Reclams Filmführer:

Reclams Filmführer Dieter Krusche, 2000 Das Recht der Filmförderung in Deutschland Thomas Neumann, 2017-06-30
In Deutschland entsteht kaum ein Film ohne staatliche Filmförderung. Jährlich werden Filme mit mehreren hundert Mio. Euro subventioniert. Das vorliegende Buch gibt einen umfassenden Überblick über die vielfältigen Möglichkeiten der Filmförderung in Deutschland und wirft auch einen Blick auf europäische Fördermaßnahmen. Dabei wird erörtert, ob nationale Filmförderung tatsächlich kulturell und wirtschaftlich sinnvoll ist oder Kreativität und Innovationsprozesse eher beschneidet. Zudem stellen rechtliche Fragen Bund und Länder vor Probleme. Der Autor legt die rechtlichen Grundlagen der Filmförderung dar und gibt Denkanstöße für Änderungen, die der Wandel der Medienwelt erforderlich macht. Thomas Neumann studierte Rechtswissenschaften in Freiburg und Genf. Er promovierte mit dieser Arbeit an der Albert-Ludwigs-Universität Freiburg.

Jews and Film Eleonore Lappin, 2004 **Cultural History Through a National Socialist Lens** Robert Charles Reimer, 2000
This collection of essays offers a view of Nazi Germany through an analysis of twenty films. These represent a sampling of the period's directors and reflect the film medium's major genres. For in spite of the control that Goebbels's film industry exercised over all aspects of filmmaking in the Third Reich, the films reveal an individuality that belies subsuming them under any one rubric or containing them within any one theory. Films such as *Hitlerjunge Quex*, *Die große Liebe*, and *Auf Wiedersehen, Franziska* represent the Nazi film industry's efforts to propagandize through entertainment. Others such as *Imensee*, *Kleider machen Leute*, and *Der Schimmelreiter* reveal an attempt to expropriate Germany's rich literary past for the regime. These literary adaptations and films like *Glücksränder*, *La Habanera*, and *Der Kaiser von Kalifornien* today seem void of Nazi ideology if viewed outside the context of Nazism. Yet another film, *Der ewige Jude*, shocks us with its virulent anti-Semitism and hateful propaganda almost sixty years after its release. All of the films treated regardless of their fame or notoriety or the level of commitment of their directors to the Nazi cause played an important role in a cinema that not only represents the dreams and lives of the citizens of the Third Reich but influenced them as well. Robert C. Reimer is professor of German at the University of North Carolina, Charlotte.

Ethnic Drag Katrin Sieg, 2023-06-20
The Holocaust is considered a singularly atrocious event in human history, and many people have studied its causes. Yet few questions have been asked about the ways in which West Germans have forgotten, unlearned, or reconstructed the racial beliefs at the core of the Nazi state in order to build a democratic society. This study looks at ethnic drag, *Ethnomaskerade*, as one particular kind of performance that reveals how postwar Germans lived, disavowed, and contested Germanness in its complex racial, national, and sexual dimensions. Using engaging case studies, *Ethnic Drag* traces the classical and travestied traditions of Jewish

impersonation from the eighteenth century onward to construct a pre history of postwar ethnic drag It examines how shortly after World War II mass culture and popular practices facilitated the repression and refashioning of Nazi racial precepts During a time when American occupation authorities insisted on remembrance and redress for the Holocaust the Wild West emerged as a displaced theater of the racial imagination where the roles of victim avenger and perpetrator of genocide were reassigned Ethnic Drag is an accessible and sophisticated critical and entertaining book that examines the phenomenon of cultural masquerade in order to examine racial feeling thought and behavior in postwar German culture Contributing to considerations of drag in postcolonial feminist and queer scholarships this book will be of interest to people in German studies theater performance ethnic studies and women s queer studies Katrin Sieg is Associate Professor Department of German and Center for German and European Studies Georgetown University *Ministry of Illusion* Eric

American Fiction: Robert Coover and Kathy Acker Matthias Voller,1997-08-30 Inhaltsangabe Abstract Reading postmodern fiction once a term limited to denote a decidedly US American tendency in contemporary literature but now applicable to a whole range of works that have in recent years been published by an international group of writers one almost invariably gets the uneasy feeling of having read it all before Recognizing some passages the reader feels a strong sense of deja vu and keeps wondering whether the passages he or she does not recognize are just from those books he or she has not read Surely enough an increasingly large number of postmodern authors tend to conceive their books as a jumble of allusions to themes structures and scenes from earlier texts so called master or parent texts Others go even further in alluding to previously published texts They deliberately draw on one particular generally acknowledged and highly acclaimed master text or classical piece of world literature and read it parodically against the grain thus re writing and re working a renowned classic into a new work of art Still others overtly appropriate and even plagiarize titles paragraphs and whole passages from a variety of literary predecessors However allusions appropriations and plagiarisms are only on the surface of postmodern fiction beneath are other things which are formally more interesting parodistic intertextuality as a leitmotif central to a postmodern synthesis challenging traditional literary concepts such as author genre and literary period on the one hand and originality and inventiveness on the other hand fragmentation of literature and simultaneous presentation of literary and cinematic scenes and events from a variety of perspectives also referred to as synchronic approach of telling a story deconstruction and re presentation of texts and ultimately recognition of fiction as a world of its own as a linguistic artefact which does not stand for reality any longer Consequently postmodern fiction is not concerned with the process of writing as a one to one reproduction of reality Quite the contrary postmodern fiction abandons the mimetic principle of conventional narrative and severs its ties to space time cause and effect and reality and goes back to the original springs of narrative Going beyond the limits of the real world and exploring the realms of fantasy and dreams postmodern fiction

History of Europe series from the acclaimed scholar and author of To Hell and Back After the overwhelming horrors of the
first half of the twentieth century described by Ian Kershaw in his previous book as being to Hell and back the years from
1950 to 2017 brought peace and relative prosperity to most of Europe Enormous economic improvements transformed the
continent The catastrophic era of the world wars receded into an ever more distant past though its long shadow continued to
shape mentalities Yet Europe was now a divided continent living under the nuclear threat in a period intermittently fraught
with anxiety There were by most definitions striking successes the Soviet bloc melted away dictatorships vanished and
Germany was successfully reunited But accelerating globalization brought new fragilities The interlocking crises after 2008
were the clearest warnings to Europeans that there was no guarantee of peace and stability and even today the continent
threatens further fracturing In this remarkable book Ian Kershaw has created a grand panorama of the world we live in and
where it came from Drawing on examples from all across Europe The Global Age is an endlessly fascinating portrait of the
