

Reclaiming The Game

Christian Anderson, Amber Fallucca

Reclaiming The Game:

Reclaiming the Game Clinton Ford, 2017-04-25 Thanks to an expansion of the College and Beyond database that resulted in the highly influential studies *The Shape of the River* and *The Game of Life* the authors are able to analyze in great detail the backgrounds academic qualifications and college outcomes of athletes and their classmates at thirty three academically selective colleges and universities that do not offer athletic scholarships They show that recruited athletes at these schools are as much as four times more likely to gain admission than are other applicants with similar academic credentials

Reclaiming the Game William G. Bowen, Sarah A. Levin, 2011-06-27 In *Reclaiming the Game* William Bowen and Sarah Levin disentangle the admissions and academic experiences of recruited athletes walk on athletes and other students In a field overwhelmed by reliance on anecdotes the factual findings are striking and sobering Anyone seriously concerned about higher education will find it hard to wish away the evidence that athletic recruitment is problematic even at those schools that do not offer athletic scholarships Thanks to an expansion of the College and Beyond database that resulted in the highly influential studies *The Shape of the River* and *The Game of Life* the authors are able to analyze in great detail the backgrounds academic qualifications and college outcomes of athletes and their classmates at thirty three academically selective colleges and universities that do not offer athletic scholarships They show that recruited athletes at these schools are as much as four times more likely to gain admission than are other applicants with similar academic credentials The data also demonstrate that the typical recruit is substantially more likely to end up in the bottom third of the college class than is either the typical walk on or the student who does not play college sports Even more troubling is the dramatic evidence that recruited athletes underperform they do even less well academically than predicted by their test scores and high school grades Over the last four decades the athletic academic divide on elite campuses has widened substantially This book examines the forces that have been driving this process and presents concrete proposals for reform At its core *Reclaiming the Game* is an argument for re establishing athletics as a means of fulfilling instead of undermining the educational missions of our colleges and universities

Reclaiming the Game William G. Bowen, Sarah A. Levin, 2003 The authors wade through the sea of anecdotal and ultimately flawed evidence presented in other studies on the subject and offer their own

scrupulously researched account of the recruitment process for college athletics serving up a disturbing portrait of young men and women who are played and ultimately failed by the system Education

The Price of Admission (Updated Edition) Daniel Golden, 2009-01-21 NATIONAL BESTSELLER A fire breathing righteous attack on the culture of superprivilege Michael Wolff author of the 1 New York Times bestseller *Fire and Fury* in the New York Times Book Review NOW WITH NEW REPORTING ON OPERATION VARSITY BLUES In this explosive and prescient book based on three years of investigative reporting Pulitzer Prize winner Daniel Golden shatters the myth of an American meritocracy Naming names along with grades and test scores Golden lays bare a corrupt system in which middle class and working class whites and

Asian Americans are routinely passed over in favor of wealthy white students with lesser credentials children of alumni big donors and celebrities He reveals how a family donation got Jared Kushner into Harvard and how colleges comply with Title IX by giving scholarships to rich women in patrician sports like horseback riding and crew With a riveting new chapter on Operation Varsity Blues based on original reporting *The Price of Admission* is a must read not only for parents and students with a personal stake in college admissions but also for those disturbed by the growing divide between ordinary and privileged Americans Praise for *The Price of Admission* A disturbing exposé of the influence that wealth and power still exert on admission to the nation's most prestigious universities *The Washington Post* Deserves to become a classic *The Economist*

Excellence Without a Soul Harry Lewis, 2007-08-14 A Harvard professor and former Dean of Harvard College offers his provocative analysis of how America's great universities are failing students and the nation **Pay for Play** Ronald A. Smith, 2010-10-01 In an era when college football coaches frequently command higher salaries than university presidents many call for reform to restore the balance between amateur athletics and the educational mission of schools This book traces attempts at college athletics reform from 1855 through the early twenty first century while analyzing the different roles played by students faculty conferences university presidents the NCAA legislatures and the Supreme Court *Pay for Play* A History of Big Time College Athletic Reform also tackles critically important questions about eligibility compensation recruiting sponsorship and rules enforcement Discussing reasons for reform to combat corruption to level the playing field and to make sports more accessible to minorities and women Ronald A Smith candidly explains why attempts at change have often failed Of interest to historians athletic reformers college administrators NCAA officials and sports journalists this thoughtful book considers the difficulty in balancing the principles of amateurism with the need to draw income from sporting events *The Transformation of Title IX* R. Shep Melnick, 2018-03-06 One civil rights era law has reshaped American society and contributed to the country's ongoing culture wars Few laws have had such far reaching impact as Title IX of the Education Amendments of 1972 Intended to give girls and women greater access to sports programs and other courses of study in schools and colleges the law has since been used by judges and agencies to expand a wide range of antidiscrimination policies most recently the Obama administration's 2016 mandates on sexual harassment and transgender rights In this comprehensive review of how Title IX has been implemented Boston College political science professor R Shep Melnick analyzes how interpretations of equal educational opportunity have changed over the years In terms accessible to non lawyers Melnick examines how Title IX has become a central part of legal and political campaigns to correct gender stereotypes not only in academic settings but in society at large Title IX thus has become a major factor in America's culture wars and almost certainly will remain so for years to come *Stolen Bases* Jennifer Ring, 2009 A revealing look at the history of women's exclusion from America's national pastime **The Making of Princeton University** James Axtell, 2021-03-09 In 1902 Professor Woodrow Wilson took the helm of Princeton University then a small denominational college with few

academic pretensions But Wilson had a blueprint for remaking the too cozy college into an intellectual powerhouse The Making of Princeton University tells for the first time the story of how the University adapted and updated Wilson s vision to transform itself into the prestigious institution it is today James Axtell brings the methods and insights from his extensive work in ethnohistory to the collegiate realm focusing especially on one of Princeton s most distinguished features its unrivaled reputation for undergraduate education Addressing admissions the curriculum extracurricular activities and the changing landscape of student culture the book devotes four full chapters to undergraduate life inside and outside the classroom The book is a livelywarts and all rendering of Princeton s rise addressing such themes as discriminatory admission policies the academic underperformance of many varsity athletes and the controversial bicker system through which students have been selected for the University s private eating clubs Written in a delightful and elegant style The Making of Princeton University offers a detailed picture of how the University has dealt with these issues to secure a distinguished position in both higher education and American society For anyone interested in or associated with Princeton past or present this is a book to savor

Wisdom's Workshop James Axtell,2023-03-07 An essential history of the modern research university When universities began in the Middle Ages Pope Gregory IX described them as wisdom s special workshop He could not have foreseen how far these institutions would travel and develop Tracing the eight hundred year evolution of the elite research university from its roots in medieval Europe to its remarkable incarnation today *Wisdom s Workshop* places this durable institution in sweeping historical perspective In particular James Axtell focuses on the ways that the best American universities took on Continental influences developing into the finest expressions of the modern university and enviable models for kindred institutions worldwide Despite hand wringing reports to the contrary the venerable university continues to renew itself becoming ever more indispensable to society in the United States and beyond Born in Europe the university did not mature in America until the late nineteenth century Once its heirs proliferated from coast to coast their national role expanded greatly during World War II and the Cold War Axtell links the legacies of European universities and Tudor Stuart Oxbridge to nine colonial and hundreds of pre Civil War colleges and delves into how U S universities were shaped by Americans who studied in German universities and adapted their discoveries to domestic conditions and goals The graduate school the PhD and the research imperative became and remain the hallmarks of the American university system and higher education institutions around the globe A rich exploration of the historical lineage of today s research universities *Wisdom s Workshop* explains the reasons for their ascendancy in America and their continued international preeminence

Football and Philosophy Michael W. Austin,2008-07-11 Vince Lombardi who relished his undergraduate studies in philosophy would have loved this book Booklist *Football and Philosophy* Going Deep investigates many of the issues surrounding the nation s biggest sport From a review of the flaws of the Bowl Championship Series to a study of the violence inherent in the game to an examination of Vince Lombardi s views on winning to the problems created by the development of instant replay the

essays in this collection tackle the moral and philosophical principles behind gridiron competition The result is an insightful humorous and original book that will engage all fans of the game Insightful and informative as well as provocative and entertaining Charles Taliaferro author of *Consciousness and the Mind of God* **FWS/OBS.** ,1977 *Citadels of Pride: Sexual Abuse, Accountability, and Reconciliation* Martha C. Nussbaum,2021-05-11 A groundbreaking exploration of sexual violence by one of our most celebrated experts in law and philosophy In this essential philosophical and practical reckoning Martha C Nussbaum renowned for her eloquence and clarity of moral vision shows how sexual abuse and harassment derive from using people as things to one s own benefit like other forms of exploitation they are rooted in the ugly emotion of pride She exposes three Citadels of Pride and the men who hoard power at the apex of each In the judiciary the arts and sports Nussbaum analyzes how pride perpetuates systemic sexual abuse narcissism and toxic masculinity The courage of many has brought about some reforms but justice is still elusive warped sometimes by money power or inertia sometimes by a collective desire for revenge By analyzing the effects of law and public policy on our ever evolving definitions of sexual violence Nussbaum clarifies how gaps in U S law allow this violence to proliferate why criminal laws dealing with sexual assault and Title VII the federal law that is the basis for sexual harassment doctrine need to be complemented by an understanding of the distorted emotions that breed abuse and why anger and vengeance rarely achieve lasting change *Citadels of Pride* offers a damning indictment of the culture of male power that insulates high profile abusers from accountability Yet Nussbaum offers a hopeful way forward envisioning a future in which as survivors mobilize to tell their stories and institutions pursue fair and nuanced reform we might fully recognize the equal dignity of all people *A Teacher's Life* Robert B. Talisse, Maureen Eckert,2021-08-24 Steven M Cahn belongs to that exclusive class of professors who have not only contributed influentially to the leading debates of their discipline but have also written insightfully about the academic vocation itself This volume comprises thirteen essays authored by Cahn s colleagues and former students presented in his honor on the occasion of his twenty fifth year as professor of philosophy at the City University of New York Graduate Center The essays focus on topics that have been central to Cahn s philosophical work such as the teaching of philosophy the responsibilities of philosophy professors the nature of happiness and the concept of the good life **CONTRIBUTORS** Norman Bowie Steven M Cahn Randall Curren Maureen Eckert Alan Goldman Tziporah Kasachkoff Peter Markie John O Connor David Rosenthal David Shatz George Sher Robert Simon Douglas Stalker Robert B Talisse Christine Vitrano **The History of American College Football** Christian Anderson, Amber Fallucca,2021-05-19 This volume provides unique insight into how American colleges and universities have been significantly impacted and shaped by college football and considers how U S sports culture more generally has intersected with broader institutional and educational issues By documenting events from the nineteenth and twentieth centuries including protests legal battles and policy reforms which were centred around college sports this distinctive volume illustrates how football has catalyzed broader controversies

and progress relating to race and diversity commercialization corruption and reform in higher education Relying foremost on primary archival material chapters illustrate the continued cultural social and economic themes and impacts of college athletics on U S higher education and campus life today This text will benefit researchers graduate students and academics in the fields of higher education as well as the history of education and sport more broadly Those interested in the sociology of education and the politics of sport will also enjoy this volume Entering the Field Gary Armstrong, Richard

Giulianotti, 1997-06 As the 1994 World Cup Finals in the United States clearly demonstrated football is the quintessential global game One of the world s most popular arenas for the expression of conflict and emotion it is virtually unparalleled as a site for cultural analysis Players officials supporters and commentators all have key roles in a social drama incorporating the deeply symbolic and ritualistic A powerful vehicle for ideals of masculinity football also offers penetrating insights into the iconography of the body manifestations of rivalry and conflict discourses of knowledge expressions of *communitas* and *geo social* belonging the celebration and denigration of the Other and the inversion of power hierarchies through carnival In bringing these themes together this accessible and absorbing book by leading scholars of sport and leisure reveals football s differing meanings across cultures It will be of interest to students and scholars in cultural studies anthropology sports sciences and more simply to anyone with a passion for this global game *The Journal of College and University Law* , 2003

Locally Played Benjamin Stokes, 2020-04-07 How games can make a real world difference in communities when city leaders tap into the power of play for local impact In 2016 city officials were surprised when Pok mon GO brought millions of players out into the public space blending digital participation with the physical Yet for local control and empowerment a new framework is needed to guide the power of mixed reality and pervasive play In *Locally Played* Benjamin Stokes describes the rise of games that can connect strangers across zip codes support the buy local economy and build cohesion in the fight for equity With a mix of high and low tech games Stokes shows cities can tap into the power of play for the good of the group including healthier neighborhoods and stronger communities Stokes shows how impact is greatest when games fit to the local community not just in terms of culture but at the level of group identity and network structure By pairing design principles with a range of empirical methods Stokes investigates the impact of several games including Macon Money where an alternative currency encouraged people to cross lines of socioeconomic segregation in Macon Georgia Reality Ends Here where teams in Los Angeles competed to tell multimedia stories around local mythology and Pok mon GO appropriated by several cities to serve local needs through local libraries and open street festivals *Locally Played* provides game designers with a model to strengthen existing networks tied to place and gives city leaders tools to look past technology trends in order to make a difference in the real world *Currents* , 2003 **The Ecological Effects of Coal Strip-mining** Colorado State University. Natural Resource Ecology Laboratory, 1978
