Russian Bolshevism And British Labor 1917 1921:

Russian Bolshevism and British Labor, 1917-1921 Morton H. Cowden, 1984 This is a study of Soviet and Comintern policies toward the British Labor Movement during the three and a half years immediately following the Bolshevik Revolution in Russia

The Bolsheviks and Britain during the Russian Revolution and Civil War, 1917-24 Evgeny Sergeev, 2022-06-16 This book analyses the principal aspects of the relations between Soviet Russia USSR and Britain in the crucial phase of their formation namely the period from 1917 to 1924 Using previously unavailable and largely unknown archival records and memoirs published by statesmen diplomats and military commanders directly involved in the events Evgeny Sergeev not only reconstructs the dynamics of the interaction between Moscow and London but also strips its key episodes of common myths and stereotypes The most debatable issues to which this study draws its primary attention include Britain's role in the Entente armed intervention against the Bolshevik regime as well as a series of reciprocal attempts to avoid political controversies and London's contribution to humanitarian aid and the economic recovery of post revolutionary Russia Special consideration is also given to the impact of British diplomacy on the recognition of the USSR by other great powers like France Italy and Japan in the mid 1920s

Bolshevism and the British Left: Labour legends and Russian gold Kevin Morgan, 2006 Morgan goes far beyond the question of Russian gold to dig beneath a host of myths and misconceptions He shows that Labour's parliamentary advance was itself inconceivable solely on the basis of the workers and trade union pennies with which it is usually identified In addition to the virtual market that developed in Labour's parliamentary nominations there was almost always a need to cultivate private benefactors not excluding Russian ones Thus as Morgan shows George Lansbury drew on a wide variety of financial sponsors to create the space both for his own political career and for Labour's daily newspaper the Daily Herald As for the communist party itself Russian subsidies often gave rise to fierce internal conflict and controversy it was certainly regarded as mixed blessing by many Kevin Morgan has uncovered some fascinating new material on this period of left history and through his insightful analysis a much more complex picture than hitherto emerges both of Labour communist relations and those between the CPGB and the Comintern

The Red International of Labour Unions (RILU) 1920 - 1937 Reiner Tosstorff, 2016-09-07 The Red International of Labour Unions RILU Russian abbreviation Profintern was a central instrument for the spreading of international communism during the inter war period This comprehensive and scholarly history of the organisation based on extensive research in the former communist archives in Moscow and East Berlin sheds significant light on the international trade union movement of the period Tosstorff shows how the RILU began as a revolutionary alliance of syndicalists and communists in defiance of the social democratic International Federation of Trade Unions His text presents a full account of the organisation's main stages the decline of the revolutionary wave after World War One after which many syndicalists left and others were integrated into the communist parties the continuation of the RILU as an international communist apparatus and its dissolution in 1936/7 as

part of communism's popular front policy First published in German as Profintern Die Rote Gewerkschaftsinternationale 1920 1937 by Ferdinand Sch nigh Paderborn in 2004 **British and American Anticommunism Before the Cold War** Markku Ruotsila, 2001 This work examines in a comparative historical way the socialist liberal and conservative strands of Anglo American anticommunist thought before the Cold War In so doing this book provides us with an intellectual pre history of Cold War attitudes and policy positions **Social-Imperialism in Britain** Neil Redfern, 2018-09-24 In Social Imperialism in Britain Neil Redfern examines the relationship between British labour and British capital in the two world wars of the twentieth century He argues that the Second World War the so called People's War no less than the First World War was an imperialist war He further argues that in both wars labour and capital entered into a social imperialist contract in which labour would be rewarded for its support for war with such social and political reforms as votes for women and a health service culminating in the welfare state constructed after the Second World War Concentrating on Lancashire he examines the complex interaction between military successes and reverses elite war aims labour unrest and popular demands for reform Behind the Front Lines of the Civil War Vladimir N. Brovkin, 2015-03-08 Countering the powerful myth that the civil war in Russia was largely between the Whites and the Reds Vladimir Brovkin views the struggle as a multifaceted social and political process Brovkin focuses not so much on armies and governments as on the interaction of state institutions political parties and social movements on both Red and White territories In the process he exposes the weaknesses of the various warring factions in a Russia plagued by strikes mutinies desertion and rebellions The Whites benefited from popular resistance to the Reds and the Reds from resistance to the Whites In Brovkin's view neither regime enjoyed popular support Pacification campaigns mass shooting deportations artillery shelling of villages and terror were the essence of the conflict and when the Whites were defeated the war against the Greens the peasant rebels went on Drawing on a remarkable array of previously untapped sources Brovkin convicts the early Bolsheviks of crimes similar to those later committed by Stalin What emerges behind the front lines is a picture of how diverse forces Cossacks Ukrainians Greens Mensheviks and SRs as well as Whites and Bolsheviks created the tragic victory of a party that had no majority support This book has important contemporary implications as the world again asks an old question Can Russian statehood prevail over local regional and national identities Originally published in 1994 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Reinterpreting Revolutionary Russia* I. Thatcher, 2006-08-04 This is a stimulating and highly original collection of essays from a team of internationally renowned experts The contributors reinterpret key issues and debates including political social cultural and international

aspects of the Russian revolution stretching from the late imperial period into the early Soviet state *Lenin* Ronald Clark, 2011-09-28 In this accomplished biography of Vladimir Lenin Ronald Clark fills in the gap left by political economic and social historians Lenin's personality Clark introduces readers to Lenin the man an enthusiastic mountaineer with a sardonic sense of humor an affectionate husband with a long rumored affair Clark examines and describes the personality of one of the most dedicated and single minded political leaders of the 20th century **The Decline of Empires in South Asia** Heather A. Campbell, 2022-04-21 The post First World War period was pivotal in global history international relations and geopolitics And no more than in South Asia where for decades the Great Game in geopolitical rivalry of the two greatest modern empires Britain and Russia had dominated international relations But with the advent of Communism in Russia and growing nationalism and pan Islamism in Afghanistan Persia and India Britain's imperial standing was under threat Faced with these problems some in the British government such as Lord Curzon the dominant imperialist in the British Foreign Office fell back on what they knew old patterns of rivalry and high handedness that characterised the Great Game Not all however agreed with Curzon and with war in Afghanistan civil unrest in India and rising tensions in Persia those who opposed this Great Game mindset advocated a new way forward for British foreign relations **The Rise of Bolshevism and its Impact on the Interwar International Order** Valentine Lomellini, 2020-02-07 This book examines the international impact of Bolshevism in the period between the two World Wars It explores both the significance of the Bolshevik threat in European countries and colonies as well as its spread through the circulation of ideas and people during this period Focusing on the interplay between international relations and domestic politics the volume analyses the rise of Bolshevism on the international stage incorporating insights from India and China The chapters show how the interwar international order was challenged by the ideology which infiltrated a range of political societies While it was incapable of overthrowing national systems Bolshevism constituted a credible threat which favoured the spread of fascist and nationalist trends Offering the first detailed account of the Bolshevik danger at an international level the book draws on multi national and multiarchival research to examine how the peril of Bolshevism paradoxically allowed a stabilization of the post World War I Versailles system **Red Flag and Union Jack** Paul Ward, 1998 It is generally assumed that the language of patriotism and national identity belongs to the political right but the emergence of socialism in the 1880s shows clearly that the left also drew on such ideas in its formative years to legitimate a particular form of socialism one presented as a restoration of an English past lost to industrial capitalism The First World War dealt a severe blow to this radical patriotism though the anti war left continued to use radical patriotic language in the early years the war degraded patriotism generally while the Russian Revolution gave internationalism a new focus and also threatened the dominant concept of British socialism Moderate Labour sought to prove their fitness to govern and concentrated on the national interest rather than oppositional Englishness while the left of the movement looked to Soviet Russia rather than the English past for models for a future socialist society

PAUL WARD is lecturer in Modern British History at Royal Holloway University of London and Visiting Lecturer at the University of Westminster

Bolsheviks and British Jews Dr Sharman Kadish, Sharman Kadish, 2013-08-21 First Published in 1992 Perhaps two thirds of present day British Jewry can trace their origin to lands which now form part of the Soviet Union and which 80 years ago belonged to the Empire of the Tsars Little research has been done to set the Jewish immigration into the context of Anglo Russian relations and to assess the political and diplomatic implications of the domestic Jewish factor It is hoped that the present book will go some way to filling that gap The work is offered as a contribution not only to Jewish history but also to the history of Anglo Soviet relations Its appearance is timely coinciding with radical changes taking place within Russia and the Soviet Union today which may well mark a turning point in their political history

Bulletin of Additions to the Libraries, Classified, Annotated and Indexed... Glasgow (Scotland). Public Libraries, 1925

Britain and the Bolshevik Revolution Stephen White, 1979-06-17

Russomania Rebecca Beasley, 2020 Russomania is the first comprehensive account of the breadth and depth of the modernist fascination with Russian and early Soviet culture It traces Russia's transformative effect on literary and intellectual life in Britain between 1881 and 1922 from the assassination of Alexander II to the formation of the Soviet Union Studying canonical writers alongside a host of less well known authors and translators it provides an archive rich study of institutions disciplines and networks Book jacket

Romancing the Revolution Ian Bullock, 2011 Over two decades have passed since the collapse of the USSR yet the words Soviet Union still carry significant weight in the collective memory of millions But how often do we consider the true meaning of the term Soviet Drawing extensively on left wing press archives Romancing the Revolution traces the reactions of the British Left to the idealized concept of Soviet democracy Focusing on the turbulent period after the 1917 Russian Revolution author Ian Bullock examines the impact of the myth of Soviet democracy the belief that Russia was embarking on a brave experiment in a form of popular government more genuine and advanced than even the best forms of parliamentarism Romancing the Revolution uncovers the imprint of this myth on left wing organizations and their publications

Canadian-American Slavic Studies, 1986 A quarterly journal devoted to Russia and East Europe

The Engineer Of Revolution Timothy Edward O'Connor, 1992-03-22 This is the first Western biography of L B Krasin a leader of the Bolshevik wing of the Russian Social Democratic Workers Party commissar of foreign trade in the Soviet government in the 1920s and one of the foremost Soviet diplomats of his era This meticulously documented book is based on extensive research in Soviet and Western archives and libraries as well as on Krasin's personal unpublished letters It reviews Krasin's revolutionary conduct including his technical organization of V I Lenin's expropriations robberies of Tsarist banks and post offices by secret Bolshevik fighting squads Krasin's revolutionary activities were quite remarkable considering his prominent position in Russian society By the 1905 Revolution he had become one of the leading engineers in the country and had acquired an international reputation for his expertise in chemical and electrical engineering This biography examines Krasin's significant

role in consolidating the Soviet government through the recruitment of technical specialists his pursuit of Western credits and loans for economic reconstruction and modernization and his work to establish diplomatic relations between the new government and Western European governments during the first part of the 1920s The book devotes considerable attention to the reasons for his staunch defense of the Soviet monopoly of foreign trade There is also careful treatment of Krasin s ideology of a technological utopia a socialist technocracy in Soviet Russia *The "Russian" Civil Wars, 1916-1926* Jonathan Smele, 2016-01-15 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR profoundly affecting the history of the twentieth century Indeed the reverberations of those decade long wars echo to the present day not despite but because of the collapse of the Soviet Union which re opened many old wounds from the Baltic to the Caucasus Contemporary memorialising and de memorialising of these wars therefore form part of the book s focus but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the tsars overlain with examinations of the attempts of many non Russian national and religious groups to divide the former empire The reasons why some of the latter were successful Poland and Finland for example while others Ukraine Georgia and the Muslim Basmachi were not are as much the author s concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks Tellingly the work begins and ends with battles in Central Asia a theatre of the Russian Civil Wars that was closer to Mumbai than it was to Moscow
