Bulletin ... Grand Rapids Public Library (Grand Rapids, Mich.), 1925 **Library Notes** North Carolina College for Women. Library, 1922 **Civil War America** James A. Marten, 2003-04-04 A revealing compilation of essays documenting the effects of the Civil War and its aftermath on Americans young and old black and white northern and southern Civil War America Voices from the Homefront describes the myriad ways in which the Civil War affected both Northern and Southern civilians A unique collection of essays that include diary entries memoirs letters and magazine articles chronicle the personal experiences of soldiers and slaves parents and children nurses veterans and writers Exploring such wide ranging topics as sanitary fairs in the North illustrated weeklies children playing soldier and the care of postwar orphans most stories communicate some element of change such as the destruction of old racial relationships the challenge to Southern whites complacency and the expansion of government power Although some of the subjects are well known Edmund Ruffin Louisa May Alcott Henry Cabot Lodge Booker T Washington most of the witnesses presented in these essays are relatively unknown men women and children who help to broaden our understanding of the war and its effects far beyond the front lines

Quarterly Bulletin Berkshire Athenaeum and Museum, 1923 **Famine Irish and the American Racial State** Peter D. O'Neill, 2017-02-03 Accounts of Irish racialization in the United States have tended to stress Irish difference Famine Irish and the American Racial State takes a different stance This interdisciplinary transnational work uses an array of cultural artifacts including novels plays songs cartoons government reports laws sermons memoirs and how to manuals to make its case It challenges the claim that the Irish became white in the United States showing that the claim fails to take into full account the legal position of the Irish in the nineteenth century US state a state that deemed the Irish white upon arrival The Irish thus not only fitted into the US racial state they helped to form it Till now little heed has been paid to the state's role in the Americanization of the Irish or to the Irish role in the development of US state institutions Distinguishing American citizenship from American nationality this volume journeys to California to analyze the means by which the Irish gained acceptance in both categories at the expense of the Chinese Along the way it contests ideas that have taken hold within American studies One is the notion that the Roman Catholic Church operated outside of the power structure of the nineteenth century United States On the contrary Famine Irish and the American Racial State argues the Irish led corporate Catholic Church became deeply imbricated in US state structures Its final chapter discusses a radical transnational Irish tradition that offers a glimpse at a postnational future **The Rise of Theodore Roosevelt** Edmund Morris, 2010-11-23
