The Roots of Recolonization in Southern Africa

John S Saul

Based on his almost half century of immense political and intellectual contributions to African liberation struggles, John Saul once again shows that he is one of the few today who has the courage as well as the credentials to pose the sober question of 'what did "liberation" mean anyway'? What is more, John Saul also shows here that he is one of the few with the confidence as well as the capacity to answer the question by drawing inspirational and strategic socialist and revolutionary conclusions.
