*Heritage Numismatic Auctions, Columbus, OH CSNS Signature Auction Catalog #404* Ivy Press, 2006-03      **A Unified Theory of Polarity Sensitivity** Ahmad Alqassas, 2021 Polarity sensitivity is a ubiquitous phenomenon involving expressions such as anybody nobody ever never somebody and their counterparts in other languages These expressions belong to different classes such as negative and positive polarity negative concord and negative indefinites In this book Ahmad Alqassas proposes a unified approach to the study of this phenomenon that relies on examining the interaction between the various types of polarity sensitivity with a particular focus on Arabic Alqassas shows that treating this interaction is fundamental for scrutinizing their licensing conditions Alqassas draws on data from Standard Arabic and the major regional dialects represented by Jordanian Egyptian Moroccan and Qatari Through the micro comparative approach Alqassas explains the distributional contrasts with a minimal set of universal syntactic operations such as Merge Move and Agree He also considers a fine grained inventory of negative formal features for polarity items and their licensors These simple features paint a complex landscape of polarity and lead to important conclusions about syntactic computation By engaging with the rich but under studied landscape of Arabic polarity sensitivity this book provides a new perspective on the syntax semantic interface and develops a unified syntactic analysis for polarity sensitivity These contributions have important implications for the study of Arabic and for syntactic theory more generally      **The Christmas Stocking** Susan Warner, 1854      *Indefinite Pronouns* Martin Haspelmath, 2000 Presents an encyclopaedic investigation of indefinite pronouns in the languages of the world This book shows that the range of variation in the functional and formal properties of indefinite pronouns is subject to a set of universal implicational constraints and proposes explanations for these universals      **Dictionary of Americanisms** John Russell Bartlett, 1859      **The Christmas stocking (Helen Montgomery's bookcase) by the authors of 'The wide, wide world'**. Signature Catalog, Vol. I #394** Ivy Press, 2005-12      *That Mad Ache* Françoise Sagan, 2009-05-12 That Mad Ache set in high society Paris in the mid 1960 s recounts the emotional battle unleashed in the heart of Lucile a sensitive but rootless young woman who finds herself caught between her carefree tranquil love for 50 year old Charles a gentle reflective and well off businessman and her sudden wild passion for 30 year old Antoine a hot blooded impulsive and struggling editor As Lucile explores these two versions of love she vacillates in confusion but in the end she must choose and her heart s instinct is surprising and poignant Originally published under the title *La Chamade* this new translation by Douglas Hofstadter returns a forgotten classic to English In Translator Trader Douglas Hofstadter reflects on his personal act of devotion in rewriting Françoise Sagan s novel *La Chamade* in English and on the paradoxes that constantly plague any literary translator on all scales ranging from the humblest of commas to entire chapters Flatly rejecting the common wisdom that translators are inevitably traitors Hofstadter proposes instead that translators are traders and that translation like musical performance

deserves high respect as a creative act In his view literary translation is the art of making subtle trades in which one sometimes loses and sometimes gains often both losing and gaining at the same time This view implies that there is no reason a translation cannot be as good as the original work and that the result inevitably bears the stamp of the translator much as a musical performance inevitably bears the stamp of its artists Both a companion to the beloved Sagan novel and a singular meditation on translation Translator Trader is a witty and intimate exploration of words ideas communication creation and faithfulness
