Separatism in North-East India Dr. Kunal Ghosh,2008-01-01 It is a constant refrain from various political leaders that religion and politics should not be mixed together Notwithstanding this sloganeering what we find in real life is often quite opposite The author Kunal Ghosh connotes on two North East regions Tripura and the BAC Bodo Autonomous Council area in Assam where a mixture of religion and politics has produced an explosive situation If religion can be tied up with language and linguistics it would acquire a direct hold on nationality This book is intended for those readers particularly from North East India who are actively engaged to the motherland Readers will be compelled to think after reading this book **My First Impression of China** Wendy Liu,2014-09-03 Praise for My First Impression of China Today the sense of distance between China and the U S has greatly diminished We remain different societies with at least partially different values and expectations with each countrys citizens feeling pride in their national accomplishments and each government looks on the other with what appears to be growing concern and perhaps fear But these accounts by Washingtonians highlight that that is not all there is to the relationship between the United States and China And perhaps these recollections tell us that

governmental concerns are the least important aspect of the ties between our two countries David Bachman Professor University of Washington The year 2014 marks the thirty fifth anniversary of the normalization of the diplomatic relations between the United States and China Author Wendy Liu chose to honor that relationship by compiling thirty five essays that detail some Americans first impressions of their trip to China My First Impression of China presents reflections from a group of prominent Washingtonians including those who established the Washington Sichuan friendship state relationship and the Seattle Chongqing sister city relationship Their first trips to China took place from 1973 to 2008 covering the time the two countries cautiously opened liaison offices in each others capitals to the time of the Beijing Olympics My First Impression of China provides insight into the changes in American attitudes toward China as well as changes in Chinas political cultural and technological landscape
