Recollections of Early Texas John Holland Jenkins, 1958 *Wild Women of the Old West* Glenda Riley, Richard W. Etulain, 2003 Presents the sensational lives and exploits of nine notorious women from the days of boisterous frontier saloons and high noon showdowns Eighteen Minutes Stephen L. Moore, 2004 The book follows General Sam Houston as he takes command of the Texas Volunteers to lead them to victory six weeks after the fall of the Alamo **Sam Houston** John Hoyt Williams, 1994-03-03 Against the tumultuous backdrop of early Texas history Williams sketches a vivid portrait of a truly American legend Map **Sam Houston** James L. Haley, 2015-04-10 From his rise and fall in Tennessee politics and through his many roles in Texas Haley paints a lively picture of Houston as a sometimes deeply troubled man While this is not a definitive biography it is a refreshing important look at a weighty yet often overlooked figure in American politics Library Journal Illustrations **The Business of Killing Indians** William S. Kiser, 2025-03-18 How colonial conquest was driven by state sponsored profit driven campaigns to murder and mutilate Indian peoples in North America From the mid 1600s through the late 1800s states sponsored scalp bounties and volunteer campaigns to murder and mutilate thousands of Indians throughout North America Since central governments in Amsterdam Paris London Mexico City and Washington DC failed to provide adequate military support and financial resources for colonial frontier defense administrators in regional capitals such as New York Qu bec City New Orleans Boston Ciudad Chihuahua Austin and Sacramento took matters into their own hands At different times and in almost every part of the continent they paid citizens for killing Indians taking Indians captive scalping or beheading Indians and undertaking other forms of performative violence As militant operatives and civilians alike struggled to prevail over Indigenous forces they considered barbaric and savage they engaged in not just plundering slaving and killing but also dismembering corpses for symbolic purposes and for profit Although these tactics mostly failed in their intent to exterminate populations state sponsorship of indiscriminate violence took a significant

demographic toll by flooding frontier zones with murderous units whose campaigns diminished Indigenous power reduced tribal populations and forced weakened survivors away from traditional homelands High wages for volunteer campaigning along with cash bounties for Indian body parts and the ability to take captives and keep valuable plunder promoted a state sponsored profit opportunity for civilians

The Men who Wear the Star Charles M. Robinson,2000 In 1935 Walter Prescott Webb first told about them in his classic *The Texas Rangers* but not until now do we have a modern retelling of this storied organization based on new material and written with the encouragement of the Texas Ranger Hall of Fame Most narratives of this colorful story even Webb s leave out several important eras in the history of the Rangers the Civil War years for instance simply don t exist and there is little acknowledgment of the Reconstruction period from 1866 to 1874 In addition though these previous chronicles concerned themselves primarily with the Rangers since their formal organization in 1835 the earlier years when the Ranging defense force was established by Stephen Austin are significant and exciting And while most stories about the Texas Rangers treat them uncritically and uniformly as heroes this was not always the case to say the least The Texas Ranger captured the imagination of the American public like no other individual Here is his colorful story told anew by the highly praised author of *A Good Year to Die* *New York Times Saturday Review of Books and Art* ,1973
