Red Meat:

Red Meat Republic Joshua Specht, 2019-05-07 How beef conquered America and gave rise to the modern industrial food complex By the late nineteenth century Americans rich and poor had come to expect high quality fresh beef with almost every meal Beef production in the United States had gone from small scale localized operations to a highly centralized industry spanning the country with cattle bred on ranches in the rural West slaughtered in Chicago and consumed in the nation's rapidly growing cities Red Meat Republic tells the remarkable story of the violent conflict over who would reap the benefits of this new industry and who would bear its heavy costs Joshua Specht puts people at the heart of his story the big cattle ranchers who helped to drive the nation's westward expansion the meatpackers who created a radically new kind of industrialized slaughterhouse and the stockyard workers who were subjected to the shocking and unsanitary conditions described by Upton Sinclair in his novel The Jungle Specht brings to life a turbulent era marked by Indian wars Chicago labor unrest and food riots in the streets of New York He shows how the enduring success of the cattle beef complex centralized low cost and meatpacker dominated was a consequence of the meatpackers ability to make their interests overlap with those of a hungry public while the interests of struggling ranchers desperate workers and bankrupt butchers took a backseat America and the American table would never be the same again A compelling and unfailingly enjoyable read Red Meat Republic reveals the complex history of exploitation and innovation behind the food we consume today **More Red Meat** Max Cannon, 1998-10-15 Max Cannon is at it again with his second book of cartoons from his wildly successful comic strip Red Meat and it's every bit as twisted and edgy as the first one Featured in sixty alternative weeklies and college newspapers representing a combined readership of more than six million Red Meat has a fervent and loyal fan base Max Cannon also has an official Red Meat web site which averages 30 000 page views per week It was honored with a Cyber Star award from Virtual City magazine **Red Meat Gold** Max Cannon, 2005-04-02 Featuring a disturbing yet hilarious cast of characters Red Meat Gold is the third demented collection from the popular syndicated alternative paper comic strip artist Red Meat Science and Production Joseph William Holloway, Jianping Wu, 2019-08-06 This book comprehensively describes the biological underpinnings of red meat production discussing the current state of the science in the context of the provision of red meat products perceived by consumers to offer a quality eating experience Covering advances in the science of red meat production it focuses on production system elements that affect product quality The chapters explore the latest developments in the determination of consumer preferences and interpret of these preferences in terms of quality characteristics of red meat investigating the science based orchestration of red meat production to achieve product consistency The book highlights topics such as consumer preferences the biological and production system elements affecting red meat safety and the intrinsic appearance aroma and sensory quality and extrinsic humane animal and environmentally friendly production characteristics of red meat For each characteristic it discusses the underlying biological and biochemical processes and
