Russian Embassies To The Georgian Kings 1589 1605:

Russian Embassies to the Georgian Kings (1589-1605). W. E. D. Allen, 1972 *Russian Embassies to the Georgian Kings* William Edward David Allen, 1972 **Russian Embassies to the Georgian Kings (1589-1605): The Embassy of Tatishchev and Ivanov (1604-5)** William Edward David Allen, 1970 [Russian Embassies to the Georgian Kings, 1589-1605](#) W.E.D. Allen, 2017-07-05 By the early 16th century the loosely knit kingdom of Georgia had disintegrated from the strong monarchy of the middle ages to a number of small states and principalities This internal disunity made the Georgians easy victims of the power politics of the neighbouring Ottoman and Safavid empires and by the end of the century the southward drive of the Russians intensified the struggle for military and diplomatic control over the whole of the Caucasian isthmus As a result of this struggle 17 embassies were exchanged between the Russian tsars and the Georgian kings ruling in Kakheti during the years 1564 1605 Mr Allen and Mr Mango who undertook the translation have selected the documents relating to the embassies of 1589 90 and 1604 05 Although the writers seem to be frequently preoccupied with questions of protocol their observations give a clear picture of both current Russian administrative and diplomatic practice and of the life and customs of the peoples of the Caucasus and Georgia The texts are further enlivened by dramas such as the murder of the Kakhian king Alexander II and the secret negotiations for the marriages of the son and daughter of the Tsar Boris Godunov The documents are of considerable geographical interest as they provide the earliest extant accounts of the crossing of the main chain of the Caucasus from north to south Mr Allen provides both a detailed background introduction and full commentary and notes on the texts Volume II also contains some valuable genealogical tables which clarify the complicated relationships between the Caucasian royal and princely families and their connection with the Russian Ottoman and Persian ruling families The main pagination is continuous with the previous volume Second series 138 This is a new print on demand hardback edition of the volume first published in 1970 [Russian Embassies to the Georgian Kings, 1589-1605](#), 2010

Euro-Atlantic Discourse in Georgia Frederik Coene, 2016-04-14 How have discourses of Euro Atlanticism been used in domestic and international affairs by the political elite in Georgia After the 2003 Rose Revolution as relations with Russia soured a Euro Atlantic orientation portrayed as a single and coherent strategy became the cornerstone of Georgian foreign policy as well as a model for domestic reforms This promise of a prosperous future offered new hope to the Georgian population Scepticism or critical thinking towards President Saakashvili and his government were equated to pro Russian

treason and pro western orientation and impressive reforms promoted as being modelled along European standards emerged simultaneously with an outspoken rhetoric and active symbolism References to Europe and the Euro Atlantic structures became ubiquitous as European flags were brandished throughout the country Addressing a gap in the existing literature the author examines a large volume of data extracted from news items from 20 different Georgian and International media channels over a ten year period Through this he identifies patterns in the discourse to explain the intentions of the Georgian elite and examines the effectiveness of the rhetoric Russian Embassies to the Georgian Kings (1589-1605). The Russian Empire and Grand Duchy of Muscovy Jacques Margeret,2010-11-23 Translated by Chester S L Dunning Jacques Margeret was a mercenary soldier who arrived in Russia in 1600 during the reign of Boris Godunov For six years he served Boris and his successor Tsar Dmitri Ivanovich first as co commander of foreign troops and later as captain of the elite palace guard Margeret offers a unique first hand account of the political intrigues of this turbulent time and ponders the question of the pretender s true identity Writing for the French public to whom Muscovy was virtually unknown Margeret also describes Russian geography climate flora and fauna customs the Russian Orthodox Church the military and daily life at court Dunning has translated the edition first printed in France in 1607 and provided notes identifying obscure references and evaluating the accuracy of Margeret s observations in light of accumulated historical research *The Russian Empire, Slaving and Liberation, 1480-1725* Christoph Witzenrath,2022-11-21 The monograph realigns political culture and countermeasures against slave raids which increased during the breakup of the Golden Horde By physical defense of the open steppe border and by embracing the New Israel symbolism in which the exodus from slavery in Egypt prefigures the exodus of Russian captives from Tatar captivity Muscovites found a defensive model to expand empire Recent scholarly debates on slaving are innovatively applied to Russian and imperial history challenging entrenched perceptions of Muscovy Russia Philip Longworth,2024-06-04 Through the centuries Russia has swung sharply between successful expansionism catastrophic collapse and spectacular recovery This illuminating history traces these dramatic cycles of boom and bust from

the late Neolithic age to Ivan the Terrible and from the height of Communism to the truncated Russia of today Philip Longworth explores the dynamics of Russia's past through time and space from the nameless adventurers who first penetrated this vast inhospitable terrain to a cast of dynamic characters that includes Ivan the Terrible Catherine the Great and Stalin His narrative takes in the magnificent historic cities of Kiev Moscow and St Petersburg it stretches to Alaska in the east to the Black Sea and the Ottoman Empire to the south to the Baltic in the west and to Archangel and the Arctic Ocean to the north Who are the Russians and what is the source of their imperialistic culture Why was Russia so driven to colonize and conquer From Kievan Rus the first ever Russian state which collapsed with the invasion of the Mongols in the thirteenth century to ruthless Muscovy the Russian Empire of the eighteenth century and finally the Soviet period this groundbreaking study analyses the growth and dissolution of each vast empire as it gives way to the next Refreshing in its insight and drawing on a vast range of scholarship this book also explicitly addresses the question of what the future holds for Russia and her neighbors and asks whether her sphere of influence is growing

The Making of the Georgian Nation, Second Edition Ronald Grigor Suny, 1994-10-22 the best study in English to date for an understanding of Georgian nationalism Religious Studies Review the standard account of Georgian history in English American Historical Review tour de force research fascinating reading American Political Science Review Like the other republics floating free after the demise of the Soviet empire the independent republic of Georgia is reinventing its past recovering what had been forgotten or distorted during the long years of Russian and Soviet rule Whether Georgia can successfully be transformed from a society rent by conflict into a pluralistic democratic nation will depend on Georgians rethinking their history This is the first comprehensive treatment of Georgian history from the ethnogenesis of the Georgians in the first millennium B C through the period of Russian and Soviet rule in the nineteenth and twentieth centuries to the emergence of an independent republic in 1991 the ethnic and civil warfare that has ensued and perspectives for Georgia's future

The Mission of the Portuguese Augustinians to Persia and Beyond (1602-1747) John Flannery, 2013-03-27 In The Mission of the Portuguese Augustinians to Persia and Beyond 1602-1747 John M Flannery describes the establishment and activities of the Portuguese Augustinian mission in Persia Hopes of converting the Safavid ruler of the Shi'a Muslim state would come to naught as would the attempts of Shah Abbas I to use the services of the missionaries as representatives of the Spanish Habsburgs to forge an anti Ottoman alliance with the papacy and the Christian rulers of Europe Prevented from converting Muslims the Augustinians turned their attention to Armenian and Syriac Christians in Isfahan later also establishing new missions among Christians in Georgia and the Mandaeans of the Basra region all of which are described herein The history of the Augustinian Order is generally under represented by contrast with other Orders and this study breaks new ground in existing scholarship

Empire and Belonging in the Eurasian Borderlands Krista A. Goff, Lewis H. Siegelbaum, 2019-04-15 Empire and Belonging in the Eurasian Borderlands engages with the evolving historiography around the concept of belonging in the Russian and

Ottoman empires The contributors to this book argue that the popular notion that empires do not care about belonging is simplistic and wrong Chapters address numerous and varied dimensions of belonging in multiethnic territories of the Ottoman Empire Imperial Russia and the Soviet Union from the mid nineteenth to the late twentieth centuries They illustrate both the mutability and the durability of imperial belonging in Eurasian borderlands Contributors to this volume pay attention to state authorities but also to the voices and experiences of teachers linguists humanitarian officials refugees deportees soldiers nomads and those left behind Through those voices the authors interrogate the mutual shaping of empire and nation noting the persistence and frequency of coercive measures that imposed belonging or denied it to specific populations deemed inconvenient or incapable of fitting in The collective conclusion that editors Krista A Goff and Lewis H Siegelbaum provide is that nations must take ownership of their behaviors irrespective of whether they emerged from disintegrating empires or enjoyed autonomy and power within them

The Rise of Modern Diplomacy 1450 - 1919 M.S. Anderson, 2014-07-15 Though international relations and the rise and fall of European states are widely studied little is available to students and non specialists on the origins development and operation of the diplomatic system through which these relations were conducted and regulated Similarly neglected are the larger ideas and aspirations of international diplomacy that gradually emerged from its immediate functions This impressive survey written by one of our most experienced international historians and covering the 500 years in which European diplomacy was largely a world to itself triumphantly fills that gap
