Reconstructive Urethral Surgery:

Reconstructive Urethral Surgery F. Schreiter, G.H. Jordan, 2006-01-16 This textbook seeks to determine the current state of the art of reconstructive urethral surgery and to identify new trends in this subspecialty of reconstructive urology To this end internationally known experts and opinion leaders in the field were invited to Hamburg Germany to discuss and demonstrate today's commonly used surgical techniques Dialogues that took place during this convention held in the spring of 2001 at the General Hospital in Hamburg Harburg are presented in book chapter format in this volume The text is rounded out by live recordings of the most important of the surgical procedures DVD included with this compendium Our desire was to publish in close collaboration with Springer a surgical textbook that presents the most important basic and modern techniques in urethral surgery These techniques are underscored with simple and instructive drawings and live surgery video clips We consciously chose not to make the text an all inclusive surgical text Thus the techniques included reflect a deliberate subjective selection on the part of the editors We focused on the renaissance of graft techniques Much of the material is concentrated on buccal mucosal and preputial grafts Two stage surgical techniques particularly for complex cases or patients who have undergone multiple previous operations are also included This book is written for all urologists

Urethral Reconstructive Surgery Steven B. Brandes, 2008-10-10 Urethral injury may be of secondary importance when the patient comes into the emergency room but devastating urological complications such as sexual dysfunction incontinence and stricture may drastically impair quality of life in the long term This book provides a comprehensive review of adult urethral reconstructive surgery It evaluates complex urethral problems and includes practical aspects of wound healing and applicable plastic surgical techniques *Advanced Male Urethral and Genital Reconstructive Surgery* Steven B.
