commissions a great book a celebration of his life and his empire to be illuminated by the best artists of the day in the European manner At a time of violent fundamentalism however this is a dangerous proposition Even the illustrious circle of artists are not allowed to know for whom they are working But when one of the miniaturists is murdered their Master has to seek outside help Did the dead painter fall victim to professional rivalry romantic jealousy or religious terror With the Sultan demanding an answer within three days perhaps the clue lies somewhere in the half finished pictures Orhan Pamuk is one of the world s leading contemporary novelists and in *My Name is Red* he fashioned an unforgettable tale of suspense and an artful meditation on love and deception

Exotic Commodities Frank Dikötter, 2007-03-27 *Exotic Commodities* is the first book to chart the consumption and spread of foreign goods in China from the mid nineteenth century to the advent of communism in 1949 Richly illustrated and revealing this volume recounts how exotic commodities were acquired and adapted in a country commonly believed to have remained hostile toward alien things during the industrial era China was not immune to global trends that prized the modern goods of civilized nations Foreign imports were enthusiastically embraced by both the upper and lower classes and rapidly woven into the fabric of everyday life often in inventive ways Scarves skirts blouses and corsets were combined with traditional garments to create strikingly original fashions Industrially produced rice sugar wheat and canned food revolutionized local cuisine and mass produced mirrors were hung on doorframes to ward off malignant spirits Frank Dikötter argues that ordinary people were the least inhibited in acquiring these products and therefore the most instrumental in changing the material culture of China Landscape paintings door leaves and calligraphy scrolls were happily mixed with kitschy oil paintings and modern advertisements Old and new interacted in ways that might have seemed incongruous to outsiders but were perfectly harmonious to local people This pragmatic attitude would eventually lead to China s own mass production and export of cheap modern goods which today can be found all over the world The nature of this history raises the question which Dikötter pursues in his conclusion If the key to surviving in a fast changing world is the ability to innovate could China be more in tune with modernity than Europe

Pickowicz,2013-02-28 Leading scholar Paul G Pickowicz traces the dynamic history of Chinese filmmaking and discusses its course of development from the early days to the present Moving decade by decade he explores such key themes as the ever shifting definitions of modern marriage in 1920s silent features East West cultural conflict in the movies of the 1930s the strong appeal of the powerful melodramatic mode of the 1930s and 1940s the polarizing political controversies surrounding Chinese filmmaking under the Japanese occupation of Shanghai in the 1940s and the critical role of cinema during the bloody civil war of the late 1940s Pickowicz then considers the challenging Mao years including chapters on legendary screen personalities who tried but failed to adjust to the new socialist order in the 1950s celebrities who made the sort of artistic

and political accommodations that would keep them in the spotlight in the post revolutionary era and insider film professionals of the early 1960s who actively resisted the most extreme forms of Maoist cultural production The book concludes with explorations of the highly cathartic films of the early post Mao era edgy postsocialist movies that appeared on the eve of the Tiananmen demonstrations of 1989 the relevance of the Eastern European velvet prison cultural production model and the rise of underground and independent filmmaking beginning in the 1990s Throughout its long history of film production China has been embroiled in a seemingly unending series of wars revolutions and jarring social transformations Despite daunting censorship obstacles Chinese filmmakers have found ingenious ways of taking political stands and weighing in for better or worse on the most explosive social cultural and economic issues of the day Exploring the often gut wrenching controversies generated by their work Pickowicz offers a unique and perceptive window on Chinese culture and society

in the literature of the Russian Empire is a key literary form that enacts deep historical and cultural tensions arising from Russia's idiosyncratic imperial experience Her book brings together theories of empire and colonialism with close readings of canonical and less studied literary texts as she explores how Gothic horror arises from the threatening ambiguity of Russia's own past and present producing the effect Sobol terms the imperial uncanny Focusing on two spaces of the imperial uncanny the Baltic north Finland and the Ukrainian south Haunted Empire reconstructs a powerful discursive tradition that reveals the mechanisms of the Russian imperial imagination that are still at work today Open Access edition funded by the National Endowment for the Humanities *Murō Saisei* 1985 Business Secrets from the Stars David Dvorkin, 2004-06-01
