Red Hunting In The Promised Land Anti Communism And The Making Of America:

Red Hunting in the Promised Land Joel Kovel, 1997 Kovel traces the evolution of anticommunism from the time of the Bolshevik Revolution to the collapse of Communism drawing connections between anticommunism as an internal control mechanism and anticommunism as the instrument of foreign policy Anti-Communism in Twentieth-Century America Larry Ceplair, 2011-10-05 This compelling critical analysis of anti communism illustrates the variety of anti Communist styles and agendas thereby making a persuasive case that the threat of domestic communism in Cold War America was vastly overblown In the United States today communism is an ideology or political movement that barely registers in the consciousness of our nation Yet merely half a century ago communist was a buzzword that every citizen in our nation was aware of a term that connoted traitor and almost certainly a characterization that most Americans were afraid of Anti Communism in Twentieth Century America A Critical History provides a panoramic perspective of the types of anti communists in the United States between 1919 and the collapse of the Soviet Union It explains the causes and exceptional nature of anti communism in the United States and divides it into eight discrete categories This title then thoroughly examines the words and deeds of the various anti Communists in each of these categories during the three Red Scares in the past century The work concludes with an unapologetic assessment of domestic anti communism This book allows readers to more fully comprehend what the anti communists meant with their rhetoric and grasp their impact on the United States during the 20th century and beyond for example how anti communism has reappeared as anti terrorism **Hollywood and Anticommunism** John J. Gladchuk, 2013-10-11 This work concentrates on tracing the evolution of the so called red menace phenomenon as a means of demonstrating the correlation between growing American paranoia and the success of the anticommunist campaign 1935 1955 The House Committee on Un American Activities 1947 investigation of Hollywood the nation s most visible industry served a critical role in conjuring up anti red hysteria and fanning the flames of virulent anticommunism Using conveniently unjust tactics the Committee painted targeted Hollywood personalities red and established the infamous blacklist certified proof in the minds of many that subversives were indeed conspiring from within A failed attempt on behalf of the Hollywood Ten to demonstrate the Committee s undemocratic nature allowed HUAC to forge ahead with its investigation and establish the anticommunist foundation upon which Joseph McCarthy would construct his campaign Hollywood and Anticommunism stands as an important contribution to McCarthy era literature and should appeal to all interested in the early Cold War and the impact that unwarranted hysteria has had and continues to have on the growth and development of the nation *British and American Anti-communism Before the Cold War* Markku Ruotsila, 2023-05-09 This work examines in a comparative historical way the socialist liberal and conservative strands of Anglo American anticommunist thought before the Cold War In so doing this book provides us with an intellectual pre history of Cold War attitudes and policy positions Transnational Anti-Communism and the Cold War Stéphanie Roulin, Giles

Scott-Smith,2014-04-22 How was anti communism organised in the West This book covers the agents aims and arguments of various transnational anti communist activists during the Cold War Existing narratives often place the United States and especially the CIA at the centre of anti communist activity The book instead opens up new fields of research transnationally

Baby Boom Rusty Monhollon,2010-02-09 This engaging collection of essays explores the many ways Americans of every race class gender and political leaning experienced the Baby Boom This revealing new work goes inside the Baby Boom generation to look at how everyday people within the boomer demographic changed and were changed by the course of American history *Baby Boom People and Perspectives* does not focus on one single historic moment but rather follows different groups within the Baby Boom generation as they move through history From the generation gap of the 1950s to the civil rights movement from Vietnam and the counterculture of the 1960s to Watergate and the Reagan era and from the Clinton years to September 11th and the recent resurgence of conservatism this insightful social history shows how Baby Boomers across the breadth of American society experienced and impacted the same historic events differently

Anti-Americanism Paul Hollander, In its domestic manifestations anti Americanism may be equated with alienation or an embittered radical social criticism Abroad it may take the form of nationalism anti capitalism and protest against modernity This volume examines the phenomenon within American society and aboard especially among intellectuals **Empire of Direct Mail** Takahito Moriyama,2022-08-26 The rapid growth of the conservative movement has long fascinated historians many of whom have focused on the grassroots efforts in the Sunbelt *Empire of Direct Mail* examines how conservative operatives got their message out to their supporters through computerized direct mail a significant but understudied communications technology The story centers on Richard Viguerie a pioneer of political direct mail who was known as the Funding Father of the conservative movement His consulting firm established a database of conservative prospects and mailed millions of unsolicited letters By the 1970s Viguerie emerged as the central fundraiser in conservative politics financing right wing organizations and politicians such as George Wallace Jesse Helms and Ronald Reagan Moriyama shows that the rise of right wing direct mail communication in the postwar years coincided with a new strategy the use of this new technology to stoke negative emotions such as fury and fear among the letter recipients In the period of broadcasting conservative fundraisers established the new approach of targeting individual voters and promoting negative emotions to win elections Before Rush Limbaugh s talk show Fox News Twitter and Cambridge Analytica conservatives used direct mail to spread messages of anxiety and anger to raise funds and mobilize the grassroots Through extensive archival research of fundraising activities in the conservative movement and key elections from 1950 to 1980 *Empire of Direct Mail* offers a political history of the role played by communications technology in the development of modern US conservatism

Learning from the Left Julia L. Mickenberg,2006 Publisher Description *Not Without Honor* Richard Gid Powers,1998-01-01 The American anticommunist movement has been viewed as a product of right wing hysteria that deeply

scarred our society and institutions This book restores the struggle against communism to its historic place in American life Richard Gid Powers shows that McCarthyism red baiting and black listing were only one aspect of this struggle and that the movement was in fact composed of a wide range of Americans Jews Protestants blacks Catholics Socialists union leaders businessmen and conservatives whose ideas and political initiatives were rooted not in ignorance and fear but in real knowledge and experience of the Communist system Not Without Power is superbly written and richly detailed Perceptive and thoughtful it is an impressively thorough and valuable book David J Garrow One of the contributions of Powers s provocative narrative history is to bring to life certain segments of anti Communist opinion that have largely been forgotten Sean Wilentz New York Times Book Review Powers makes extensive use of primary sources and uncovers much that is new He vividly recreates the complex relationships within and between several ethnic and radical communities within the United States including their firsthand and often disillusioning experience with communism The depth and range of his work add a great deal to knowledge Journal of American History A valuable well executed study and summation of a vast topic one whose various threads the author has woven into a rich tapestry Richard M Fried Reviews in American History

Rethinking American Music Tara Browner, Thomas Riis, 2019-03-16 In Rethinking American Music Tara Browner and Thomas L Riis curate essays that offer an eclectic survey of current music scholarship Ranging from Tin Pan Alley to Thelonious Monk to hip hop the contributors go beyond repertory and biography to explore four critical yet overlooked areas the impact of performance patronage s role in creating music and finding a place to play it personal identity and the ways cultural and ethnographic circumstances determine the music that emerges from the creative process Many of the articles also look at how a piece of music becomes initially popular and then exerts a lasting influence in the larger global culture The result is an insightful state of the field examination that doubles as an engaging short course on our complex multifaceted musical heritage Contributors Karen Ahlquist Amy C Beal Mark Clagu Esther R Crookshank Todd Decker Jennifer DeLapp Birkett Joshua S Duchan Mark Katz Jeffrey Magee Sterling E Murray Guthrie P Ramsey Jr David Warren Steel Jeffrey Taylor and Mark Tucker

Anticommunism in French Society and Politics, 1945-1953 Aaron Clift, 2023-06-20 Anticommunism in French Society and Politics 1945 1953 evaluates the prevalence of anticommunism among the French population in 1945 to 1953 and examines its causes character and consequences through a series of case studies on different segments of French society These include the scouting movement family organisations agricultural associations middle class groups and trade unions and other working class organisations Aaron Clift contends that anticommunism was more widespread and deeply rooted than previously believed and had a substantial impact on national politics and on these social groups and organisations Furthermore he argues that the study of anticommunism allows us a deeper understanding of the values they regarded as the most important to defend Although anticommunism was a diverse phenomenon this work identifies common discourses including portrayals of communism as a threat to the nation the colonial empire the traditional family private

property religion the rural world and Western civilisation It also highlights common aims such as the rehabilitation of wartime collaborators and tactics such as the invocation of apoliticism While acknowledging the importance of the Cold War it rejects the assumption that anticommunism was an American import or foreign to French society and demonstrates links between anticommunism and anti Americanism It concludes that anticommunism drew its strength from the connection or even conflation of communism with perceived negative social changes that were seen to threaten traditional French civilisation interacting with the postwar international and domestic environment and the personal experiences of individual anticommunists

Rewriting Hisstory Jeff Kisseloff, 2025-04-15 When Alger Hiss was accused by Whittaker Chambers in 1948 of being a secret Communist spy in the 1930s the subsequent perjury trials were some of the most sensational and politically significant trials of the century Although Hiss was convicted he maintained his innocence until his death and historians have taken sides ever since In this groundbreaking and revelatory book Jeff Kisseloff brings new perspective evidence and accusations to this historical controversy *Rewriting Hisstory* is a firsthand account of how over fifty years beginning when he worked for Hiss as a college student in the mid 1970s Kisseloff was eventually able to determine the truth about Alger Hiss With the skills of a veteran reporter and the analytical mind of a scholar he brings to light a wealth of original material including 150 000 pages of mostly unredacted previously unreleased FBI files which he sued the FBI to obtain and other documents from government and library collections around the country Kisseloff also acquired a key piece of evidence Woodstock 230099 the machine that the government claimed was used to type the copies of State Department documents placed in evidence against Hiss Taken together Kisseloff has pieced together the truth showing that Hiss was neither a Communist nor a spy and that the government knew it But if Hiss didn't produce the documents that were placed in evidence against him who did After careful research and by applying a process of elimination used in classic crime novels who had the means motive and opportunity to do the job Kisseloff points his finger at the only people who fit all three qualifications An act of vindication for one of the most divisive figures in the twentieth century *Rewriting Hisstory* is a thrilling political page turner about an accused spy that is itself a work of scholarly espionage built on decades of painstaking research This is an iconoclastic work that should rewrite history books

Histories of State Surveillance in Europe and Beyond Kees Boersma, Rosamunde van Brakel, Chiara Fonio, Pieter Wagenaar, 2014-05-09 Does the development of new technology cause an increase in the level of surveillance used by central government Is the growth in surveillance merely a reaction to terrorism or a solution to crime control Are there more structural roots for the increase in surveillance This book attempts to find some answers to these questions by examining how governments have increased their use of surveillance technology Focusing on a range of countries in Europe and beyond this book demonstrates how government penetration into private citizens lives was developing years before the war on terrorism It also aims to answer the question of whether central government actually has penetrated ever deeper into the lives of private citizens in various countries inside and outside of

Europe and whether citizens are protected against it or have fought back The main focus of the volume is on how surveillance has shaped the relationship between the citizen and the State The contributors and editors of the volume look into the question of how central government came to intrude on citizens private lives from two perspectives identification card systems and surveillance in post authoritarian societies Their aim is to present the heterogeneity of the European historical surveillance past in the hope that this might shed light on current trends Essential reading for criminologists sociologists and political scientists alike this book provides some much needed historical context on a highly topical issue

Inventing the Egghead Aaron Lecklider,2013-04-09 Throughout the twentieth century popular songs magazine articles plays posters and novels alternated between representing intelligence as empowering and as threatening In *Inventing the Egghead* Aaron Lecklider cracks open this paradox by examining representations of intelligence to reveal brainpower s stalwart appeal and influence *Treasonable Doubt* R. Bruce Craig,2004 Armed with a wealth of new information Craig examines the controversial 1948 allegations that Communist spies had penetrated the American government and explores the ambiguities that have haunted it for more than half a century

Hollywood's Blacklists Reynold Humphries,2008-09-10 Are you now or have you ever been a member of the Communist Party That question was to be repeated endlessly during the anti Communist investigations carried out by the House Committee on un American Activities HUAC in the early 1950s The refusal of ten members of the film industry to answer the question in 1947 led to the decision by studio bosses to fire them and never to hire known Communists in the future The Hearings led to scores of actors writers and directors being named as Communists or sympathisers All were blacklisted and fired *Hollywood's Blacklists* is a history of the political and cultural factors relevant to understanding the why and the how of the various investigations of the alleged Communist infiltration of Hollywood What was HUAC What propaganda role did films play during World War II and the Cold War What values were at stake in the confrontation between Left and Right that saw the former so resoundingly defeated and expelled from Hollywood Answers to these and other questions are offered via analyses of the motives of the various players and of the tactics deployed by HUAC to reward collaboration and punish dissent **Anticommunism and the**

African American Freedom Movement R. Lieberman,C. Lang,2009-04-27 This collection of essays looks at the impact of anticommunism on black political culture during the early years of the Cold War with an eye toward local and individual stories that offer insight into larger national and international issues *Rethinking the Red Scare* Todd J.

Pfannestiel,2004-06-01 Using New York as a lens this book examines the Red Scare that gripped America between 1919 1923 and the pattern it established for future episodes of political repression It also presents the first in depth study of the Soviet Bureau the unofficial Bolshevik embassy that attempted to establish commercial ties with American businessmen as well as the development of the Rand School as one of the nation s first working class oriented schools *Capital Is Dead* McKenzie

Wark,2019-10-08 In this radical and visionary new book McKenzie Wark argues that the all pervasive presence of data in our

networked society has given rise to a new mode of production one not ruled over by capitalists and their factories but by those who own and control the flow of information Yet if this is not capitalism anymore could it be something worse What if the world we re living in is more dystopian than the techno utopias of the Silicon Valley imagination And if this is the case how do we find a way out Capital Is Dead offers not only the theoretical tools to analyse this new world of information but the ones to change it too Drawing on the writings of the Situationists and a range of contemporary theorists Wark offers a vast panorama of the contemporary condition and the classes that control it
