Obasanjo, Nigeria and the World John Iliffe,2011 Olusegun Obasanjo has been the most important and controversial figure in Nigeria's first 50 years of independence and the most powerful African of his time John Iliffe examines Olusegun Obasanjo's complex personality and the extreme controversy he arouses among Nigerians and illustrates the immense demands made on a leader of a state like Nigeria **The Second Colonial Occupation** Bekeh Utietiang Ukelina,2017-07-28 In this insightful book development historian Bekeh Utietiang Ukelina addresses the crisis of development in Africa by locating it in its colonial historical past Using Nigeria as a case study he argues that the nature and practice of British colonialism in this colony created social and economic deficiencies that have left a legacy of underdevelopment Ukelina outlines the processes that led to the 1945 Nigerian Development Plan and the evolution of colonial agricultural policy and practices in Nigeria He argues that a few key factors led to the failure of development in the late colonial period the imperial and neocolonial imperative to exploit African resources and people poor planning as a result of this imperative and the racial ideologies of the colonial state that resulted in a total rejection of local African experience and knowledge in favor of Western experts **The Second Colonial Occupation** uncovers and analyzes the short and long term impact of colonialism It reveals that though colonial rule was promoted as a benevolent mission at heart it was a system that guaranteed that Africans continuously paid for their own exploitation Ukelina argues that postcolonial Africa will continue to face development challenges unless it breaks free from the intellectual relics of colonial rule and the economic shackles of neocolonialism **Theory and Reality in Development** Sanjaya Lall,Frances Stewart,1986-02-24 This collection of papers by some of the world's leading development economists is remarkable for its wide scope It covers such varied topics as stagflation in the third world the extension of free trade to include international investment the early 1980s in Latin America the economic growth of Africa and communal land tenure systems and their role in rural development As well as representing important contributions in themselves the papers acquire unity from a similarity in approach always giving priority to reality if it comes into conflict with theoretical bias **Industrialization in Nigeria** Ludwig Schätzl,1973 Economic research monograph on industrialization in Nigeria with particular reference to the location of industry in the manufacturing sector examines the spatial structure of the manufacturing sector and covers industrialization policy industrial concentration employment and labour mobility of industrial workers etc Bibliography pp 251 to 262 maps references and statistical tables State and Society in Nigeria Williams, Gavin,2019-04-15 The first edition of *State and Society in Nigeria* published in 1980 was and remains a dominant influence in teaching research policy and practice of state society relations in Nigeria for more than a generation The volume of essays has remained one of the most cited in the field testimony to its enduring content and perspective as well as the beauty accessibility and clarity of its language This new

edition revisits extends and reconsiders aspects of the first edition in light of developments in the literature since 1980 and offers new insights and interpretations on issues of political economy politics and sociology such as the country's Civil War 1967 1970 the political economy of oil debt and democratization and the complexities and ethnic identities and rivalries and religious accommodation and conflict and of the multiple ways in which they intersect with one another **Asia-Africa Development Divergence** David Henley, 2015-02-12 Why have South East Asian countries like Malaysia Indonesia and Vietnam been so successful in reducing levels of absolute poverty while in African countries like Kenya Nigeria and Tanzania despite recent economic growth most people are still almost as poor as they were half a century ago This book presents a simple radical explanation for the great divergence in development performance between Asia and Africa the absence in most parts of Africa and the presence in Asia of serious developmental intent on the part of national political leaders

FEDERALISM IN NIGERIA J. Isawa Elaigwu, 2017-02-28 Nigerians embraced federalism as a way of managing the conflicts and suspicions among the various constituent nationalities that make up the Nigerian state These fears and suspicions had led to the emergence of aggressive political and economic competitions along ethno regional lines Beginning from 1954 the unitary colonial state saw itself being gradually federalized as it had to contend with powerful ethno regional pressures in the run up to independence in 1960 Following the military coup of 1966 which ushered in a prolonged period of military rule the various military regimes created a very centralized federal system while they ruled By 1999 however Nigerians had become disenchanted with the way the federal system was operated in the country with echoes of the strident calls for a national conference to re assess the system and the way it was operated reverberating throughout the entire length and breadth of the country **Practical Approach to Bank Lending** ROSELINE OLUWATOYIN OLUITAN, 2011-07-29 The book discusses

about the methods and approaches used by banks in granting credits to their customers The material covers the various types of lending and the processes involved in detail It goes beyond the normal classroom rhetoric as it adopts a practical approach similar to having a hands on experience in lending It is an ideal material for students of finance who need to understand the core rudiments for financial activities and to succeed in professional examinations It is also useful for bank
