Russian Constitutional Experiment Government Of Duma 1907 1914

F. Zuckerman

Russian Constitutional Experiment Government Of Duma 1907 1914:

The Russian Constitutional Experiment Geoffrey A. Hosking, 1973-05-10 **The Russian Constitutional Experiment** Geoffrey Alan Hosking, *The Tsarist Secret Police in Russian Society, 1880-1917* F. Zuckerman, 1996-04-16 This is the first book to portray the history of the Russian secret police the so called Okhrana its personnel world view and interaction with both government and people during the reigns of Alexander III and Nicholas II The secret police harassed infiltrated and subverted Russian radical and progressive society as it struggled to preserve Tsardom s traditional political culture in the face of Russia s rapid socio economic transformation a transformation which the forces of order scarcely understood yet deeply despised **The Revolution of 1905** Abraham Ascher, 1988 The second of two volumes this is a comprehensive account of the Revolution of 1905 a decisive turning point in modern Russian history and its aftermath The book focuses on the years 1906 and 1907 and in particular on the struggle over the Duma the elected legislature that was the principal fruit of the events of 1905 **Jews and Muslims in the Russian Empire and the Soviet Union** Franziska Davies, Martin Schulze Wessel, Michael Brenner, 2015-11-18 The Russian Empire and the Soviet Union were multiethnic and multireligious empires which ruled over a large number of Jews and Muslims In many ways these two non Christian minorities presented similar challenges to the imperial order Which policies did the state pursue toward Jews and Muslims How did Jews and Muslims attempt to advance their interests in the political sphere Which role did they play in the imperial army What did the Jewish and Muslim Enlightenment movements have in common In which respects were the experiences of Jews and Muslims fundamentally different This book brings together specialists in Russian Jewish and Russian Muslim history and offers perspectives for a comparative approach to the history of Jews and Muslims in Russia Longman Companion to Imperial Russia, 1689-1917 David Longley, 2014-07-30 This is the first book of its kind to draw together information on the major events in Russian history from 1695 to 1917 covering the eventful period from the accession of Peter the Great to the fall of Nicholas II Not only is a vast amount of material on key events and topics brought together but the book also contains fascinating background material to convey the reality of life in the period **The French Revolution and the Russian Anti-Democratic Tradition** Dmitry A. Lopyrev, 1997-01-01 The political uncertainty following the collapse of the Soviet Union and the rejection of the revolutionary model has brought Russian political thought full circle as democratic forces contend with authoritarian nationalism This volume is essential to understanding the antidemocratic tradition in Russia and the persistent danger of totalitarianism **Late Imperial Russia, 1890-1917** John F. Hutchinson, 2014-10-14 This new interpretation of the final years of Imperial Russia provides a clear and concise introduction to a critical period in the history of modern Russia Professor Hutchinson outlines the key problems facing the Tsarist regime and the attitudes of its Liberal critics and revolutionary enemies In particular he considers how the monarchy was able to withstand the uprisings of 1904-06 but failed in 1917 This important new study provides an analysis of social as well as

political developments and concludes with a brief historiographical essay which draws together alternative interpretations of the final years of the Tsars *An Introduction to Russian History* Robert Auty, Dimitri Obolensky, 1976 *The Memoirs of Count Witte* Sergei Iu Witte, Sidney Harcave, 2016-09-16 A portrait of the twilight years of Isarism by Count Sergei Witte 1849 1915 the man who built modern Russia Witte presents incisive and often piquant portraits of the mighty and those around them powerful Alexander III the weak willed Nicholas II and the neurasthenic Empress Alexandra along with his own notorious cousin Madam blavatsky the priestess of the occult Origins of the First World War Gordon Martel, 2016-10-04 Origins of the First World War summarizes the policies issues and crises that brought Europe to war in 1914 Examining the strategic and political problems that confronted each of the great powers and the way in which social and economic factors influenced the decision making process Martel discusses the position of each power and their place in the system of alliances which dominated international politics The fourth edition has been revised and updated throughout to incorporate the body of new scholarship that has appeared since the hundredth anniversary of the outbreak of war In a clear and accessible manner it explains how and why the alliance system was created how alliances led to a network of complicated strategic commitments how an escalating series of international crises from the turn of the century fuelled preparations for war why the peculiarities of the Balkan situation are essential in understanding the outbreak of war in 1914 This book also includes an updated Guide to Further Reading Who s Who of important figures and Glossary of key terms and the selection of documents has been expanded to include the key treaties as well as evidence of popular militarism and nationalism Concise accessible and analytical it is essential introductory reading for all students interested in the origins of the First World War The End of Tsarist Russia Dominic Lieven, 2016-08-16 An Economist Best Book of the Year A Financial Times Best Book of the Year Winner of the the Pushkin House Russian Book Prize Finalist for the Lionel Gelber Prize An Amazon Best Book of the Month History One of the world s leading scholars offers a fresh interpretation of the linked origins of World War I and the Russian Revolution Lieven has a double gift first for harvesting details to convey the essence of an era and second for finding new startling and clarifying elements in familiar stories This is history with a heartbeat and it could not be more engrossing Foreign Affairs World War I and the Russian Revolution together shaped the twentieth century in profound ways In *The End of Tsarist Russia* acclaimed scholar Dominic Lieven connects for the first time the two events providing both a history of the First World War s origins from a Russian perspective and an international history of why the revolution happened Based on exhaustive work in seven Russian archives as well as many non Russian sources Dominic Lieven s work is about far more than just Russia By placing the crisis of empire at its core Lieven links World War I to the sweep of twentieth century global history He shows how contemporary hot issues such as the struggle for Ukraine were already crucial elements in the run up to 1914 By incorporating into his book new approaches and comparisons Lieven tells the story of war and revolution in a way that is truly original and thought provoking *The Russian Empire* Andreas Kappeler, 2014-08-27 The national question and

how to impose control over its diverse ethnic identities has long posed a problem for the Russian state This major survey of Russia as a multi ethnic empire spans the imperial years from the sixteenth century to 1917 with major consideration of the Soviet phase It asks how Russians incorporated new territories how they were resisted what the character of a multi ethnic empire was and how finally these issues related to nationalism The Outbreak of the First World War Jack S. Levy, John A. Vasquez, 2014-04-03 The First World War had profound consequences both for the evolution of the international system and for domestic political systems How and why did the war start Offering a unique interdisciplinary perspective this volume brings together a distinguished group of diplomatic historians and international relations scholars to debate the causes of the war Organized around several theoretically based questions it shows how power alliances historical rivalries militarism nationalism public opinion internal politics and powerful personalities shaped decision making in each of the major countries in the lead up to war The emphasis on the interplay of theory and history is a significant contribution to the dialogue between historians and political scientists and will contribute to a better understanding of the war in both disciplines *Children of Rus'* Faith Hillis, 2013-11-27 In *Children of Rus'* Faith Hillis recovers an all but forgotten chapter in the history of the tsarist empire and its southwestern borderlands The right bank or west side of the Dnieper River which today is located at the heart of the independent state of Ukraine was one of the Russian empire's last territorial acquisitions annexed only in the late eighteenth century Yet over the course of the long nineteenth century this newly acquired region nearly a thousand miles from Moscow and St Petersburg generated a powerful Russian nationalist movement Claiming to restore the ancient customs of the East Slavs the southwest's Russian nationalists sought to empower the ordinary Orthodox residents of the borderlands and to diminish the influence of their non Orthodox minorities Right bank Ukraine would seem unlikely terrain to nourish a Russian nationalist imagination It was among the empire's most diverse corners with few of its residents speaking Russian as their native language or identifying with the culture of the Great Russian interior Nevertheless as Hillis shows by the late nineteenth century Russian nationalists had established a strong foothold in the southwest's culture and educated society in the first decade of the twentieth they secured a leading role in local mass politics By 1910 with help from sympathetic officials in St Petersburg right bank activists expanded their sights beyond the borderlands hoping to spread their nationalizing agenda across the empire Exploring why and how the empire's southwestern borderlands produced its most organized and politically successful Russian nationalist movement Hillis puts forth a bold new interpretation of state society relations under tsarism as she reconstructs the role that a peripheral region played in attempting to define the essential characteristics of the Russian people and their state Soviet Politics Richard Sakwa, 2012-11-12 *Soviet Politics in Perspective* is a new edition of Richard Sakwa's successful textbook *Soviet Politics an introduction* Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical

perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev's attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post Soviet politics as well as the interested general reader *The Bolshevik Party in Revolution* Robert Service, 1979-06-17

The "Russian" Civil Wars, 1916-1926 Jonathan Smele, 2016-01-15 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR profoundly affecting the history of the twentieth century Indeed the reverberations of those decade long wars echo to the present day not despite but because of the collapse of the Soviet Union which re opened many old wounds from the Baltic to the Caucasus Contemporary memorialising and de memorialising of these wars therefore form part of the book's focus but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the tsars overlain with examinations of the attempts of many non Russian national and religious groups to divide the former empire The reasons why some of the latter were successful Poland and Finland for example while others Ukraine Georgia and the Muslim Basmachi were not are as much the author's concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks Tellingly the work begins and ends with battles in Central Asia a theatre of the Russian Civil Wars that was closer to Mumbai than it was to Moscow **Lenin's Electoral Strategy from Marx and Engels through the Revolution of 1905** August H. Nimtz, 2016-04-30 This book explores the time in which Lenin initiated his use of the electorate beginning with the Marxist roots of his politics from his leadership of Russian Social Democratic Labor Party in the First and Second State Dumas to Russia's first experiment in representative democracy from 1906 to 1907 **A Reluctant Parliament** Alexandra S. Korros, 2003-08 In *A Reluctant Parliament* noted historian Alexandra S Korros deftly explores the organization and operation of the Russian Empire's State Council in the wake of the 1905 revolution Korros dismisses the traditional interpretation that the State Council was a monolithic opponent to reform and focuses on the complex political maneuvering between those of its members anxious to make the legislative chambers work and those determined to turn Russia away from the path of constitutional monarchy Based on extensive research on primary sources many of which have not been previously examined *A Reluctant Parliament* is an important new addition to the field of Russian History

Right here, we have countless books **Russian Constitutional Experiment Government Of Duma 1907 1914** and collections to check out. We additionally manage to pay for variant types and along with type of the books to browse.
