## **Reconciliation And Justification The Sacrament And Its Theology:**

Reconciliation and Justification Kenan Osborne, 2001-11-28 Reconciliation and Justification offers a thorough historical and theological background on reconciliation and justification. It is an excellent textbook for theology, a good stimulus for discussion, and a significant contribution to all theological libraries. Since Vatican II, the sacrament of reconciliation has met with both successes and difficulties. Author Kenan B. Osborne O.F.M. contends that one of the main reasons for difficulty with the renewal of this sacrament is that it lacks the integration of justification theology. He outlines key issues on justification within the biblical theology of St. Paul and traces the historical, theological, and liturgical developments from the first century to the present. Thus, Fr. Osborne enriches our conception of reconciliation through these reflective, christological, and ecclesiological dimensions.

Atonement and Comparative Theology Catherine Cornille, 2021-09-07 The central Christian belief in salvation through the suffering, death, and resurrection of Jesus Christ remains one of the most intractable mysteries of Christian faith. Throughout history, it has given rise to various theories of atonement, many of which have been subject to critique as they no longer speak to contemporary notions of evil and sin or to current conceptions of justice. One of the important challenges for contemporary Christian theology thus involves exploring new ways of understanding the salvific meaning of the cross. In *Atonement and Comparative Theology*, Christian theologians with expertise in Judaism, Islam, Hinduism, Buddhism, Daoism, and African Religions reflect on how engagement with these traditions sheds new light on the Christian understanding of atonement by pointing to analogous structures of sin and salvation, drawing attention to the scandal of the cross as seen by the religious other, and reinterpreting aspects of the Christian understanding of atonement. Together, they illustrate the possibilities for comparative theology to deepen and enrich Christian theological reflection.

The Sacrament of Confession as a William Schmitt, 2001 Adrienne von Speyr, in her book *Confession* and throughout her writings, speaks of the confession of Jesus Christ. This is a startling use of the term because Christ never sinned. The author examines all the writings of von Speyr in the light of Roman Catholic soteriology and sacramental theology and, in view of the influences that existed between her and Hans Urs von Balthasar, the author then shows how the theme of confession is central to von Speyr's writing, aids in illuminating her theology of Holy Saturday and the Paschal Mystery, and serves as the basis for the renewal of the sacrament of confession.

**The Origins of Moral Theology in the United States** Charles E. Curran, 1997-02-01 Charles E. Curran presents the first in-depth analysis of the origins of Catholic moral theology in the United States, focusing on three significant figures in the late nineteenth century and demonstrating that methodological pluralism and theological diversity existed in the Church even then. Curran begins by tracing the historical development of moral theology, especially as presented in nineteenth-century manuals of moral theology, which offered a legal model of morality including a heavy emphasis on canon law. He then probes the different approaches and ideas of three important writers: Aloysius Sabetti, a Jesuit who was a typical as well as the most influential American manualist; Thomas J. Bouquillon;

first chair of moral theology at Catholic University of America a neoscholastic who criticized the manual approach as narrow and incomplete for failing to address principles virtues and the connection to systematic theology and clerical educator John B Hogan a casuist who developed a more inductive and historically conscious methodology Curran describes how all three men dealt in different ways with the increasing role of authoritative teachings in moral theology from the Vatican He also shows how they reflected their American context and the views of their own time on women and sexuality So little attention has been paid to the development of moral theology in this country that these authors are unknown to many scholars Curran's book corrects this oversight and proposes that the ferment revealed in their writings offers important lessons for contemporary Catholic moral theology

**The Sacraments and Consumer Culture** Timothy Brunk, 2020 What does consumerism have to do with the sacraments We live in cultures where our senses of meaning identity and purpose are often found in what we purchase Apart from the question of hedonism there is the question of how we orient ourselves in an environment in which we end up marketing our very selves In this book Timothy Brunk examines how this consumer culture has had a corrosive effect on the seven sacraments of the Catholic Church He also assesses how sacramental worship can provide resources for responsible Christian discipleship in today's consumer culture

Meyers, Leonel L. Mitchell, 2016-08-01 2015 marks the 30th anniversary of Lee Mitchell's great standard work on the 1979 Book of Common Prayer As his student protégé and colleague Ruth Meyers takes this classic work and updates it for the Church in its current era and for the future     *A History of Pastoral Care* G. R. Evans, 2000-05-01 A history of pastoral care is a history of the Christian church in action But if any sense is to be made of the centuries of Christian work and effort not only the practicalities of making the message of the Gospel a reality on earth but also the ideas which have shaped the attempt century by century must be examined This is the history of 2000 years of thought and practice in Christian pastoral ministry Until comparatively late in that story the bulk of the formative thinking took place in the Middle East and in Europe and this forms the background for recent developments in understanding human nature and the ways in which that understanding has influenced our thinking in pastoral care Subjects covered range from the Biblical foundations to the sects and new religious movements from the Fathers the monks the Friars the Templars to the changes at the end of the twentieth century     *It is the Spirit Who Gives Life* Radu Bordeianu, 2022-04-22 Who is the Holy Spirit What is the Holy Spirit The answers to these questions were so obvious in the first centuries of Christian history that the New Testament and the earliest Christian writers did not feel the need to deliberately address the identity of the Spirit The more stringent question was this what does the Spirit do in the Hebrew Scriptures in the life of Jesus in the community of disciples in the Church and in the world These same questions however did not have the same obvious answers to subsequent generations Writing in the fourth century Gregory of Nazianzus observed a slow progress of better understanding the identity and mission of the Holy Spirit throughout the centuries his opponents still referred to the Spirit as a strange unscriptural and interpolated God Or 31 One would expect that today centuries later pneumatology would be exponentially further developed than in the patristic era And yet contemporary theology only rarely asks who the Spirit is and what the Spirit does That is where the present volume attempts to bring a contribution by addressing early Pneumatologies reflected in the Scriptures and the age of the martyrs historical developments in patristic

literature and spiritual writings and contemporary pneumatological themes as they relate to ecumenism ecology science ecclesiology and missions The present volume gathers essays authored by eleven world renowned theologians Each contribution originated as a public lecture addressed to theologians and an educated general audience followed by a private colloquium in which the lecturers conferred with scholars who are experts in the field Thus the present volume offers a multifaceted approach to Pneumatology in an ecumenical spirit *Justified in the Spirit* Frank D. Macchia, 2010-07-26 Argues persuasively that Christian teaching about the Spirit pneumatology has much to offer to a correct understanding of justification We have here a book of singular consequence William G Rusch Yale Divinity School
