**Michael Herkes**

A red candle with a white wick, positioned vertically on the right side of the slide. The candle is lit, with a bright yellow flame at the top. The body of the candle is a vibrant red, and the wick is a thin white line extending from the flame down to the top of the candle body.

## Red Candle:

**The Red Candle** Temple Bailey, 1921      The Candles. Esoteric Powers Alina A. Rubi and Angeline A. Rubi, 2023-04-18

Candles as instruments of illumination with esoteric and ritual sense have returned in recent years to reclaim the leading role they once had. Lighting a candle is a ritual where traditions that speak of spell and spells are combined from the tenderness of an evening by candlelight through a simple bath under the relaxing effect of the special light of a few candles. The flames of candles radiate mystical powers and for centuries sorcerers, seers and fortune tellers have used them as space creating instruments appropriate for their spells or to make predictions.
