Makris, 2015-08-18. Don't let an autoimmune disorder leave you torn apart; learn to mend from the inside out. The occurrence of autoimmune illnesses has spiked dramatically over the last forty years. MS, rheumatoid arthritis, and fibromyalgia are plaguing people worldwide. The suffering is vast, and the dependency on medication and the amount of physician care involved are overwhelming the health care system. Most disturbing is that people do not necessarily heal from diseases like lupus or chronic fatigue syndrome; they merely manage their disability. Katina I. Makris, a veteran natural health care practitioner and former sufferer of CFS, fibromyalgia, and Lyme, carefully explains the mechanisms at play with autoimmune illness. The body is not compartmentalized into illness symptomology but is integrated, and whole; the mind, body, spirit are entwined as one searching for balance or homeostasis, she writes. With clear insight into our seven energy chakra centers and the correlation to our bodily systems and specific emotional interplay, *Autoimmune Illness and Lyme Disease Recovery Guide* is a manual and workbook educating readers on the role of Integrative Medicine and dietary and lifestyle management for optimizing recovery potentials, as well as how to ignite the mind-body healing pathway. Makris shows us how to attune to the innate healing gifts we all bear. Instead of being fragmented and dependent on outside sources such as drugs and doctors, the tools Makris offers teach us how to mend ourselves because when we are whole, we are well. *The Unfolding Covid-19: My Thoughts, Memoirs and Patient's Stories* Ramsis F. Ghaly MD, 2021-06-08. There is so much happening as we, the people of the world, continue to evolve through COVID-19, with it undoubtedly being one of the most catastrophic events of modern times. This book is a continuation of my previous book titled *Coronavirus: The Pandemic of the Century and the Wrath of God*. It recalls actual stories and memories thus far as mankind continues to evolve from the gloominess of COVID-19. This book represents my thoughts, views, and various life events that I wish to share with you all. As a neurosurgeon and an

anesthesiologist working the front lines within three major medical centers of the greater metropolitan area of Chicago I have without hesitancy never closed my doors to my patients My faith in our Lord Jesus and my abounding love to my patients residents and students has kept me going and strengthened my soul During COVID and as the world coming out of COVID it was a good time to flash back in marvelous works of our Lord my patients stories and my achievements performances lessons learned This book is centered in deep Christian rituals and meditations consisting of 115 chapters distributed over 12 sections touching on various topics that have passed through my mind during the evolution of COVID 19 These topics range from what I deem critical COVID all the way to vaccines political COVID and concomitant events as well as my personal memoirs patient care and the living stories of my patients There is so much to share with you from April 2020 until the time of publication so let us open the book and explore my time during COVID 19      **Love Is a Story** Robert J. Sternberg,1999-06-03 In this groundbreaking work Robert Sternberg opens the book of love and shows you how to discover your own story and how to read your relationships in a whole new light What draws us so strongly to some people and repels us from others What makes some relationships work so smoothly and others burst into flames Sternberg gives us new answers to these questions by showing that the kind of relationship we create depends on the kind of love stories we carry inside us Drawing on extensive research and fascinating examples of real couples Sternberg identifies 26 types of love story including the fantasy story the business story the collector story the horror story and many others each with its distinctive advantages and pitfalls and many of which are clashingly incompatible These are the largely unconscious preconceptions that guide our romantic choices and it is only by becoming aware of the kind of story we have about love that we gain the freedom to create more fulfilling and lasting relationships As long as we remain oblivious to the role our stories play we are likely to repeat the same mistakes again and again But the enlivening good news this book brings us is that though our stories drive us we can revise them and learn to choose partners whose stories are more compatible with our own Quizzes in each chapter help you to see which stories you identify with most strongly and which apply to your partner Are you a traveler a gardener a teacher or something else entirely Love is a Story shows you how to find out      **The Authentic Literature of Israel: From the Exile to the recovery of Israel's independence** Elizabeth Czarnomska,1928
