The Red Riviera Kristen Ghodsee, 2005-11-02 A study of the changes in women's roles in postcommunist Bulgarian society and the workplace focusing on the tourism industry *The Red Riviera* Kristen Ghodsee, 2005-11-02 A study of the changes in women's roles in postcommunist Bulgarian society and the workplace focusing on the tourism industry Red Hangover Kristen Ghodsee, 2017-10-19 In *Red Hangover* Kristen Ghodsee examines the legacies of twentieth century communism twenty five years after the Berlin Wall fell Ghodsee's essays and short stories reflect on the lived experience of postsocialism and how many ordinary men and women across Eastern Europe suffered from the massive social and economic upheavals in their lives after 1989 Ghodsee shows how recent major crises from the Russian annexation of Crimea and the Syrian Civil War to the rise of Islamic State and the influx of migrants in Europe are linked to mistakes made after the collapse of the Eastern Bloc when fantasies about the triumph of free markets and liberal democracy blinded Western leaders to the human costs of regime change Just as the communist ideal has become permanently tainted by its association with the worst excesses of twentieth century Eastern European regimes today the democratic ideal is increasingly sullied by its links to the ravages of neoliberalism An accessible introduction to the history of European state socialism and postcommunism *Red Hangover* reveals how the events of 1989 continue to shape the world today **Civil Society and Gender Justice** Karen Hagemann, Sonya Michel, Gunilla Budde, 2008-10-01 Civil society and civic engagement have increasingly become topics of discussion at the national and international level The editors of this volume ask does the concept of civil society include gender equality and gender justice Or to frame the question differently is civil society a feminist concept Conversely does feminism need the concept of civil society This important volume offers both a revised gendered history of civil society and a program for making it more egalitarian in the future An interdisciplinary group of internationally known authors investigates the relationship between public and private in the discourses and practices of civil societies the significance of the family for the project of civil society the relation between civil society the state and different forms of citizenship and the complex connection between civil society gendered forms of protest and nongovernmental movements While often critical of historical instantiations of civil society all the authors nonetheless take seriously the potential inherent in civil society particularly as it comes to influence global politics They demand however an expansion of both the concept and project of civil society in order to make its political opportunities available to all *Gender, Politics and Society in Ukraine* Olena Hankivsky, Anastasiya Salnykova, 2013-04-02 *Gender Politics and Society in Ukraine* is the first collection to examine how political social and economic transitions in post Communist Ukraine are transforming gender roles and relations within the country Leading Western and Ukrainian scholars and practitioners address a wide range of effects associated with and reinforced by these transitions including the breakdown of the general welfare system the lack of progress in the development of the healthcare system gender inequality in political representation the patriarchal nature of nation building human trafficking domestic

violence changing conceptions of fatherhood and masculinity homelessness and LGBT issues from a variety of methodological and disciplinary perspectives *Gender Politics and Society in Ukraine* is particularly innovative in its exploration of both women's and men's experiences and the ways in which gender relations shift over time in societies undergoing transitions to democracy As such this volume furthers the understanding of the complex obstacles and challenges of working towards gender equality in evolving democracies and identifies future priorities for research politics and policy development *The Gender Regime of Anti-Liberal Hungary* Eva Fodor, 2021-11-30 This Open Access book explains a new type of political order that emerged in Hungary in 2010 a form of authoritarian capitalism with an anti liberal political and social agenda Eva Fodor analyzes an important part of this agenda that directly targets gender relations through a set of policies political practice and discourse what she calls carefare The book reveals how this is the anti liberal response to the crisis of care problem and establishes how a state carefare regime disciplines women into doing an increasing amount of paid and unpaid work without fair remuneration Fodor analyzes elements of this regime in depth and contrasts it to other social policy ideal types demonstrating how carefare is not only a set of policies targeting women but an integral element of anti liberal rule that can be seen emerging globally *The Tourism Encounter* Florence Babb, 2010-08-30 In recent decades several Latin American nations have experienced political transitions that have caused a decline in tourism In spite of or even because of that history these areas are again becoming popular destinations This work reveals that in post conflict nations tourism often takes up where social transformation leaves off and sometimes benefits from formerly off limits status Comparing cases in Cuba Mexico Nicaragua and Peru Babb shows how tourism is a major force in remaking transitional nations While tourism touts scenic beauty and colonial charm it also capitalizes on the desire for a brush with recent revolutionary history In the process selective histories are promoted and nations remade This work presents the diverse stories of those linked to the trade and reveals how interpretations of the past and desires for the future coincide and collide in the global marketplace of tourism

Balkan Blues Yuseon Jung, 2019-02-01 An exploration of how a state transitions from the collectivized production and distribution of socialism to the consumer focused culture of capitalism In *Balkan Blues* Yuseon Jung considers the state as an economic agent in upholding rights and responsibilities in the shift to a global market Taking Bulgaria as her focus Jung shows how impoverished Bulgarians developed a consumer oriented society and how the concept of need adapted in surprising ways to accommodate this new culture Different legal frameworks arose to ensure the rights of vulnerable or deceived consumers Consumer advocacy NGOs and government officers scrambled to navigate unfamiliar EU imposed models for consumer affairs departments All of these changes involved issues of responsibility accountability and civic engagement which brought Bulgarians new ways of viewing both their identities and their sense of agency Yet these opportunities also raised questions of inequality injustice and social stratification Jung's study provides a compelling argument for reconsidering of the role of the state in the construction of twenty first century consumer cultures A good contribution to post socialist and Balkan studies showing well that the concept of post socialism can still be useful not only in the context of Central and Eastern Europe but also in the Balkans The book is based on long term deep ethnography and is well written I recommend it to anyone who wants to try to understand social political and economic differences in Europe and everyday practices related to the imaginaries of the state Karolina Bielenin Lenczowska *Ethnologia Polona*

tourism is touted as a viable economic solution to EU inequality it can potentially exacerbate disparities between core and peripheral zones creating new and troubling forms of regional polarization **Slavery, Smallholding and Tourism**
