Before he became a household name in America as perhaps our greatest hard boiled crime writer before his attachment to Lillian Hellman and blacklisting during the McCarthy era and his subsequent downward spiral Dashiell Hammett led a life of action Born in 1894 into a poor Maryland family Hammett left school at fourteen and held several jobs before joining the Pinkerton National Detective Agency as an operative in 1915 and with time off in 1918 to serve at the end of World War I he remained with the agency until 1922 participating alike in the banal and dramatic action of an operative The tuberculosis he contracted during the war forced him to leave the Pinkertons but it may well have prompted one of America's most acclaimed writing careers While Hammett's life on center stage has been well documented the question of how he got there has not That largely overlooked phase is the subject of Nathan Ward's enthralling *The Lost Detective* Hammett's childhood his life in San Francisco and especially his experience as a detective deeply informed his writing and his characters from the nameless Continental Op hero of his stories and early novels to Sam Spade and Nick Charles The success of his many stories in the pulp magazine *Black Mask* following his departure from the Pinkertons led him to novels he would write five between 1929 and 1934 two of them *The Maltese Falcon* and *The Thin Man* now American classics Though he inspired generations of writers from Chandler to Connelly and all in between after *The Thin Man* he never finished another book a painful silence for his devoted readers and his popular image has long been shaped by the remembrance of Hellman who knew him after his literary reputation had been made Based on original research across the country *The Lost Detective* is the first book to illuminate Hammett's transformation from real detective to great American detective writer throwing brilliant new light on one of America's most celebrated and remembered novelists and his world *Anatomy of Murder* Carl Darryl Malmgren, 2001 Mystery fiction takes place in a centered world one whose most distinctive characteristic is motivation of behavior and signs Built on a faith in foundations it insists upon the solidity of social life the validity of social conventions and the sanctity of signs Mystery assures us that motives exist for both words and deeds **Gunfighter Nation** Richard Slotkin, 1998 Examines the ways in which the frontier myth influences American culture and politics drawing on fiction western films and political writing **Hard-boiled Masculinities** Christopher Breu, 2005 The persona of the American male in the period between the two world wars was characterized by physical strength emotional detachment aggressive behavior and an amoral worldview This ideal of a hard boiled masculinity can be seen in the pages and even more vividly on the covers of magazines such as *Black Mask* which shifted from Victorian influenced depictions of men in top hats and mustaches in the early 1920s to the portrayal of much more overtly violent and muscular men Looking closely at this transformation Christopher Breu offers a complex account of how and why hard boiled masculinity emerged during an unsettled time of increased urbanization and tenuous peace and traces the changes in its cultural conception as it moved back and forth across the divide between high and low culture as well as the color line that bifurcated American society Examining the work of Ernest Hemingway Dashiell Hammett Chester Himes and William Faulkner as well as many lesser

known writers for the hypermasculine pulp magazines of the 1920s and 1930s Breu illustrates how the tough male was a product of cultural fantasy one that shored up gender and racial stereotypes as a way of lashing out at the destabilizing effects of capitalism and social transformation Christopher Breu is assistant professor of English at Illinois State University

Reading Early Hammett LeRoy Lad Panek,2004-09-22 Dashiell Hammett like most successful writers honed his skills in the trenches Long before The Maltese Falcon and The Thin Man made him a household name Hammett developed his technique writing satirical magazine pieces then moved on to churn out tales of sex crime and adventure for pulp magazines Characters like Sam Spade and Nick and Nora Charles made him famous but Hammett perfected his style and created the first hard boiled detective fiction writing stories and novels about an anonymous middle aged detective known as the Continental Op This detailed examination of the early works of Dashiell Hammett takes a new look at one of the 20th century s most influential crime writers and his creation of the hard boiled detective story Each chapter covers an element of Hammett s early writing career his magazine fiction the Continental Op s development as a character the Continental Op novels and the last Continental Op stories A concluding chapter provides afterthoughts on Hammett s career style and place in the history of detective fiction A chronology of works cited a bibliography and an index supplement the text **The**
