

Russian For Businessmen

Jakub M. Godzimirski

Russian For Businessmen:

Russian Entrepreneur Charles A. Ruud,1990-08-01 Only in the 1960s did the Soviet government begin to praise Sytin as an important figure in the publishing industry He is still virtually unknown in the West Ruud brings Sytin to the forefront of the enterprising capitalists of his time a group that significantly influenced the degree to which the modernization of methods and technology transformed Russia before the Revolution Russian Defense Business Directory ,1993 *The Russian Mafia* Federico Varese,2001-08-02 What is the Russian Mafia This unique book thoroughly researches this question and challenges widely held views The author charts the emergence of the Russian Mafia in the context of the transition to the market the privatization of protection and pervasive corruption The ability of the Russian State to define property rights and protect contracts is compared to the services offered by fragments of the state apparatus private security firms ethnic crime groups the Cossacks and the Mafia Past criminal traditions rituals and norms have been resuscitated by the Mafia of today to forge a powerful new identity and compete in a crowded market for protection The book draws on and reports of undercover police operations in depth interviews conducted over several years with the victims of the Mafia criminals and officials and documents from the Gulag archives It also provides a comparative study making references to other Mafia the Japanese Yakuza the Sicilian Cosa Nostra American Italian Mafia and the Hong Kong Triads Cronies or Capitalists? The Russian Bourgeoisie and the Bourgeois Revolution from 1850 to 1917 David Lockwood,2009-05-27 Why wasn't there a successful bourgeois revolution in Russia Was it because Russian capitalists were too servile in their relationship with the Tsarist autocracy Or was it because Russian states Tsarist republican and Soviet were just too strong This book is a political history of the Russian capitalist class from 1850 to 1917 that seeks to answer these questions The book covers the consistent opposition of the Russian bourgeoisie to the Tsarist autocracy up to and including the revolution of 1905 It then considers its alliance from 1909 with new state elements officials politicians army officers and technical experts who were convinced of the possibility of reform and renovation through a radically reorganised state cleansed of its autocratic detritus Such a reorganisation was expected as a result of the Great War While these ideas came to a temporary fruition in the February Revolution of 1917 they also laid the basis for a much more demanding Soviet state in October and the destruction of the bourgeoisie itself The book ends with a consideration of the wider implications for the concept of the bourgeois revolution implications that stretch well beyond Russia that are revealed by the rise and fall of the Russian bourgeoisie **The Political Economy of Russian Aluminium** Jakub M. Godzimirski,2017-07-18 This book addresses how the progress of the Russian aluminium industry which has developed into an important global actor has been influenced by the interaction of global market forces and the evolution of the Russian political system After the collapse of the Soviet Union Russian aluminium producers needed to adapt to changing framework conditions both with regards to the global aluminium market and in Russia Examining the most important changes in the organization of the global aluminium trade the reorganization

and consolidation of Russian aluminium industry and its oligarchization Godzimirski charts the evolution of the relationship between political and economic power in Russia and the impact that this development has had on survival and adaptation strategies of key aluminium players in the country

Russian Governance in the 21st Century Irina Isakova, 2004-06-01
A stimulating new analysis of the dramatic systemic changes of the Russian state principles of the governance and its foreign policy orientation It reviews the extent of changes in Russian approaches to geopolitics and the most appropriate geopolitical development patterns that influenced the transformation of Russian foreign policies and military strategic thinking on the eve of the 21st century

The New Russian Business Leaders Manfred F. R. Kets de Vries, Stanislav V. Shekshnia, Konstantin Korotov, Elizabeth Florent-Treacy, 2005-01-01
As a study of Russian business leadership the depth of research and cogency of argument in the book is well ahead of anything else seen to date and to that end it deserves to be highly regarded The Delta Intercultural Academy This book is obligatory reading for those planning to do business in Russia or wishing to understand how business is conducted The New Russian Business Leaders is written by a distinguished group of international management specialists including two Russians Using models and case studies of leading Russian companies and entrepreneurs the authors draw conclusions about Russia's evolving business climate the requirements for entrepreneurial success and the value of international business education for Russia's business leaders Paul Gregory Slavonic and East European Review This highly talented multinational team has produced a rich and meaningful contribution to the literature on Russian business These authors know the very essence of Russia from their extensive academic and practitioner experience They deliver fascinating original in depth case studies of the pioneering men and women business leaders of modern Russia's first capitalist decade They also interpret the cases in the context of Russia's history and culture and offer a comprehensive framework for how Russian business and leadership could evolve to build the country's economy The New Russian Business Leaders will surely serve for years to come as an authoritative source for academics and practitioners seeking to understand the underlying dynamics of Russian business and its leaders Sheila M Puffer Northeastern University Boston US In order to work effectively with Russian organizations it is essential for potential Western partners and shareholders to fully understand their leadership style organizational practices and business expectations Based on extensive interviews with the pioneers of Russian business and the authors own experiences this perceptive new book attempts to decipher the enigma of Russia's new generation of business leaders The authors present six in depth case studies focusing on companies of vastly differing sizes ranging from a newly privatized operation and the creation and organization of an oligarch's empire to several entrepreneurial start ups in different service industries The case studies document the changes and developments that have occurred in Russia since the privatization era of the 1990s highlighting the strengths and weaknesses of the emerging business leadership orientations Grounded in Russian culture and history the book takes a balanced view of the rapid development and transformation of the country's business leadership over the past ten years The

authors also offer perceptive conclusions and practical advice that will not only contribute to the success of Western businesses operating in Russia and other former communist countries in Eastern Europe but also help business people in Eastern Europe create high performance organizations As we move towards a globalized economy the need to recognise executive behaviour in Russia is becoming increasingly important This book will provide a great source of information for academics and researchers of entrepreneurship leadership studies and international business Although the focus is on Russian entrepreneurs the lessons in the book are equally as relevant for other cultures and leadership styles

Mastering Twentieth-Century Russian History Norman Lowe, 2020-08-29 Mastering Twentieth Century Russian History presents a vivid and informative account of the events which befell the Russian people during the course of the twentieth century Explores the major developments of the last century from the revolution of 1905 to the First and Second World Wars to the Cold War and the rise and fall of the USSR Examines key figures and their actions from Nicholas II Lenin Trotsky Stalin Khrushchev Brezhnev Gorbachev and Yeltsin to Putin Deals with events right up to 2000 enabling the Soviet experiment to be placed in context a decade after its collapse Incorporates the latest research from British American and Russian historians examining key controversies and debates Includes primary source material maps photographs posters and a full chronology of events This text is the ideal companion for anyone seeking a clear yet detailed introduction to the fascinating events of twentieth century Russian history

Putin's People Catherine Belton, 2020-06-23 A New York Times and Sunday Times bestseller A New York Times Book Review Editors Choice Named a best book of the year by The Economist Financial Times New Statesman The Telegraph Putin's People will surely now become the definitive account of the rise of Putin and Putinism Anne Applebaum The Atlantic This riveting immaculately researched book is arguably the best single volume written about Putin the people around him and perhaps even about contemporary Russia itself in the past three decades Peter Frankopan Financial Times Interference in American elections The sponsorship of extremist politics in Europe War in Ukraine In recent years Vladimir Putin's Russia has waged a concerted campaign to expand its influence and undermine Western institutions But how and why did all this come about and who has orchestrated it In Putin's People the investigative journalist and former Moscow correspondent Catherine Belton reveals the untold story of how Vladimir Putin and the small group of KGB men surrounding him rose to power and looted their country Delving deep into the workings of Putin's Kremlin Belton accesses key inside players to reveal how Putin replaced the freewheeling tycoons of the Yeltsin era with a new generation of loyal oligarchs who in turn subverted Russia's economy and legal system and extended the Kremlin's reach into the United States and Europe The result is a chilling and revelatory exposé of the KGB's revanche a story that begins in the murk of the Soviet collapse when networks of operatives were able to siphon billions of dollars out of state enterprises and move their spoils into the West Putin and his allies subsequently completed the agenda reasserting Russian power while taking control of the economy for themselves suppressing independent voices and launching covert influence operations abroad Ranging from

Moscow and London to Switzerland and Brooklyn s Brighton Beach and assembling a colorful cast of characters to match Putin s People is the definitive account of how hopes for the new Russia went astray with stark consequences for its inhabitants and increasingly the world *Corruption and the Russian Economy* Yulia Krylova,2018-04-17 Corruption and the Russian Economy examines why the number of entrepreneurs is declining so rapidly in contemporary Russia how many economic opportunities are being irrevocably lost each year because of administrative corruption and why entrepreneurship has become one of the most dangerous occupations in the country over the last decade Based on extensive research including in depth interviews with entrepreneurs and case studies it reveals a corrupt system of government agencies at both the regional and local levels and the increasing involvement of public officials in unlawful seizures of businesses One major conclusion is that the vast majority of informal payments by entrepreneurs to regulatory agencies are made not to achieve illegal advantages but rather to secure the property rights that they are entitled to under the law **Inside Russian**

Politics Edwin Bacon,2017-09-26 Inside Russian Politics is an intelligent critical and engaging account of the realities of contemporary Russian politics It is distinctive in widening our view of Russia beyond the standard account of global power plays and resurgent authoritarian menace Putin matters but he is not Russia Russian military adventurism has had a major effect on contemporary international affairs but assessing its aims and projecting future intentions and impacts requires analysis within a context deeper than the stock Cold War renewed story The holistic approach of this book facilitates our understanding of power politics in and beyond the Kremlin and of Russian policy on the international stage Revealing the Russia beyond Moscow and the central figures around Putin Edwin Bacon focuses on Russia s political present not to ignore the past but to move beyond clich and misleading historical analogy to reveal the contemporary and future concerns of Russia s current generation of politicians **From Soviet to Russian International Law** George Ginsburgs,1998-01-01

Russia s international law persona is still in its infancy and it will take a while for the cycle to run its full course However significant changes have already occurred in some areas thus offering an opportunity to analyze the trends here and track the process of emergence of successor doctrines and practices destined to replace the Soviet heritage The quartet of topics selected for treatment in this volume the relationship between international and domestic law citizenship and state succession the Sino Russian boundary problem and cooperation with China in policing crime illustrates major shifts in Russia s international law policy in a bid to shed the corset of Communist ideology and the old regime s modus operandi and join the international community s mainstream culture The test cases also attest to the difficulties encountered in the process of transition and show that progress on this front has by no means been uniform The sample includes both instances where the break with the past looks quite pronounced and where greater distancing from precedent might logically have been expected but for reasons that are then explored a sense of substantive continuity instead prevails albeit made more palatable by an application of linguistic cosmetics From Soviet to Russian International Law Studies in Continuity and Change marks the

occasion of the author's 65th birthday and the 40th anniversary of his publishing debut **Great Russian Fair** Anne L Fitzpatrick, 2016-02-24 **Russian and Post-Soviet Organized Crime** Mark Galeotti, 2017-09-08 A timely look at a widespread yet largely uninvestigated area of Russian life Chapters include consideration of the history and basis in culture for the organization of crime in Russia the actions of emigres to the USA and the development of modern sophistications of exchange and networking that currently blight privatization Diverse perspectives including comparative structural and ethnic frameworks give unprecedented national and international insights into a pervasive element of modern Russia **Russian Politics in Exile** F. Patrikeeff, 2002-08-06 This work explores Russian life in Northern Manchuria during the period of political economic and social upheaval leading to its eventual de facto control by Japan and disruption of the balance of power in the Northeast Asian Region Presenting a fresh interpretation of the combined impact of the 1929 Sino Soviet Conflict and the onset of the Great Depression the book examines the interplay of Soviet and emigr Russian interests in Manchuria and their role in generating the instability that led to Japanese intervention and Russian decline *Russian Liberalism* Paul Robinson, 2023-09-15 Russian Liberalism charts the development of liberal ideas and political organizations in Russia as well as the implementation of liberal reforms by the Russian and Soviet governments at various points in time Paul Robinson's comprehensive survey covers the entire period from the late eighteenth century to the present day Robinson demonstrates that liberalism has always lacked strong roots in the Russian population being largely espoused by a narrow group of intellectuals whose culture it has reflected and has tended toward a form of historical determinism that sees Russia as destined to become like the West Many see the current political struggle between Russia and the West as being in part a conflict between the liberal West and an illiberal Russia By explaining the historical causes of liberalism's failure in that country Russian Liberalism offers an understanding of a significant aspect of contemporary international affairs After Putin's February 2022 invasion of Ukraine understanding Russian political thought is a matter of considerable importance

Essays in Russian and Soviet History John Shelton Curtiss, 1965 **The Russian Economic Grip on Central and Eastern Europe** Ognian Shentov, 2018-10-08 This book is about the use of economic and state capture levers for achieving political clout It details how Moscow has been able to exploit governance deficits and influence decision making in the countries of Central and Eastern Europe through a range of economic means The comparative country by country perspective on Russia's corporate presence trade and investment in particular sectors of the region especially energy shows the patterns of the Kremlin's use of economic presence and state capture tactics to amplify political and social leverage By collating economic data with an analysis of governance loopholes and the political process the authors reveal the Kremlin's methods for swaying national policies especially through the exploitation of governance failures in these countries The book thereby highlights how Russia's economic power is related to its wider strategic goals It concludes that Russia's economic grip both direct and indirect is tighter than official statistics imply *Essays in Russian and Soviet History in Honor of*

Geroid Tanquary Robinson Curtiss, 2023-04-17

Creating the Post-Soviet Russian Market Economy Daniel

Satinsky, 2023-07-26 This book captures the essence of the period when Russians and Americans collaborated in creating new structures of government and new businesses in completely uncharted conditions. It presents the experiences of key American participants in late Soviet and post-Soviet Russia during a time when Americans thought anything was possible in Russia. Using an analytic framework of foreground ideas (Western liberal and neo liberal) and background forces (Russian cultural influences, nationalism, and lingering Soviet ideology), it examines the ideas and intentions of the people involved. First person interviews with consultants, businesspeople, and citizen diplomats help capture the essence of this turbulent reform period through the eyes of those who experienced it and present the importance of this experience as a piece of the puzzle in understanding contemporary Russia. It will be an invaluable resource for students of international relations, Russian Studies majors, researchers, and members of the general public who are trying to understand the evolution of the current antagonism between the United States and Russia.

The book delves into Russian For Businessmen. Russian For Businessmen is a vital topic that needs to be grasped by everyone, from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Russian For Businessmen, encompassing both the fundamentals and more intricate discussions.
