*RECONSTRUCTION IN GEORGIA* C. M. Thompson, 1964      *The Reconstruction of Georgia, Issue 13* Edwin Campbell Woolley, 2025-05-22

The Reconstruction of Georgia Issue 13 offers a detailed look into the complex political and social landscape of Georgia during the Reconstruction Era following the American Civil War. Written by Edwin Campbell Woolley, this historical account provides valuable insights into the challenges and transformations faced by the state as it grappled with reintegration into the Union. This work examines the efforts to rebuild Georgia's economy, establish new political structures, and address the rights and status of newly freed African Americans. It sheds light on the key figures, policies, and events that shaped Georgia's path during this pivotal period in American history. Students and researchers of American history, particularly those interested in the Reconstruction South, will find this issue an essential resource for understanding the complexities of this era. This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact and remains as true to the original work as possible. Reconstruction in Georgia, Vol. 64 C. Mildred Thompson, 2015-07-08

Excerpt from *Reconstruction in Georgia* Vol 64 Economic Social Political 1865 1872. The material for this monograph would never have been collected had it not been for the kind assistance of many friends in Georgia. In Atlanta, Miss Sallie Eugenia Brown and Mrs V P Sisson put at my disposal their interesting and valuable papers, and Mr Clark Howell of the Atlanta Comtz mxz mz helped materially in giving me access to newspaper files. Mrs Maud Barker Cobb, Miss Dailey, and Miss Thornton of the Georgia State Library have been untiring in their services. In Savannah, I am indebted to Mr William Harden of the Georgia Historical Society Library and especially to Mr Wymberly Jones derenne of Wormsloe for his generous hospitality in allowing me to use his unique and extensive collection of material pertaining to the history of Georgia. I am under obligations to Professor Robert Preston Brooks of the University of Georgia for helpful suggestions and to Professor Ulrich B Phillips of the University of Michigan who put at my disposal copies of valuable letters. To my colleague and friend Professor Eloise Ellery of Vassar College, I am indebted for help in the joyless task of proof reading. Without the constant encouragement and helpful criticism of my teacher, colleague, and friend Professor Lucy M Salmon of Vassar College, this labor would not have come to completion. About

Drago,1992 This widely hailed study examines the reasons behind the quick demise of Radical Reconstruction in Georgia Edmund L Drago shows that a primary factor was ironically the extraordinary fairness on the part of the state s black leaders in dealing with their former masters Lacking the sizable and experienced antebellum free black class that existed in such states as South Carolina and Louisiana Georgia s former slaves turned to their ministers for political leadership Otherworldly and fatalistic the ministers preached a message in which all people even slaveholders were deserving of God s mercy Translated into politics this message quickly and predictably brought disaster Shortly after the black delegation to the state constitutional convention of 1867 1868 refused to support a provision guaranteeing blacks the right to hold office blacks were expelled from the state legislature Only then did the minister politicians realize that they would have to become more militant and black oriented if they were to challenge white supremacy Propelled by this newfound toughness they were soon able to achieve a limited success by bringing about the Second Reconstruction of Georgia In the preface to this new edition Drago surveys recent writing on

Reconstruction and drawing upon his own research on black leadership in South Carolina compares experiences in that state to those in Georgia It is time he says to give greater consideration to the role black women played in shaping politics and to the emergence of a black conservative political tradition He also suggests that revisionists in reacting to the racism in traditional histories have sometimes glossed over issues of corruption and the black politician     The Reconstruction of Georgia Edwin Campbell Woolley,2016-03-17 Notice This Book is published by Historical Books Limited www publicdomain org uk as a Public Domain Book if you have any inquiries requests or need any help you can just send an email to publications publicdomain org uk This book is found as a public domain and free book based on various online catalogs if you think there are any problems regard copyright issues please contact us immediately via DMCA publicdomain org uk
