Hit and Run Casey Moreton, 2006-06-20 Steven Adler had the world at his feet A junior at Harvard he had far surpassed the hopes and dreams of his working class Oklahoma family But all of that ends one foggy night while driving to Boston from New York when his best friend Nick Calevetti the golden child of one of America s richest families commits a gruesome crime and maliciously points the finger at

Steven Allan Adler knows his son and he knows he's innocent. Bereft of the money that could get Steven effective legal counsel, he embarks upon a desperate mission to save his son from a murder conviction, an odyssey that will thrust him into the highest echelons of Washington politics. His weapon of choice: blackmail. Twenty years ago, Allan had been the chauffeur for a Pentagon official named Getty Fairfield and had been privy to Fairfield's affair with a sexy Russian spy. Now, as Fairfield becomes the president's choice for chief justice of the Supreme Court, Allan is determined to leverage his knowledge of the past to save his son's future. But other forces are at work: specifically, two giant software corporations whose monopoly trial has come before the Supreme Court. And as they bribe, steal, murder, and manipulate their way into influencing the chief justice vacancy, Allan finds himself caught in a crossfire that could cost him much more than he'd bargained for.

Inyo National Forest (N.F.), Motorized Travel Management, 2009 The Camp of God's Tears Marilyn Lee, John R. Mayfield, 2011-10

A highly evolved civilization almost unknown to history thrived in North America for centuries long before the coming of Europeans. The Camp of God's Tears is a tragic tale about this civilization as it ended. This story is grounded in fact according to archeological, genetic, and linguistic data as reflected in the Afterward, which presents supportive information and a bibliography of nearly 400 sources. This saga is told as a narrative by Gray Wolf, who begins his story during his late adolescence and follows through six generations until he becomes a great grandfather. The Camp of God's Tears reveals the high level of sophistication of this culture, which was far more advanced than many cultures of the same time period, circa 300 AD. More importantly, it articulates the depth of their spirituality and moral codes by which these people lived. While the mysterious ending of a great culture is heart-rendering, the story ends on a note of hope for contemporary times. The story came to me in a dream. It was told to me by Falling Star. She answered a myriad of questions I asked. She showed me the locations of where the events in the story took place. She showed me her People, who wore exotic clothes made of finely woven textiles decorated with pearls, copper, and other artistic ornaments. She showed me strongly built homes, their villages, and their expansive farms. I saw their social organization was powerful yet simple: a few shaman, elders, and no real leaders. She intrigued me with their immense earthworks, which demonstrate accurate astronomical alignments to the Sun, Moon, stars, and galaxies. The organization of labor, engineering skills, mathematical and astronomical knowledge required to build these phenomenal earthworks amazes modern researchers. I asked Falling Star why she showed me all of this. She said her People wanted their story told and asked me if I would tell it. Of course, I said yes, and then I asked her why. She said her People were so deeply spiritual, so in tune and in touch with the Creator that they actively lived the principles of Oneness. Their ways demonstrated what being one and at one with the One looked like in real life. She said the people of my time need to know these principles and to learn to live them because humankind is struggling to regain balance in a troubled world.
