

piety but of liturgical spirituality Philip Phatteicher is Professor of English at East Stroudsburg University in Pennsylvania a frequent writer and lecturer on liturgical issues and author of A Dictionary of Liturgical Terms and The School of the Church Worship and Christian Formation both published by Trinity Press
